LEBANON VALLEY COLLEGE

Volume VII.

Annville, Pa., Tuesday, January 11, 1916

No. 14

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Artist Recital Given By Miss Cecile Ayres

Hearers Swayed Under Influence of Wonderful Interpretation

Miss Cecile Ayres, noted pianist, was enthusiastically received by her audience in Engle Hall on Monday evening January 10th, 1916. The audience listened with marked interest to the skillfully arranged program which she had prepared. Her first selection won instantaneous favor. Her hearers seemed to be swayed by the power of her personal charm and the grace and beauty with which she rendered each number. Her playing was most enjoyable, for she made the instrument fairly sing. Her pleasing interpretations displayed brilliant technic and excellent musicianship. The following program was given.

Uncle Jerimiah's Ghost

Written by a member of 1919

The silence was intense; five pairs of eyes bulged with horror as "Shorty" spoke—we might suggest here, that the five pair of eyes belonged to five "equally inquisitive," romance-seeking girls. There was "Peg," from New Hampshire, "Kit" from the coast, "Laura" and "Polly" (who fought continually) from Maine, and lastly "Shorty"—dear, good old Shorty who dragged her lazy self all the way from Vermont—to scare her chums into continual fits and frenzies.

These instigations of force and energy had found their way from all parts of the country to the little institution at the foot of the Coldridge Mountains.

On this particular night it was raining, the wind whistled shrilly around the corners of the old grey house and far in the distance an owl hooted again and again.

It was for this reason that five sensitive, shaking young girls found it equally impossible to study—and, flinging their books and pencils aside, came on one accord to Shorty's room.

Shorty, well she was prepared. Evidently she expected them ever since the first awful clap of thunder, so she simply nodded silently, and choking down a chocolate arose, pointed to the hearth and turned off

Defeated In First Game of College Basket Ball

Our Team Falls Victim to Swathmore's Big and Skilled Quintette

The Varsity played its first game of college basketball on Friday night when it played Swathmore College. Altho the score was 46—26 against Lebanon Valley, the game was very fast and our boys were in it from start to finish. This is not a bad record when we consider that Swathmore has practically the same team that won the championship of Central and Eastern Pennsylvania last

Muhlenburg's Five Succumbs to White and Blue

L. V. Wins in Closely Contested Game, Pulls up at Close of Second Half

The Varsity basketball five after losing to Swathmore on Friday night on the latter's floor came home Saturday and in a fast, snappy and closely contested battle defeated the strong Muhlenburg five by the score of 33—27. When Muhlenburg comes to Lebanon Valley to play basket ball a good game can be expected and we know that not one of the many spectators of Saturday's game went away disappointed with the type of sport they had witnessed.

The home team started off with a rush, and in a short time had scored eight points. At this juncture the Muhlenburg team seemed to awaken and before long the score was tied at 11 all. But Muhlenburg could not be stopped, and by the end of the first half they were leading by the score of 18—12.

In the second period, however, our boys showed the real comeback spirit and it was not long until they

Gov. Brumbaugh and Hon. Henry Houck Secured

Great Fiftieth Anniversary Celebration in Preparation

Preparations to make Commencement Week this year the most unique and commemorative one in the history of the college are being pushed forward with much zeal on the part of those who will have the exercises in charge. The committee has secured the consent of the Governor of our State, Martin G. Brumbaugh, to give an address on Wednesday, June 14. Among the other noted speakers who will be present to address us will be the Hon. Henry Houck, Secretary of the Interior of Pennsylvania.

Each class having graduated from Lebanon Valley will hold a reunion either Tuesday or Wednesday of this week. The exact time for these reunions will be announced later. Every alumnus should endeavor, if at all possible, to attend the reunion of his class and there engage in happy reminiscences, reviewing college days and the experiences gained since then. Will not that be great? Make it a reality and enjoy this week on the old battle field.

The committee in charge of the anniversary program ask that every alumnus and student get under the project and help in every way possible. Talk it up!

SOCIETY NOTES

CLIONIAN.

The program of the Clio Society will be entirely impromptu this week.

KALOZETEAN

1. Current Happenings, P. E. Hilbert.
2. Vocal Solo, W. Von Bereghy.
3. Debate—Resolved that the Short Ballot system of municipal government should be adopted by our cities.

UNCLE JERIMIAH'S GHOST.

Continued From Page 1

the lights. It had not been the first time this occurred, they knew what it meant and gathered into a little semi-circle around the fire—peering silently into the flames.

Finally, after a great deal of apparent effort she threw herself on the rug in the midst of them and began—

"My great grandfather was an old OLD man—"

"Ugh!" groaned Polly drawing up closer to Kit.

"Was he awfully old?" ventured Laura.

"He lived," continued Shorty, heedless of questions, "in a rude log cabin by the sea—"

"And, there he fished so merrily," chinned Peg.

"Now, look here Peg," threatened Shorty—"I'll not go a bit further if you girls don't hold your mugs."

Silence—

"Sometime," resumed Shorty, "around 12 o'clock he went down to the shore to talk with the little white sea folk—they came riding across the waves to him from deep and dark waters—"

"Terrible!" murmured Laura, completely forgetting herself.

"When he came back to the cabin," drawled Shorty, throwing black looks at Laura, "he always mumbled for several days. My Uncle, Isaih and Jerimiah, could not understand him—sometimes he seemed glad about something and other times cross. But one night, after he talked to the little sea folks, he came rushing back to the cabin fearfully and sad; he kissed my Uncles good-bye, and said something about going away—"

Four pair of eyes turned from the flames to Shorty, just in time to see two tears trickle down her rosy cheeks, join forces at the end of her pointy little chin and drop to the rug beneath her.

"—he staggered to the door—and turned once more; this time to my Uncle Jerimiah, and whispered hoarsely, "Yu—Cum"—then he was gone—"

"—my uncles searched for him the whole night and the next day—and girls," she whispered, "the sea folk had taken him away!"

"Oh!" gasped four voices fearfully—while Shorty threw another log on the dying embers.

"—my uncles never left the cabin after that for many-many years. And sometimes when the nights were terribly dark, and the rain beat against the window panes,—(Kit shifted uneasily to Laura's side) "—and the owls hooted—"

Just then a loud clap of thunder followed by the deep bass hooting of an old owl drew four pair of eyes from Shorty to the dark window above her.

"Go on—go on," urged Laura.

"—both my uncles were awakened by a low voice. At first they could scarcely understand, but then it came again—slowly and distinctly at Uncle Jerimiah's side—'Yu cum, yu cum.' My uncle Isaih crept way under covers and went to sleep. But Jerimiah—dear old Jerimiah," re-

flected Shorty, "got up and followed the voice out to the sea."

"Girls," she groaned in agony, "Uncle Jerimiah never came back! The sea things had fetched him too—"

The five pair of eyes never once left the blazing log—not a sound broke the dead silence—each girl held her breath in expectation.

"—But that isn't all!" Shorty's voice fell to a horse whisper. "On a dark night like this, when the rain pours, and the wind whistles, and the owls hoot—my Uncle comes back—"

"Impossible!" gasped Kit, clinching her nails deep into the tender flesh of her snow-white palms and biting her lips in fear.

"O-o-h! take me home!" pleaded Polly, now white with fright.

"Shut up, you baby," snapped Laura.

"—Some time he'll come to—to take me," continued Shorty. "And when he comes—And WHEN HE COMES—" She paused, lifting her terror stricken eyes to the window—"I'll go with him."

"Girls!" a shrill voice interrupted, "are you in there again! I'll have no more of this. To your rooms! All of you—and study. Such tom foolery—"

"But Miss March—" pleaded Polly. "I'll have no 'buts,' not a word from any of you—to your rooms I say—disperse!"

That night, when the college clock struck twelve, every girl at Whitmire college was sleeping—every girl but one—that was Laura. For an hour she let her piercing black eyes rove about the room and then, as if inspired by a sudden thought, she arose, drew a white sheet from her bed and pinned it around her tall slender body. Then slowly and silently she started down the hall. At every step the boards beneath her creaked unmercifully and each time she paused in miserable anxiety for fear of being caught Once, when she was nearly at Shorty's door, Miss March turned, sighed and then snored away again. Once more she started down the hallway, but alas!

The sheet caught her feet and sent her headlong out across the hall. With an awful crash she landed unhurt on her left side. For ten long minutes she lay very still, scarcely daring to breathe. Again Miss March rolled, sighed and finally snored.

With a painful effort Laura picked herself up, arranged the tangle sheet and stealthily turned the knob of Shorty's door—

Like Miss March, Shorty was peacefully snoring. Apparently she had forgotten all about Uncle Jerimiah.

Laura could hardly trust her own voice—finally it came in a whisper "Yu cum!" but Shorty slept on.

"Yu cum," mumbled Laura, gaining more courage.

Still no response—

Finally she moved over to the foot of the bed and shaking it vigorously almost shrieked—"Yu cum."

Suddenly the snoring ceased—Shorty's lids opened with a snap, displaying two fearful, bulging blue eyes: quick as lightning she sat up staring at the apparition. Then,

with a shriek at pierced every nook and corner of Whitmire College she leaped from the bed and flew out the open door into the hall.

In less time than it takes me to tell you this, every girl from the third to the first floor scrambled from their beds in ungraceful haste and came to the rescue.

Shorty herself lay in Miss March's arms sobbing and moaning hysterically.

"Oh Shorty," entreated Polly, "do tell us what happened."

Short paused long enough to whisper in terror stricken accents, "Jerimiah's ghost," and then she shrieked anew.

Laura, in all this flurry and excitement escaped to her room unnoticed, removed the sheet, and joined her companions.

Many times after that on a dark and stormy night, when "the five" slipped safely thru the corridor to Shorty's room, they listened again and again to the same old story of Jerimiah's fatal visit. It was told a thousand different ways with new details each time—four girls out of the mystic five really believed that Uncle Jeremiah had come—one girl knew he had not, but said nothing. The one girl was Laura.

Defeated In First Game Of College Basket Ball

(Continued from page 1)

season. Our boys were handicapped by the size as Swarthmore has four men on their team that are over six feet tall. This gave Swarthmore a decided advantage under the basket and time and time they scored with our men hanging on their necks but unable to reach up and stop them. Sproul played the best game for Swarthmore, scoring six field goals and missing only one chance from the fifteen foot line. Keating was the undisputed star for Lebanon Valley. In the words of the referee: "It is the best exhibition of basketball I saw since 1898." It was Shetter's first college game and he played a very nice game, scoring two field goals the second half.

Leb. Val.	Swarthmore
Keating, F.	Sproul, F.
Loomis, F.	Donnelly, F.
Hollinger, C.	Spackman, C.
Shetter, G.	McGovern, G.
Walter, G.	Harry, G.
(Atticks)	(Shoemaker)

Field goals—Keating, 6; Loomis, Shetter, 2; Sproul, Donnelly, 4; Spackman, 4; Harry, 4; McGovern, 2. Foul goals—Sproul, 6; Hollinger 7; Loomis, 1. Referee—Cartwright. Time of halves—20 minutes.

Muhlenburg Five Succumbs to White and Blue

Continued From Page 1

cut down their opponent's lead. Thus they contested and fought neck and neck until the last few minutes of play when with a wonderful spurt the home team forged ahead and when the final whistle blew, lead their opponents by a margin of 6 points. Good passing and close and brilliant guarding were special features of the second half. Captain Swartz played his first game of the year and his 3 field goals together with his team work helped greatly in the victory. Keating played a good game also, while the work of Atticks at guard was sensational. Loomis played a commendable game at guard, while Hollinger showed improvement in shooting fouls.

Gaston played Muhlenburg's best game.

The cheering of the fellows, after Muhlenburg took the lead, was conspicuous for its absence. Anyone can smile when the sun shines and the flowers are blooming, but it takes a man to be optimist when the chill rains of a November day beat down upon him and give him a drenching. Happily the girls came to the rescue and relieved the situation. Remember, never say fail or give up till you have fought to a finish whatever you set your hand to. Stand by your team till the end of the game.

Leb. Val.	Muhlenburg
Keating, F.	Miller, F.
Swartz, F.	Everett, F.
Hollinger, C.	Ritter, C.
Atticks, G.	Gaston, G.
Loomis, G.	Fitzgerald, G.

Field goals—Swartz, 3; Keating, 3; Atticks, 2; Loomis, 1; Gaston, 3; Miller, 3; Ritter, 1; Everett, 1. Foul goals—Hollinger, 9; Loomis, 6; Gaston, 11. Referee—Rutherford U. of P. Time keeper—Von Berghy, L. V. Time of halves—20 minutes.

DAVID FINK, PRESIDENT OF CLASS OF 1917

At a meeting of the Junior Class which was held on Thursday last, the following officers were elected to serve during the second semester: President, David Fink; Vice-President, Ammon Boltz; Secretary, M. Ella Mutch; Treasurer, Reuben W. Williams.

E. D. Williams was elected Manager of the play which will be given by the class. The title of the play is, "In Chancery."

WITH THE SICK.

Edwin H. Zeigler, '17, has been confined to his room with a severe case of grip.

Prof. J. E. Lehman has been unable to meet his classes since vacation due to a case of grip from which he has been suffering.

Miss Esther Heintzelman, '16, had a slight attack of the grip.

Many others, among whom are the Misses Mary Daugherty, Hilda Colt and Ada Beidler, have had very slight attacks of this disease which seems to be spreading rapidly.

GOOD PROGRAM IN KALO

The interclass debate was the main feature of the Kalozetean program on Friday evening. The program as a whole was entirely successful and with the addition of the debate was a treat to all persons present. The subject for debate was, "Resolved that Congress Should Accept the Plans of National Defense as advocated by the present administration." The affirmative was upheld by the Sophomores and the Freshmen constituted the negative side. Although the decision was far from being onesided and was interesting thruout. There was also an astonishingly good paper on "Vacation" by Mr. Felix Ramsey. Mr. Ramsey has a peculiar sense of humor which characterized the entire production. There was music on the program too, and as one phrase of it, the senior quartette was up to its usual good standard. L. Ridgley Walters also had a very attentive and appreciative audience in the rendition of a vocal solo. Although the whole program was unusually educating and entertaining, it was by no means an exception and the visitors who were present are cordially invited to attend any of the programs, and attend as often as they can conveniently do so.

Y. W. C. A.

Miss Ruth Taylor, at the regular meeting of the Y. W. C. A., Jan. 9, gave us a very detailed report of the Student Volunteer Convention held at Gettysburg, December 12. Mr. Carothers, who has lately returned from Africa, was one of the speakers and presented the moral needs of the young people in the foreign fields. Another speaker said that a missionary should not allow himself to deteriorate physically, mentally or morally, but that the call comes to the efficient individual; social winsomeness, being an attribute. The message was especially helpful for members of the volunteer band.

A NARROW ESCAPE

About a week before Christmas Jack Horn went home, anticipating a delightful vacation. A few days after his arrival in Red Lion, the pond with its frozen layer of ice was too tempting, so a-skating our Jack went. To some other men, the ice had also its attractions but from a commercial standpoint and they had removed a portion of it from one end of the pond. This Jack did not know and innocently skated too near, whereupon he received a shockingly icy bath in mid-winter. The affair was more serious than we might think, for the victim had disappeared twice before being rescued. Moral—keep away from the dangerous edge.

Hark! the Lark, Schubert-Liszt; (b) Reflections in the Water, Debussy; (c) In Autumn, Moszkowski; (d) Minuet, Rameau-Godowsky (e) Toccata, Lischenitzky. 3 Sonata in G minor, Presto, Andantino, Scherzo, Rondo, Schumann. 4 (a) Polonaise in F sharp minor, (b) Two Preludes, (c) waltz in A flat major, Chopin; (d) Gavotte, de Morvain; (e) Mephisto waltz, Liszt.

An opportunity was afforded those who did not here her on Monday evening, to hear her in chapel the next morning.

CLONIAN LITERARY SOCIETY

Last spring the Clonian Literary Society, feeling that the constitution under which it had been operating for several years was inadequate, adopted a new one. The most radical changes made were in the method of electing officers and in substituting for absolute compulsory attendance a system by which a member is absent from three successive sessions is placed on an inactive list. Those who fail to pay their dues at the appointed times also become inactive members and thereby lose certain privileges of the society. The vice president, as chairman of the Judiciary committee has become an important and influential officer.

The society has now entered upon its second term under the new constitution. It has been necessary to adopt a few amendments, but on the whole the new constitution has proven to be a great improvement over the former one; and the society has made rapid strides since the adoption. There has been a marked change in the attitude of the members toward the society. In spite of the fact that they are no longer compelled to be present at every meeting, the attendance is good, and the interest is increasing each week. The programs this year have been very good, and the members have been more carefully prepared than formerly.

Clio has now more than ninety members, and the capacity of the Hall is taxed to its utmost. It will be necessary soon, either to secure a larger hall or to form a second society. Clio has done much for her members in the past, and from present indications she will do even more in the future. Long live Clio!

LOST LIMBS.

The sleet storm of a week ago proved as disastrous to our trees as the storm of the past summer. The sturdy bough, which in the autumnal days shielded the lovers from the glare of the "Morning, Noon and Night Sun," were rent from the trunks by the heartless Messrs. Wind and Ice, who were evidently jealous.

"TIME."

"Still on it creeps,
Each little moment at another's
heel's,
Till Hours, Days, Years and Ages
are made up,
Of such small parts as these, and
men look back,
Worn and bewildered, wond'ring how
it is.
Thou travellest like a ship in the
wide ocean,
Which hath no bounding shore to
mark its progress.

One of the biggest problems in college life and a problem perhaps which is receiving the least attention, is the problem of time. How many men are there who come to college primarily for enjoyment, and who after lavishing four precious years of possible preparation come to a realization of their fallacy when the days of preparation are over, and when the concrete problems of life must be met and must be solved. How many men are there in college today, who think they must remain in a closed and unventilated room until midnight in order to utilize time in the preparation of college assignments, when the early part of the evening is wasted in unnecessary gossip, or when a utilization of the vacant periods in the day would answer as well. How many extremists are there also who are so wrapped up in text knowledge and who are forever studying for future examinations, who claim that they have no time for social or physical improvement and who for the sake of learning daily recitations are sacrificing their health and success in life. We

have the three types exemplified here in college, those who have an utter disregard for the value of time, those who have a misconception as to its distribution and utilization, and those who are laboring under an illusion as to the true college education, who illustrate the time pessimists.

Young, tells us "Part with time as with money, sparing; pay no moment, but in purchase of its worth; and what it's worth ask death-ebds; they can tell." Here we have arrived at one of the sad elements of human nature. Not satisfied with any thing that requires personal meditation and thinking, we are satisfied with superficial attainments until the superficiality is worn off and we are landed on our own feet with nothing to support our dependant nature. It is at such times that the reawakening occurs; but invariably too late. We should come to the place where we consider the waste of time as important as we consider the accomplishments in time. Lavater says "The great rule or moral conduct is, next to God, to respect Time." Were such a statement true what would be the ethical status of Lebanon Valley? A certain prominent man has said "Tell me what the students does between his last class today and the first class tomorrow and I'll tell you where he will be in life." We can do no better than to take the words of Shakespeare, contemplate upon it and draw the lesson:

"It is ten o'clock.

Thus may we see how the world wags:

'Tis but an hour ago, since it was Nine;

And after an hour more, 'twill be eleven;

And so, from hour to hour we ripe and ripe,

And then from hour to hour we rot and rot,

And thereby hangs a Tale."

PERSONALS.

J. Kretzinger, who has been seriously ill for several weeks in the Lebanon Hospital, is recovering.

The New Year failed to bring with it Misses Carter and Kreidler. We wonder what has befallen them.

Y. M. C. A.

The first regular devotional meeting of the new year was held on Sunday with a large number of the men in attendance. Mr. Shank, the leader, gave a report of an address delivered by Rev. Chas. A. Bowen, of Olympia, Washington. The subject was "A Message from Missions to the Modern Ministry." A synopsis of the address follows:—The church on the mission field shows signs of greater spirituality than the church at home. It is a nearer resemblance of the Apostolic Church. The reasons for this are that they put their trust on three fundamental doctrines, namely:—Atonement in Christ; Ministry of the Holy Spirit and Efficacy of Prayer.

There are many instances of missionaries, who attempted to lead the heathen into the light without laying special emphasis upon the vicarious death of our Lord. They failed and only when they did turn to preaching the Gospel did success attend their efforts.

There are also many illustrations of the Ministry of the Holy Spirit in leading missionaries and in awakening benighted souls. There must be as much dependence upon this Divine Agent as in the days when Philip and Peter found the eunuch and Cornelius prepared for the acceptance of the Gospel.

But greatest emphasis must be put upon prayer. In every case, the successful missionary is a master at prayer. On the mission field where human strength is put to its most severe test the superhuman factor must play a most important part.

In these three things lies the success of the foreign church and they are a worthy copy for the home church.

\$1000 Worth of Equipment Added to Science Dept.

During vacation both the Biological and Physics department, made some needed improvements and additions to their former equipment. Among these improvements is a machine for showing slides which will visualize in colors and enlarged some of the important features discussed in Biology. The Physics Laboratory was provided with a new set of tables, a large motor and much more powerful wireless station. The equipment thus installed during vacation totals a cost of approximately \$1,000. Other much needed apparatus will be added as soon as possible.

The Point System-- Should We Adopt It?

This is an age of efficiency, or at least that is a much used, or shall I say abused word in our vocabulary at the present time? This is also an age of superficiality, however contradictory that may sound. In our hurry to be doing something, and in our mad attempts to become efficient in some line of work, we are losing sight of the fact that constructive thinking is necessary to our fullest development, and that excessive busyness is an indication not of efficiency but of deficient vitality and a loss of personality. Someone has said that the motto of the modern office has become "This is my busy day." Perhaps this is the motto of some of our students too. How often we greet our friends with the salutation "I know you are busy." These words are an expression of decadence and inefficiency.

We are so intent upon having everything done efficiently that we demand "snap-shot" speeches on our programs. We want speakers who can keep within schedule time. We even expect our preachers to deliver their sermons with one eye on a watch. In all of this, age and experience count for nothing, and the "conversational athlete," as some one has dubbed him, who like an efficient stenographer can crowd the most words into the shortest time, is preferred. We have carried this idea of efficiency so far that the watchword of our lives today seems to be "Hurry." The result is that quiet, constructive thinking is becoming a tradition. We do not have time to think.

Not only is this true in the business and social world; but even in the colleges, whither men are supposed to resort for the purpose of study and contemplation, we crowd our lives so full of multitudinous tasks that we are in danger of failing because we do not have time, or think we do not, to stop and listen for the voice of God.

Many student bodies feeling that something ought to be done to prevent individuals from being engulfed in the whirlpool of extra-curriculum work, have sought to keep any one student from holding too many offices by the adoption of what is known as the point system, usually by the Student Government Association. By grading each office in the student organizations a certain number of points and then setting a limit to the number which one student may hold, it is possible to decrease the activities of the few and increase the chance for development of the many.

The management of the point system is in the hands of a committee of students, which determines the relative value of all positions according to the responsibility involved and the time required for conscientious work. The committee keeps a record by means of a card catalog of the number of points held by each person throughout his college course.

There are various ways of working out the system. Each office from the presidents of the student organizations down to membership on the smallest committees is graded. The simplest system is based on a scale of one to ten; another on a scale of multiples of five up to 100; another multiples of five up to thirty; the highest number in each case is the largest number of points allowed one person at a time. Sometimes the most important office is graded at the highest number of points; but the better method is to allow a student to hold one major and one minor office, so that he may not become narrow in his interests. Some systems cover membership on all athletic teams, others only captaincies. Nearly all of them include dramatics. Before a play is presented it is gone over carefully by the committee and points for each part are assigned according to their relative importance. All student activities of importance come under this system.

One of the biggest possibilities of the point system is that of making good scholarship a requirement for active participation in extra-curriculum work, and thus further limiting the number of points which those who do not keep up in their work may hold. At Wellesley no conditioned student may carry more than five points in a system where the normal number allowed is thirty. At Vassar a girl who is nominated to a position must be approved by the Dean as to her work and by the doctor as to her health. Vassar also guards her freshmen against the possibility of neglecting their academic work by allowing them to carry only seven points instead of the ten which are permitted members of other classes. In some cases a girl may resign from one office to accept another and keep within the limits. In others this may be done by permission from the committee in charge and in still others it is forbidden. When a certain temporary work is over, such as publishing a year book, the points credited to those in charge of it become non-existent and the students may take up something else.

Wherever this system has been tried, it has proved very satisfactory. I believe that it is needed here, and I feel sure that if a careful study of student activities and the work involved in each position were made, it would do much to make college days happy ones instead of something like a nightmare for those of us, who are overburdened with officers, and who because we are interested in the welfare of our institution find it hard to say "No" when we are asked to assume an additional responsibility, even though we know that we already have enough work to keep us as busy as we should be kept. Such a system would also place in positions of responsibility many, who have latent possibilities for service, but who under the present conditions are not given an opportunity to develop them, because for one reason or another they are not elected to offices. We should be able to accomplish much more through our various organizations than is now possible, because the leaders would not have to divide their time and en-

ergies among so many things. I believe, too, that if good scholarship were included as a requirement, we could raise the standard of the college along that line.

Dickinson College is at present considering the adoption of the point system with ten for the maximum number of points. They propose to allow a student to hold more offices than is usually the case; but for a small college no doubt that is wise. They plan to give five points to the President of the Senate, managers of varsity teams and editor and manager of their college paper. Most colleges include the presidents of the Christian Associations in the list for which the highest number of points is given, but Dickinson considers that office worth only three points.

Under such a system it would not be possible for one man to be President of the Y. M. C. A., of the Athletic Association, of the Literary Society, of the Ministers' Sons' Club, and editor-in-chief of the "College News" all at the same time, as was one of the members of the class of 1914.

May the day soon come when the students of Lebanon Valley College, through the Student Government Associations, will make it impossible for a person of ability to nearly kill himself trying to fill the many offices, which at present he is almost powerless to refuse, and when they will make it possible for every student to have a share in the development which comes from taking an active part in the student organizations. Then and then only can we say that our Alma Mater really stands for the highest all round development of each individual student.

ESTA WAREHEIM, '16.

CALENDAR FOR WEEK BEGINNING JANUARY 12

Wednesday—7.00 P. M., practice of Men's Glee Club; Basket Ball game Varsity vs. Mt. St. Mary College at Emmittsburg.

Thursday—4.00 P. M., Meeting of Athletic Association in Engle Hall. Important business. Be there. Following this meeting there will be election of officers for White Cross Single Standard League; 8.00 P. M., Girls' Basket Ball team plays Oberlin High Girls at Annville.

Friday—7.15 P. M., Literary Societies in Session. Reserves play Shippensburg Normal in Basket Ball at Shippensburg; Basket Ball game, Girls vs. Central H. S. at Harrisburg.

Saturday—6.00 P. M., Elementary Dept. of U. B. Church will repeat Christmas program.

Sunday—9.00 A. M., Sunday School; 1.00 P. M., Y. M. C. A.; 1.30 P. M., Y. W. C. A. in session; 6.00 P. M., Young People's Society—subject:—"How to Work With Others."

Monday—7.00 P. M., Practice of Men's Glee Club.

Tuesday—6.15 P. M., Prayer Meeting in Assembly Room of Library.

JOIN A SOCIETY.

Have you already joined one of these societies? If so, you did wisely. Take an interest in the work of your society and you will be greatly benefited by it. If you have not yet allied yourself to one of these societies, find out in which one you could feel most at home and then don't wait, but join it at once. The work done by a literary society is broadening and gives one that part of an education which he can not get from his regular college course.

THE PHILO SOCIETY.

The Philokosmian Literary Society is rounding out its forty-eighth year of live, active work for the development of its members along the lines which come under the head of literary training. In each art, be it in that of paper writing, oratorical work debating or music, the members may find ample room for exercising whatever talent they may have, and for developing latent possibilities along these several lines. All of the above named phases of endeavor, with the exception of orations, appear on each and every regular program. The society is the possessor of its own orchestra which has made many an evening enjoyable. The programs, rendered each Friday evening at 7.15 o'clock, are always interesting and helpful. Be awake to present day events as discussed on the floor of Old Philo in debate, paper or resume.

The large room on the south end of the third floor of the Administration Building is the scene where these interesting and enlightening programs are rendered. Everyone is most cordially invited to enjoy with us the glad hours.

"Would the subversion of the Turkish Empire be a gain to its subjects, and to Europe as a whole?"

Paper:— Miss Mary Kreider
"Should John Brown be regarded as a hero and martyr or as a fanatic?"

Reserves Win
Opening Game

The Reserves basketball team had little trouble in defeating the Millersville Normal quintet on our home floor last Saturday afternoon, the score being 34—15. The home team took the lead early and were never overtaken. The Millersville team work, and especially their passing was sensational, but they missed many easy chances for field goals. Captain McGinnity played a very strong game for the visitors while the team work of the Reserves was not of the best, their superior weight and size coupled with individual experience, skill and endurance added greatly in bringing victory to our team. Seltzer and Peiffer were stars of the offense, while Buckwalter played a nice game at guard. From the comments heard on the balcony during the game, we are led to believe that our team played a little more roughly than was necessary or proper for a team to do. If this is the case, it is hoped that such an occurrence will not happen again, for it certainly adds nothing desirable to the good reputation of the institution, which the team is supposed to represent.

Leb. Val. Res.	Millersville
Mackert, F.	McGinnity, F.
Peiffer, F.	Henry, F.
Seltzer, C.	Drumm, C.
Fueford, G.	Swartz, G.
Buckwalter, G.	Gladfelter, G.

Field goals—Seltzer, 7; Peiffer, 4; Mackert, 2; Davis, Buckwalter, McGinnity, 3; Henry. Foul goals—Seltzer, 4; McGinnity, 6; Henry, 1. Substitutes for L. V.—Armheim for Fueford, Davis for Peiffer. For Millersville—Young for Gladfelter. Referee—Wenrich. Time of halves—20 minutes.

ALUMNI.

Dr. T. A. Lawson '01, and his bride, nee Mattie Mellinger, stopped off at the school a day on returning from their honeymoon. They will reside at Dallastown, where he has been a successful practitioner of medicine during the past ten years. Prof. H. H. Bush '02 was recently elected vice president of the Educational Association of Pennsylvania. The convention of the association was held at Scranton, Pa.

Leroy B. Harnish, '14, now State Superintendent of the World's Purity Federation for the State of Pennsylvania was one of the speakers at the meeting of the Pennsylvania Educational Association recently held at Scranton.

John Lehman, '11, spent Christmas week with friends in Buffalo.

With Our Students
Over Vacation

E. D. Williams spent a week with his friend Edwin H. Zeigler at his home in Elizabethtown. One of the most delightful events of the visit was a trip to the mines at Lykens. "Dave" Evans acted as guide. "Dave" also acted as host at a most delightful afternoon tea, given in honor of his Welsh friend Bill Williams and his Lykens Valley friends Gus and Juster Zeigler.

Violet I. Wolfe spent the last week of vacation with her friends Misses Bergdoll and Zeigler at York.

On Monday evening, Jan. 3, Miss Mildred Dunkel gave a leap year party at her home in Lucknow in honor of her L. V. friends. Each person at the party went home with a small box of dates.

Raymond Heberling was the host at a New Year's party held at his home in Highspire on Saturday evening, Jan. 1. Every one enjoyed Raymond's hospitality immensely.

Misses Ruth Taylor and Margaret Meyers were the guests of Miss Josephine Mathias during the closing days of vacation.

Miss Naomi Hand visited friends in Lykens over New Year.

Miss Merle Louser spent a few days with her friend Miss Helen Bubb at Jersey Shore.

AMONG THE COLLEGES.

Ursinus has organized a Music Society to be known as the Ursinus Music Society. The purpose of the Society is to cultivate an interest in vocal and instrumental music at the College.

The faculty of Gettysburg College has passed a resolution that no class or group of students shall put up posters or proclamations against any other class or group of students.

President Hibbon, of Princeton, appealed to the graduates of the institution to discontinue the free serving of beer in the reunion tents at Commencement time.

Susquehanna recently conducted a Y. M. C. A. membership campaign. They now have 85 per cent. of the entire male enrollment of the University as members of the Y. M. C. A. This percentage ranks the very highest of the colleges in Pennsylvania.

State College students are fighting against compulsory chapel attendance for the reason that a variety of religious views prevail at the institution.

PERT POINTS PLAINLY PUT.

If you wish to join the crowd, you must either buy a Ford or have an attack of la grippe.

—o—

Earl Snavelly turned on the light in History IV. I suppose he couldn't see where Miss Davis was.

—o—

If you have an idea you are in hard luck. Think of the poor fellow who received a package on December 26, 1915, bearing a stamp "Do Not Open Until Christmas."

—o—

Oh, why should the spirit of rich men be proud, when they know well as I there're no pockets in a shroud?

—o—

'Twas the week before "Mid-years" And all thru the "Dorms".
(You know the rest.)

—o—

"Dave" didn't see Naomi for a whole day last week.

—o—

Kleffman made his bed on Monday, January 10, 1916.

—o—

Lefever put on a clean collar.

—o—

Von Bereghy missed History IV on Monday.

—o—

"Butch" Carl was in chapel yesterday morning.

—o—

Several of the students recited in Ethics last week.

—o—

If Brown were called to war, Kathryn too would have to fight for her "colors." She says Sherman was right.

—o—

Who said Joe wrote "Pauline Epistles?"

—o—

Annville has three tailors:—Sargent, Ruzzi and Heberling.

—o—

H. Fink must be terribly ashamed of something since he tries to hide behind a small thing like that.

—o—

Never drop your voice; it may crack.

—o—

Seems to me someone said that Mary has Le Fevere.

—o—

Trouble was threatened the other day when the clock struck. Nobody was hit.

—o—

It would be too bad, indeed, if the President should have to declare war so soon after his wedding. (I mean war with Austria.)

—o—

How's your health? And is your ink well?

IT CAN BE DONE.

Somebody said that it couldn't be done,

But he, with a chuckle, replied That "maybe it couldn't," but he would be one

Who wouldn't say so till he tried. So he buckled right in, with a trace of a grin

On his face. If he worried he hid it.

He started to sing as he tackled the thing

That couldn't be done—and he did it.

Somebody scoffed: "Oh, you'll never do that;

At least no one has ever done it." But he took off his coat and he took off his hat,

And the first thing we knew he'd begun it;

With the lift of his chin, and a bit of a grin,

Without any doubting of quiddit. He started to sing as he tackled the thing

That couldn't be done—and he did it.

There are thousands to tell you it cannot be done;

There are thousands to prophesy failure;

There are thousands to point out to you, one by one,

The dangers that await to assail you.

But just buckle in with a bit of a grin,

Then take off your coat and go to it;

Just start in to sing as you tackle the thing

That "cannot be done"—and you'll do it.

—Anon.

PROF. AND MRS.

WEIDLER ARRIVE SAFELY

Word came to us during vacation that Prof. and Mrs. Weidler, who stopped here Oct. 9 on their way to Africa, arrived safely on Nov. 15. With the exception of a slight attack of sea sickness no unfortunate event marked their voyage! We should be grateful for their safe journey and remember them in our prayers. Let us feel that they are really our representatives and give them our prayerful support as willingly as we responded in supporting them financially.

Varsity Were Plucky Losers to Gettysburg and Mt. St. Mary's

The Varsity basket ball team played two games in the last week and on both occasions were handed a defeat. Gettysburg, with their powerful veteran team, had little trouble in running up a large score on our boys, defeating them 69—25. In this game as well as the one on the following night our team suffered thru the loss of one of its best men—Keating not being able to make the trip on account of sickness. Altho our team was out-played and handicapped, they played their best and hardest, and a team that can do that are worthy of praise and congratulation—even tho' their total of points scored may not be so high. The work of Hollinger and Atticks was good. For Gettysburg, Mahaffie, Williams and Campbell played exceptionally strong games both in goal shooting and in floor work and passing.

On the following day our team was the attraction at Mt. St. Mary's College and in a well-played and hard fought game our boys came off

JOINT SESSION.

There was a new feature in the program of the Joint Session of the Christian Association, held last Sunday afternoon. Instead of one person discussing the topic there was a pro and con discussion of the subject "Is the Atmosphere of L. V. C. Conducive to Religious Growth?" The affirmative was upheld by Miss Bergdoll and Mr. Zeigler; the negative by Miss Mutch and Mr. A. Long.

The affirmative produced the arguments that the large percentage of Christian students that enter the school and the various religious organizations and traditions are favorable for religious growth. The negative side upheld that the formality of these organizations and the multitude of petty offenses that prevail are arguments against the affirmative. Both sides produced all the available material in a very enthusiastic way. Afterward, a general discussion was opened in which a number expressed their views of the question.

Pauline Clark, who has been under the doctor's care for some time is slowly recovering.

Miss Frankie Kline was the guest of Lebanon friends over Sunday.

Convertible Balopticon Machine Now Being Used In Laboratory

A new latest model Convertible Balopticon made by the Bausch and Lomb Optical company of Rochester, N. Y., has recently been added to the equipment of the Tyrone Biological Laboratory of the college and is being used in the class work for the first this week in reviewing for the semester examinations.

This admirable piece of equipment makes it possible to project any object, not covering a field larger than 8 by 10 inches, on the screen on a field four by six feet. An entire plant or animal or a dissection can in this way be brought in plain view of the entire class and used either for demonstration in the lectures or for quiz. It also makes available many valuable illustrations from reference books and other sources which as they are projected on the screen serve the purpose of a greatly enlarged chart. Colored illustrations appear in their natural colors.

With the microscopic attachment plants and animals too small to be seen with the unaided eye can be studied both as to form and behavior on the screen. Small organs and histological sections illustrating the finer structure of the tissues can be demonstrated to an entire class in the same time that would be required to point them out to an individual student with the ordinary microscope in the laboratory.

The advent of the Balopticon has been hailed with delight by both students and teachers as it will greatly increase the efficiency of the department. Its introduction as a time saving device had become an urgent necessity on account of the large number of students in the courses in biology this year. The number of students in the biological department has increased five fold since the equipping of the new laboratory in 1908. The attendance in 1908 was 28; in 1909, 33; in 1910, 39; in 1911, 45; in 1912, 54; in 1913, 61; in 1914, 76; in 1915, 139.

PERSONALS.

Walter R. Kohr, '04, at present representing a large school book firm in Chicago was a business caller in town last week and called upon several of his friends at the college.

S. H. Derickson, teacher in biology, attended the meetings of the American Association for the Advancement of Science held at Columbus, Ohio, from December 26 to January 1st.

Miss May Belle Adams is entertaining la grippe.

Girls Win From Oberlin H. S.---Also Defeat H'b'g. Central H. S.

The Girls' Varsity Basket Ball team won their first game of the season last Thursday evening when they easily defeated Oberlin High School Girls in a well played game by the score of 38—9. In spite of the one sided score, the game was interesting from beginning to end. Brilliant floor work and passing together with accurate and spectacular shooting, were special features. In shooting field goals Misses Boltz and Engle were at their best. Misses Hershey and Bubb excelled in passing and floor work, the all around playing of the former being especially notable and praiseworthy. Miss Bachman also played well at guard. For Oberlin, Miss Parthemore was the only one who could score, making two field goals and caging five fouls.

The following evening the girls traveled to Harrisburg and there, in a well played game, they defeated the Central High School girls by the score of 17—14. "Nothing succeeds like success," was the spirit with which the girls entered into this

Mr. Graham, Sporting Editor of the North American can to Deliver Lecture

Geo. M. Graham, sporting editor of The North American, for 14 years authority on sports, after dinner speaker of repute, and former president of the Tri-State League, will deliver his lecture, "Sports Science," Thursday evening, January 27. It deals with the mental side of sport with particular relation to the inside scientific facts of the various kinds of sports. It tells of methods by which plays are prepared and arranged for execution on the field by the athletes of good brain power. This talk has some ethical value outside of sport, as it tells of the methods by which a man must control himself in order to advance in sport. It carries a very strong message of good habits and of concentration. It is interspersed with stories about former athletes and is a combination of humor and serious appeal. The proceeds of the lecture will be turned over to the Athletic Association. Admission 25 cents. Don't miss it!

EDITORIAL.

Next week at this time we shall be plunged in the midst of the awful mid-year exams. Are you ready for them? If not, get busy and store up in that cranium of yours such a bountiful stock of knowledge and facts from which to draw that the Professors shall have to say, "Can so great a knowledge be contained in so small an area of gray matter?"

Soon we shall hear such words as "I must grind or flunk," again another will be engaged in "plunging," "digging," "cramming," or whatever other appellation by which he may wish to designate that certain form of studying in which many students are compelled to engage as the result of lessons not carefully prepared for daily recitations. "Cramming" does not pay in the long run. It may bridge one over the examination, but has no lasting benefit. The facts we learn should be made to serve us and be a working capital in later years. Learn and understand each lesson as assigned, and then next June, when the finals will be given they will no longer be awful, but merely a review which can be passed with little difficulty.

While the Honor System in all its forms will not be enforced next week in the examinations, it is hoped that the students will themselves enforce an honor system for themselves, at least. Have faith enough in yourself and manliness enough to stand on your own feet. Give your own mind a chance to show the stuff of which it is made or, like a true man of high principles who would not blacken his character by theft and counterfeit, refrain from such acts as cheating in an examination.

Will you have moral stamina and will power enough to do the right?

Mrs. Harris has been here since Friday, taking care of her daughter Katharine, who is very ill.

Varsity Plucky Losers

Continued From Page 1

losers by a margin of seven points, the score being 34-27. In comparison with the scores of previous years in games with this college, this score indicates that the boys played a great game. Not in recent years have we held these veterans of the "cage" to such a low score and the team need not feel chagrined or discouraged in the least on account of having lost this game. Keating's absence at forward as running mate to Swartz was undoubtedly a handicap to our tossers, but they played a hard and plucky game and their playing, therefore, is worthy of commendation. Hollinger, Walter and Atticks played our best game, while Rodger's and Leary starred for the mountaineer team.

Girls Win From Oberlin

Continued From Page 1

game, and altho the score stood four all at the end of the first half our "Co-eds" showed the proper spirit in the second period and by snappy and excellent passing, coupled with accurate shooting they were enabled to hand a defeat to the team which defeated them twice last year. Miss Bubb's three field goals aided largely in the downfall of the Wibanites while Miss Engle's two dual pointers, together with five fouls, were responsible for our large score. Miss Hershey modestly added another two-pointer to our total. The guarding of Misses Bachman and Gamble was close and masterful—only one goal being made by the Harrisburg forwards. The girls have shown us that they can play. Let us support them. They are worthy of it.

Result of game with Oberlin

Field goals—Bubb, 1; Hershey, 3; Engle, 6; Boltz, 8; Parthemore, 2; Foul goals—Engle, 2 out of 6; Parthemore, 5 out of 12. Referee—Hollinger. Time of halves—20 minutes.

Reserves Lose to Shippensburg Normal in Extra Five Minute Play

While the Girls' Basket Ball team were handing a defeat to the Harrisburg team last Friday night the L. V. Scrub team and the team representing Shippensburg Normal School were engaging in a severe struggle for supremacy in a game which the latter won in an extra 5 minute period by the score of 26-25. At the end of the first half, the score stood 11 all and when the final whistle sounded the score was tied and our team having the right to shoot a foul. The referee annulled the right and an extra minute period was played and Shippensburg gained the victory. Seltzer played a star game making 21 out of our 25 points. He caged eight field goals. For Shippensburg, Mellinger and Barnhard played well.

SOCIETY NOTES

CLIONIAN.

The program, which was to have been given last Friday evening has been postponed till this Friday. The program will be an impromptu one.

KALOZETEAN

The weekly program of the Kaloze-tean Society was rendered with its usual success. The Senior debate on the Short Ballot System Municipal Government was the main feature and was exceedingly spirited and interesting, as well as enlightening. This new system of government is demanding attention all over the United States and in the various localities in which it is being tried, the results are noted by enthusiasts and opponents of the system. The current happenings were also summoned up in an interesting and pleasing manner. In musical lines, the Kalo soloist had a very attentive and admiring audience. Then too, there was the humorous side in the sketch and Examiner, in which the attending mirth also indicated success.

Pleasant Evening in Philo— Visited by Many Co-eds

Philo was honored on Friday evening in having as its guests a large number of our Co-eds. Clio not having a regular program. Many of its members took advantage of the opportunity to take Old Philo at its word when it announces that the latch string is always out. We were indeed very glad to have them visit us and hope for many more such pleasant occasions.

The hall was made to resound with the hearty applause given the several numbers which made up the program. The debate, on the munitions question, and the papers on the several subjects were interesting and instructive. Joseph Jackowiak was delightfully entertaining in his several interpretations on the piano.

The sketch, which depicted in a most realistic and even dramatic manner a scene, which is enacted on a Saturday evening in some of the rooms of the Mens Dormitory, while not the most pleasing thing to look upon was nevertheless true to existing conditions and they were well portrayed. Discussions, such as take place in a typical dormitory room, a decision to spend the evening in Lebanon and the return after "an evening out" was the main theme of the sketch.

To anyone who may not know what to do Friday evenings, let me say, "Come to Philo and enjoy the evening with us."

Political Science Club

Renders Good Program

The program of the Political Science Club, which was rendered at its monthly meeting on the 12th, was an exceptionally good one. The paper on the question "Would the Subversion of the Turkish Empire Be a Gain to its People or to Europe as a Whole?" was interesting and enlightening thruout, while the paper on "John Brown as a Hero or Fanatic," by Miss Kreider was equally interesting. The club provides fine programs at all of the meetings and the students who have not attended the meetings thus far will only appreciate their loss by attending one of the literary sessions.

In the business session, officers were elected for the second semester as follows:—President, J. S. Innerst; vice president, J. P. Hummel; secretary, Miss Emma Kreider; and treasurer, A. L. Poltz.

CALENDAR.

Wednesday, 6:30 p. m.—Math. Round Table meets in Prof. Lehman's recitation room.

Friday, 6:30 p. m.—Literary Society Sessions; 8:00 p. m.—Basketball, Lebanon Valley vs. Villanova in Alumni gymnasium; Glee Club gives concert at Avon.

Sunday, 9:00 a. m.—Sunday school; 10:15 a. m.—preaching services; 1:00 p. m.—Sessions of Y. W. and Y. M. C. A.; 6:00 p. m.—Y. P. C. E.; 7:00 p. m.—Preaching services.

Monday — Mid-year examinations begin.

Tuesday, 6:15 p. m.—Mid-week student prayermeeting.

FIFTY STUDENTS HEAR BELL.

About fifty Lebanon Valley students were privileged in hearing Bishop Wm. Bell, of Los Angeles, Cal., deliver his lecture, "Social Problems," at Hershey on Sunday. Bishop Bell, who is bishop of our church in the Pacific Coast District gave a splendid lecture on this most most interesting subject. The Hershey Central Theatre, in which building the lecture was delivered, was filled to capacity.

The lecture course committee, of Hershey, is running a course which covers several months and on which are booked leading religious workers, social reformers, educators and statesman of the present day. Each Sunday afternoon one of these men come to Hershey and many of our students take advantage of the opportunity thus afforded to hear these men of wide experience and knowledge.

EVERY LITTLE HELPS.

"Did you see——(a particular article in last week's issue of the College News) in the College News?"

"Is the News out? Is there anything in it this week?"

This conversation took place on the steps of one of our college buildings soon after the publication of last week's issue of the "News." If there is nothing in the "News" it is partly your own fault. Repeatedly the Staff has urged the students to contribute to this paper. If you know anything of importance that you would like to see published, give it to one of the Staff members and we will be glad to publish it.

PROGRAMME FOR MATH. ROUND
TABLE, January 19, 1916.
6:30 P. M.

1. "Mathematics in the Education of Girls," Ruth Haines.
2. "Factoring," William N. Martin.
3. "Demonstrating Seasons With-out Globes," Evan C. Brunner.

PERT POINTS PLAINLY PUT.

Some of the eggs that we get at the dining-hall should be valuable in the great war because of their offensive tactics.

A long story in three scenes:—

Mason—Seen first.

John—Seen to.

Abe—Seen also.

We heard the other day that some men become rich by getting wealth the best way they can if they can't get it in any other way.

Some time ago a man stole an eight day clock. The judge made him return the clock, but let him have the eight days.

A man whose wife secured a divorce from him says that he doesn't believe in Woman's Rights because his woman's left.

PERSONALS.

Miss Basseler and her friend Miss Smith, both of Kutztown, visited Miss Ziegler over the weekend.

We are glad to see Miss Carter back at school and hope that she will decide to remain with us.

Gym. Exhibition Was A Great Success

The free exhibition given in the alumina gymnasium on last Saturday evening was a decided success. Long before the time for the activities to begin had arrived the people of town and the students began to fill the gymnasium and at the opening of the exercises the seating capacity was completely filled and many had to stand.

The first part of the evening was devoted to marching and drilling under the physical director Guyer—first the girl's class composed of 16 girls and then the men's class with the same number participating. Each class performed admirably and were applauded enthusiastically by the spectators. Then the girl's class performed with the dumb-bells and ended the exercise with Calisthenic marching. The boys followed this with a drill with the wands completing the drill with Calisthenic marching. After this the audience was

Continued on Page 2

Miss Kelsey Leaves Forceful Message With Students

Miss Maud Kelsey, a travelling secretary of the Student Volunteer Movement, gave an inspiring address in the chapel on last Thursday morning. She spoke of the great confusion which the world is experiencing in the present period and the danger of being jostled to and fro in a shiftless way. The need of the student is to fix the eye on some definite goal and press toward it with unswerving courage. Christ had one purpose, running thro his life and that was to do the will of Him that sent him. St. Paul was led by his purpose to preach the Word to the Gentiles. In choosing our life work, God must be taken into account and we should look for the places where He most needs us. Too often students appear to say "Here am I Lord, send him." We must rely upon God if the task for the future seems heavy, for He has promised power to overcome hindrances.

The lands of China, Japan, India, etc., offer the biggest jobs for the student. They are the places where heroism of the purest type is bred. The teaching, medical and preaching professions there offer untold opportunities to those who are willing to work. China has one doctor for every million, while the average parish of a preacher is about 300,000. The need is most urgent; millions are dying in sin. Who will say "Here am I Lord, send ME?"

Varsity Easily Downs Villanova

Our boys experienced difficulty in defeating the Villanova basketball team on our own floor last Friday evening by the score of 60—35. The game was hotly contested especially in the opening half and it gave to the spectators a fine exhibition of clean and gentlemanly playing. Altho the home tossers took an early lead, they were pressed hard continually the first half by their opponents, who took advantage of the loose guarding of our men. Villanova played their best game in the opening period and at the end of it the score stood 24—20 against them.

But L. V. has a reputation for "come back spirit" and in this case they lived up to their previous records. By good floor work, beautiful team work and accurate shooting we were able to raise our score to 43 in five minutes of play while our opponents collected about six points. Our men had found themselves and the baskets came thick and fast. Villanova could not stop the onslaught and at the same time our guards ably protected them from accumulating field goals. At the end of play our total registered 60, while the best efforts of Villa Nova gained them but 35. Keating was back in the game and he together with Captain Swartz were easily the stars of the game, each one securing seven field goals. Hollinger did excellent work in shooting from the 15-foot line getting nine out of twelve possible attempts. For Villanova McGuckin was the star performer.

L. V. C.	Villanova
Keating, F.	Forst, F.
Swartz, F.	Degnan, F.
Hollinger, C.	Reap, C.
Loomis, G.	Feeney, G.
Atticks, G.	McGuckin, G.

Field goals—Swartz, 7; Keating, 7; Hollinger, 3; Loomis, 3; Atticks, 1; Seltzer, 1; Forst, 3; Degnan, 3; Reap, 3; McGuckin, 3. Foul goals—Hollinger, 9 out of 12; Swartz, 1 out of 2; Seltzer, 2 out of 3; McGuckin, 11 out of 19. Substitutions—Walter for Atticks, Seltzer for Hollinger, Shetter for Loomis, Krall for Forst. Referee—Rutherford, U. of P. Time keeper—"Pat" Hughes. Time of halves—20 minutes.

Elected Assistant Manager

At a recent meeting of the Athletic Association Joseph D. Rutherford '17, was elected assistant basketball manager for the present season. Mr. Rutherford fills his position, which was made vacant by the resignation of C. Guy Stambach.

Glee Club Renders First Concert at Avon

On Friday last the Men's Glee Club of the season 1915-16, began making its history. As the guests of the Hebron High School the Club gave its first concert of the season in the Shady Side school house of Avon. From the appearance of things just after searching Avon it looked as though the fellows misjudged what were some of the pleasures of such trips as are taken by the Club, for some of the more faint-hearted were disappointed with the turn of events in general. However, a large number of people were awaiting the Glee Club members when they arrived at the school house. The building was crowded there being about four hundred people present, with an attentive and appreciated audience.

Notwithstanding the unfavorable conditions under which the program had to be given and that a number of the men on the Club were

Continued on Page 2

East and South Hall Receive "Toilers-of-the-Night"

On different occasions during the past week several "toilers-of-the-night" or robbers visited East and South Halls. The unwelcomed guests may have considered these dormitories, which are used by the girls, as an easy place to touch up. However, only a few hearty screams by the girls were necessary to sufficiently terrorize the intruders as to induce them to leave unceremoniously for more favorable hunting grounds. So far as is known, nothing was stolen.

Y. W. C. A. ENTERTAINS.

Last Wednesday evening the members of the Y. W. C. A. entertained in the South Hall parlors, Miss Kelsey, who is the secretary of the Student Volunteer Band. The girls seemed very much pleased with Miss Kelsey's personality and were very grateful for her helpful talks. A delightful hour was spent by all.

ACADEMY STUDENTS ORGANIZE

At a recent meeting of the Academy students the following officers were elected to serve during the second semester:—Pres., Harry Baker; V. Pres., Carrol Bechtel; Sec., Edgar Hastings; Treas., John I. Kretzinger; Historian, Violet Sherk.

MAKING OURSELVES TRUE MEN.

It is not the chief end of man to achieve what the world will applaud as success. It is our main business in life to show ourselves true men, loving good, hating evil, and willing to take such measure of present happiness and success as flows from obedience to truth. There is a lofty repose of the soul that is reached above thru conflicts and thru scars. There is a pure and sacred joy which springs from the deepest sorrow and suffering. The great loss which we have most need to deplore is the loss of faith in the principles of truth and duty. The poorest man in the world has something to live and die for so long as he preserves the integrity of his own conscience. The most successful man in the world is the man who gives himself most earnestly to the cause of truth, and who never abates one jot of heart or hope in his good work, whatever difficulties and delays he may have to meet.

Take courage, then, when the burden is heavy and the work moves slowly, and the temptations and conflicts to be met are many and strong. Never say "It is enough," so long as you have one wrong disposition in your heart to subdue, so long as there is one person to be benefited by your effort or example, so long as patience and faith and love and devotion to duty are the great lessons to be taught and learned. Never say it is enough—but work on, hope on, and always believe that while life lasts there is something to do.

PERSONALS.

Paul Strickler, '14, this week begins teaching in the Streator, Ill., H. S.

V. Earl Light, '16, will fill the place in Lebanon High School made vacant by the resignation of Paul Strickler.

Thursday evening—Mr. White enjoys an extra piece of chiny pie.

Gym, Exhibition a Success

Continued From Page 1

greatly amused by the interesting indoor games of both girls' and boys' classes. Mr. Macnen and C. Shannon made their debut as acrobats and contortionists. Their work was extremely delightful and they are to be commended. Next in order came the apparatus work consisting of work on the low bar, parallel bars, "horse," and the horizontal high bar. The work of E. Snively, Coach Guyer and Greer on the parallel bars, and the work of A. Long and Jaeger on the horizontal bar were special features each one performing neatly some very difficult "stunts."

The wrestling bouts were the last attractions on the program and these were enjoyed no less than the former numbers. In the preliminary match Evans of Mercersburg Academy and Crabill, of this school, engaged in a very interesting bout for six minutes. But the bout between Jack Ozar, instructor in wrestling at L. V. C. and Doddard, wrestling instructor at Mercersburg Academy. The contest lasted ten minutes and every minute was full of the thrills. No fall was secured in any of the bouts for they were merely exhibition matches. This completed the evening's activities and the Athletic Association cannot be praised too highly for securing to the students and the general public an evening of such intensely interesting entertainment.

Y. W. C. A.

One of the most enjoyable and profitable meetings of the Y. W. C. A. this year was held on Sunday afternoon when Miss Hilda Colt discussed the subject "College Honor." The meeting was well attended and many of the girls took an active part, expressing their views on the subject and pointing out the places in which the students of Lebanon Valley should display a higher standard of honor. Miss Colt ably brought out the need of being honorable in our daily associations, in the class room, in our financial transactions and in athletics. The fact, that the present week will hold temptations for us to cheat and to be dishonest, and the need of over-coming these temptations were emphasized. When we are not square and true to the standards that Jesus Christ wishes us to uphold we, ourselves, are the greatest losers for "what shall it profit a man, if he gain the whole world and lose his own soul?"

Glee Club Renders Concert

Continued From Page 1

just recovering from the grippe, the program was rendered in a most pleasing manner. "The Frogs," by the Octette, the readings, of Mr. Eichelberger and the cornet solos by Mr. Erlenmeyer deserve special mention on account of the hearty manner in which they took with the audience.

The club is fortunate in having on its personnel men who are proficient in the way of entertaining an audience, not only by singing, but also by giving cornet solos, and piano solos and readings.

The repertory of the Glee Club is of a high character and varied nature. The words of several of the selections are taken from Shakespeare's "Twelfth Night"; others have the swing of southern melodies, while still others bristle with the atmosphere of that quick, youthful and animated spirit which must characterize a Glee Club of this nature. Interspersed with numbers by the club are vocal solos, duetts and double quartettes, thus making a pleasantly varied program.

Co-Eds Defeat Ephrata H. S.

The Girls' Varsity basketball team continued their winning streak by defeating the Ephrata High School team on their floor by the score of 13—6. Our girls completely outplayed their opponents in all departments of the game. Good passing was the special feature and had the girls not been handicapped in their shooting which was caused from having to shoot at baskets extended twelve inches from the banking board, they would have made a much larger score. The work of Miss Bubb and Miss Engle was very good. Miss Hasler played an exceptionally strong game for Ephrata. The hospitality accorded our team was of the highest type and the work of the official was no less in quality.

L. V. C.	Ephrata H. S.
Bubb, F.	Fishburn, F.
Hershey, F.	Butzer, F.
Engle, C.	Bishop, C.
Gamble, G.	Spangler, G.
Bachman, G.	Hasler, G.

Field goals—Bubb, 3; Engle, Hershey, Butzer, Hasler. Foul goals—Engle, 3; Butzer, 2. Substitutes—Ephrata—Schlott, Lubken.

Y. M. C. A.

"Leaving the Waterpot" was the theme of the devotional service on Sunday. Mr. Castetter presided over the meeting and gave the address which was evangelistic in its nature. He read the fourth chapter of John and drew parallels from it for our approaching revival meetings. He said that when we truly get into personal acquaintance with the Messiah as did the woman of Sychar, we will forget those things on which our interest is centered, in our eagerness to break the glad things to others. The sign of a genuinely regenerative life is this day concern for the spiritual welfare of others. This must be the dominant factor in our Christian Association work during the coming campaign if we expect results.

PHILOKOSMIAN.

The program of the Philo Society this week will be peculiarly interesting and a fitting close to examination week by being extempore in nature.

Come and hear it!

CYMRI.

Program for Monday evening, Jan. 31st:—

Autobiographical Meeting.

Male Quartette:—Messrs. Hughes E. D. Williams, William Evans and William Isaacs.

Autobiographical Sketches—Miss Hughes, Miss Jones, Prof Lehman, and M. David Evans.

Round Table:—Autobiographical sketches and anecdotes.

Piano Solo:—Miss Jenkins.

This meeting will be held in the parlor of South Hall at 7:30 p. m. All Cymri urged to be present.

Cymru am Byth.

KALUZETEAN

The literary session was held at 6:30, because of the basketball game at 8:00 o'clock. Atho the attendance was small, due to the fact that the Glee Club was at Avon the same night. Nevertheless, the spirit manifested was good and lively. The characteristic feature of the program was again in evidence on Friday evening, namely, that each number rendered was modern and well abreast with the times. The present situation in Europe was ably and concisely summarized by W. N. Martin. Mr. J. E. Morrison nobly acquitted himself in the rendition of several highly spirited vocal solos. The debate was brisk and full of argument. The air almost sizzled with the refutations and arguments hurled by the opposing sides. The general debate was cut short due to the basket ball game. Mr. Isaacs intelligently presented to the house the case of Judge Ben. Lindsay, the final decision of which will either permit the children of Denver to enjoy the confidence of the court or it will make them the targets of civil law.

Mr. D. E. Long called on Lebanon Valley friends on Tuesday of last week.

PHILOKOSMIAN.

Philo had a short, but interesting program on Friday night. The meeting was held one hour earlier than usual because of the basket-ball game with Villanova. The most interesting and beneficial number on the program was the debate which was participated in by Messrs. Bodenhorn and McConnel on the affirmative and Messrs. Williams and Hartz on the negative. The judges gave the decision in favor of the affirmative. Mr. McLaughlin rendered an excellent violin solo, which was very much appreciated.

At the business meeting the following officers were elected:—

Pres.—J. Stuart Innerst.
V. Pres.—Geo. M. Haverstock.
Rec. Sec.—Frank Attinger.
Cor. Sec.—Hubert S. Snoke.
Judge—Ellwood S. Bodenhorn.
Editor—Chas. Horstick.
Pianist—Joseph Jackowick.
Chaplain—John H. Herring.
Janitor—Irving H. Reber.
First Assistant Janitor—John I. Cretzinger.
Second Assistant Janitor—Theodore Hastings.

CLIONIAN.

An impromptu program was rendered by Clio on Friday evening. The program was short but all the parts were well rendered and show that the girls can act when they are given little time to think. Miss Taylor talked to us about "Recent Inventions." Her discussion showed that electricity is being used more every day. A reading by Miss Huber pictured vividly the characteristics of a bee. The piano solo by Miss Lindsey was another enjoyable feature of the program. The Society has been promised more impromptu programs. It is impromptu programs in society that train you to think and express yourself before an audience.

PERSONALS.

Mr. Crabill '16, substituted several days in Palmyra High School for Mr. Clair Harnish, who has had an attack of gripe.

Miss Ella Mutch, with the Dean's permission, entertained Master Geo. Derrickson, of Annville, on Friday afternoon, between the hours of two and five.

Miss Myrtle Daugherty, '16, has been suffering from a severe attack of appendicitis. She will not, however, be operated on at this time.

LEBANON ... PA.

Prof. Willis In Chapel

The student body was especially
favored on Friday by having Prof.
Alfred E. Willis, the New York
Phrenologist speak in the chapel.
Professor Willis is a phrenologist of
no mean reputation and for the last
forty years has travelled over the
country lecturing and studying his
science. His wide knowledge comes
not only from a persistent study but
also from observations covering a
large variety of cases. Prof. Willis
who at present is over seventy years
of age is a very pleasing speaker
and has a keen sense of humor which
he used to advantage thruout his
entire talk.

As an introduction to his remarks
the Prof. gave a short history of
phrenology showing how the science
was founded and how it was perpet-
uated until the present day; how the
various geniuses and important char-
acters in history all possessed certain
characteristics, which distinguished
all persons possessing similar traits.
Another fact which was well brought
out and a fact that does not need
phrenology for proof is that the in-
ner life of an individual will show
in the outer. If a person lives an
immoral or selfish life his facial ex-
pression and entire countenance will
bear the expression that is character-
istic of that aim and ideal while on
the other hand a life of service and
faithful living will carry with it a
beam of radiating joy wherever it
goes. The various features of the
head were taken up and the signifi-
cance of each variation discussed,
such as the shape of the head, the
shape of the nose, the color of the
eye, etc. The various characteristic
walks were also discussed as well as
the features which they represent.

The lecture as a whole was very
interesting and was appreciated by
the students. However, exception
might be taken to the picking of a
special features of the head and
forming absolute rules for interpret-
ing these external variations. Psy-
chology and Biology disprove almost
all of the theories advanced by the
phrenologists.

Miss Adams visited the Lebanon
stores on Saturday.

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, February 1, 1916

No. 17

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Y. W. C. A. Prepares For 50th. Anniversary

Miss Mae Smith led the Y. W. C. A. meeting on Sunday. She made a few pointed remarks on the topic "The Life That Is Worth While" and then turned the service over to the members, a number of whom spoke in a very interesting and helpful way. The attendance at the meeting was good and the spirit throughout was excellent.

During the month of February our association, simultaneously with Y. W. C. A.'s throughout the world, will celebrate the fiftieth anniversary of the organization of the first Young Women's Christian Association. Special services are being arranged for every Sunday in February and there will be a number of events of various kinds on week nights. The celebration will begin with the Membership Rally on Sunday Feb. 6. This rally will be in charge of the Membership committee. Every member and every ex-member of the association who can do so, is urged to be in Clio Hall at 1:30 p. m. on Sunday.

Miss Eleanor Richardson our student secretary will be with us Feb. 24 and 25. The special features of the Jubilee, which are being arranged for these dates, as well as the rest of the program for the month, will be announced next week. The climax of the Jubilee festivities will be the Birthday celebration on March 3 at which time everyone will be given an opportunity to contribute to the Grace H. Dodge Memorial Fund.

The Association is anxious to receive messages from all the former members. Ex-members who read this, will you not write us a letter telling us what the Y. W. C. A. has meant to you and what it means to you now?

ESTA WAREHEIM President.

PERSONALS.

Miss Ruth Heffelman spent the week-end with friends in Lebanon.

Miss Ella Mutch was out to turkey dinner on Sunday.

A goodly number of students spent the latter part of exam. week at their homes.

Mrs. Violet Freed has had an attack of la grippe.

Misses Grace Snyder and Edna Weidler spent Sunday in Lebanon as the guests of Miss Susan Bachman.

Goodrich Green was visiting in Palmyra on Saturday.

Miss May Belle Adams spent several days last week in Washington, D. C.

Reserves Lose to Schuylkill Seminary

The L. V. Reserves basketball team went down to defeat in a hard fought game at the hands of the Schuylkill Seminary boys on the latter's floor by the score of 29—20. Our opponents led the scoring at the end of the first half 17—8. But in the final period each team was content with twelve points each. Of these twelve points scored by Schuylkill, ten were made from fouls, which shows how close our men guarded their opponents. Seltzer was our best performer, while Pawling played an exceptionally strong game for Schuylkill.

L. V. C.	Schuylkill
R. Swartz, F.	Miller, F.
Fulford, F.	Pawling, F.
Seltzer, C.	Frundt, C.
Mackert, G.	Wilson, G.
Rupp, G.	Palin, G.

Field goals—Fulford, Seltzer, 3; Mackert, Miller, 2; Pawling, 3; Frundt, 3. Foul goals—Seltzer, 10 out of 25; 13 out of 30. Substitutes—Bohan. Referee—Pawling. Time of halves—20 minutes.

Girls of South Hall Celebrate in Unique and Useful Way

The girls of South Hall celebrated the close of mid-year examinations on Saturday by having a "clean-up day." The lawn about the dormitory was littered very much with paper orange peels, etc., and it was a source of much worry to the girls.

So under the splendid leadership of Miss Wareheim all the girls except those who were indisposed by ill-health or spring fever, gathered on the lawn promptly at eight a. m. The work progressed rapidly, the girls being greatly encouraged by Professor Kirkland and the many passers-by, and stimulated from time to time by the cafe noir, which was served by Mrs. Hallman. By half past ten the cleaning of the lawn was finished.

The slope behind the library was fairly covered with paper, and the girls realized that the first north wind would blow it down on their clean lawn, so they summoned up more "pep" and by a quarter after eleven they had this cleaned also.

They feel well repaid for their hard labor by the many compliments they have received. And Coach Guyer to show his appreciation of the splendid spirit of the girls treated them to big red apples and tangerines.

Varsity Loses Some Strenuously Contested Games

The Varsity basket ball team invaded the western part of the state during the last week, meeting the enemy at three different places—Patton, St. Francis College at Loretto and Juniata College at Huntingdon and on each occasion went down to defeat, but only after they had done their best to gain a victory.

The game at Patton was the best as far as points scored is taken into consideration. Our boys outplayed their opponents, but they could not out play the referee who seemed to be very adept in calling fouls on our men. It was by shooting these fouls that Patton was able to win. F. Fees shooting 13 out of 15 attempts. Keating, Loomis and Atticks played good games for our team. F. Fees and Farbaugh were Patton's stars.

Patton	L. V. C.

Apel guard	Atticks

Field goals—Keating 3, W. Swartz Hollinger, Loomis 3, Atticks 4, Shetter 1, Fees 2, Harvey 2, Farbaugh 4, Apel 2. Foul goals—Hollinger 2 out of 7, F. Fees 13 out of 15. Substitutes—Shetter, Swope. Referee—McCreesh. Time of halves 20 min.

On Friday night the team met St. Francis College at Loretto and in a great game went down to defeat 39 to 25. The contest was fast, snappy and clean and only the brilliant work of the St. Francis forwards kept our opponents in the lead. The Johnstown daily says: The visitors put up a great battle all the way, their work being easily the fastest and cleanest seen on the floor this year." Such a tribute paid to our

EDITORIAL.

One of the grave dangers, which students in all our colleges should seek to avoid is the danger of superficiality. This disease affects the root of all enterprise, weakens the centralizing force and leaves the individual in a state of indifference toward achievement and indisposed to anything that sounds like work. It is for this reason that students are satisfied with skimming over the surface of their studies because it requires energy to go below. It is for this same reason that during examinations and gradings for semester work, students who are disappointed as a result of following such a policy, growl at the justice of the professor or complain against what they think is partiality. Such students never learn the fundamental principles of college life especially because they never take pains to throw themselves in the way of them. Easy subjects are elected because they are the easiest to pass. Difficult subjects are not liked or are dropped for the opposite reason, and as a result the entire future life is deprived of its usefulness.

"Perhaps the most valuable result of all education," it was said by Professor Huxley "is the ability to make yourself do the thing you have to do when it ought to be done, whether you like it or not; it is the first lesson which ought to be learned, and, however early a man's training begins, it is probably the last lesson which he learns thoroughly."

When Henry Ward Beecher was asked how it was that he could accomplish so much more than other men he replied:—"I don't do more, but less than other people. They do all their work three times over; once in anticipation, once in actuality, once in rumination. I do mine in actuality alone, doing it once instead of three times." This was by intelligent exercise of Mr. Beecher's will power in concentrating his

mind upon what he was doing at a given moment, and then turning to something else. No one ever won success in life by going at it in a half hearted, half energetic way, satisfied with only so much real work as was necessary to keep going. It is the long, steady pull, the unconquerable purpose, the unbroken effort that wins the battle of life. There is no room in the Halls of Fame for the weary hearted and there never will be. Rowe was correct when he said:—

"The wise and active conquer difficulties, By daring to attempt them; sloth and folly Shiver and shrink at sight of toil and hazard, And make the possibility they fear."

Fritz Kreisler in Harrisburg

About twenty-five college folks attended the recital in the Harrisburg Orpheum Theatre on Wednesday evening Feb. 26, given by Fritz Kreisler the violinist. This artist, who has acquired world wide eminence, ranks as the foremost violinist of today.

A large and appreciative audience listened to his programme with keen interest and favor. The ease and dignity with which he responded to the applause won instant recognition from his admirers. At the close of the programme the audience remained seated and Mr. Kreisler in addition very pleasingly played "Liebesfreude" and "Humoresque," both selections so well known.

Varsity Loses Some Games

Continued From Page 1

teams means more than dozen games won by unfair playing. Keating, Loomis and Hollinger played strong games. For St. Francis, Fees and Leonard were shining lights, scoring all but two of the points made by their team.

St. Francis L. V. C.
Fees forward Keating
Leonard forward Loomis
Wudm center Hollinger
Rengle guard Walters
McCrtesh guard Atticks
Field goals—Fees 7, Leonard 6, Keating 3, Loomis 2, Wurm, Atticks Hollinger. Foul goals—Fees 11 out of 15, Hollinger 11 out of 25. Referee—Ray Bennet. Time of halves—20 minutes.

By the time the boys reached Juniata College on Saturday night, their dash and energetic playing so characteristic of their previous games had almost entirely disappeared. This can be seen by the fact that only three field goals were made by our men during the entire game. Notwithstanding this fact the boys played pluckily, and at the end of the first half they managed to secure 14 points as opposed to their opponent's 18. But the pace was too fast and it was only by wonderful foul shooting of Hollinger that our team was kept in the running. Joe secured 19 out of 26 attempts. The final score was 38 to 27. Newcomer, Baker and Manbeck were Juniata's star performers.

Y. M. C. A. NOTES.

The evangelistic meeting at the
college church was in charge of the
Christian Association on Saturday
evening. Rev. H. S. Dando deliver-
ed the message. An octette chosen
from the Glee Clubs rendered spec-
ial music.

Th regular devotional meeting of
the Association on Sunday afternoon
was in charge of Harry Baker. He
spoke of the need of praying for
each other. The prayer of inter-
cession is the noblest form of pray-
er and the one perhaps most need-
ed at this time when special effort
is being made to win souls. The
attendance was fair and a large
number took part in the general
discussion.

The Association has secured the
services of Prof. T. W. Shannon,
president of the Practical Eugenic
Movement, for three days next
week, beginning with Sunday. Prof.
Shannon will speak at the church on
Sunday and deliver addresses to the
students on Monday and Tuesday af-
ternoons.

D. Mason Long '16, spent several
days at his home in Mt. Joy suffer-
ing with a severe attack of the
grippe.

1918 Elects Quittapahilla Staff

The class of 1918 has elected its
Quittapahilla staff. Much time was
given to selecting the members of
the staff and it is hoped that they
will give us splendid production as
the fruit of their labors next year.
Those elected are as follows:—

Editor-in-Chief—William Martin.
Business manager — Raymond
Keim.
Associate editors—Clara Suckling
and F. D. Beidel.
Assistant business managers—Roy
McLaughlin and Claude Klinefelter.
College department editors —
Ralph Mease.
Society editor—Helen Hoover.
Music editor—Joseph Jackowiak.
Christian Association editor—Wm.
Isaacs.
Athletic editor—Wm. Keating.
Artists—Paul Shannon and Gid-
eon Jaeger.
Humorous editors—Katie Ruth
and Eldridge Slumbaugh.
Photographers—Raymond Nissley
and Henry Gingrich.

**Mr. Graham's Lecture
Pleases Hearers**

A large house greeted Mr. Geo.
M. Graham sporting editor of the
North American on Thursday eve-
ning last. Mr. Graham proved to
be quite an entertainer, pointing
out those phases of the various
sports, which the average fan
knows little about. His interpreta-
tion of football, baseball boxing and
swimming is well to be kept in
mind. Should these sports be car-
ried out as pointed out by this au-
thority, the stamp of approval would
be placed on all lines of sports, in
every locality. The talk was high-
ly appreciated by all. We extend
Mr. Graham a hearty invitation to
visit L. V. at any time.

On Friday night the attendance of Clio was somewhat augmented by the presence of Philo and Kalo members. The musical program was the special means of attraction to the fellows. After a week of hard work this splendidly rendered program was greatly appreciated by all present. It was easily seen from the talent that was displayed at this meeting that many of Clio's members could make a great success in the musical world.

The fellows were made to feel at home in more ways than one. First of all by the royal reception they received while at Clio and then by being accompanied home by the fair Clios, who, in this way, showed the true leap year spirit.

CALENDAR.

Wednesday, 6:30 p. m.—Business session of Y. W. C. A.

Thursday—Basketball, Varsity vs. Moravian College in Alumni gymnasium.

Friday, 7:15 p. m.—Literary Societies in session.

Saturday, 7:30 p. m.—Revival services in charge of Christian Associations.

Sunday—T. W. Shannon will address students at hours to be announced later; 6:00 p. m.—Christian Endeavor, subject—"Christian Fidelity and Force."

Monday—T. W. Shannon still with us. Talks in afternoon and evening.

Tuesday, 6:15 p. m.—Student prayer meeting.

AMONG THE COLLEGES.

Princeton Freshmen are compelled to meet to roll bandages for the Red Cross Society.

Every able-bodied male student at the University of Kansas must play football at least twice a week.

At Delaware College the Freshmen have been allowed to put their caps in storage until Washington's birthday at least.

Interclass fights at the University of Pennsylvania are at an end for all time. Their discontinuance was decided upon last week by separate votes of each of the four classes.

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, February 8, 1916 No. 18

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Varsity Wins From Moravian and Juniata; Scrubs Defeat Middletown

Lebanon Valley's Varsity Basketball team came through the week with two brilliant victories to their credit. On Thursday night they defeated Moravian College 37-19 and on Saturday night the strong Juniata quintet bowed to defeat in a fast game, score 36-24.

The game on Thursday, although apparently one-sided, was fast and snappy from beginning to end. Moravian College is always a welcome visitor at this institution because their playing is clean, gentlemanly and most sportsman like. Their playing on this night was no exception and every spectator thoroughly enjoyed the evening's performance.

It was not long before our boys assumed the lead, which they maintained throughout the game. The passing of our men was especially note worthy, while the close guarding of our guards kept the score of the opponents quite low. At the end of the first half the score was 23-14. Both teams were not as aggressive during the remaining period and to our 14 points scored Moravian was held to five. Loomis and Swartz played strong games for L. V. while Shields and Turner were Moravian stars.

L. V.	Moravian
Keating	F..... Shields
Swartz	F..... Turner
Hollinger	C..... Kuehle
Loomis	G..... Weedman
Walter	G..... Clewell

Field goals—Loomis 5, Swartz 4, Seltzer 2, Hollinger 2, Keating 2, Atticks 1, Shields 3, Turner 4, Kuehle 1. Foul goals—Hollinger 3 out of 6, Seltzer 2 out of five, Weedman 2 out of 7, Shields 1 out of 1. Substitutions: L. V.—Seltzer for Hollinger, Shetter for Keating, Atticks for Loomis. Moravian—Evans for Turner. Referee—Rutherford U. of P. Time of halves—20 min.

The Game With Juniata

On Saturday night the Juniata five were the attraction and the boys entered the game with the spirit of making amends for losing to Juniata the Saturday night previous. Nothing could stop the boys from expressing this spirit and it was manifest in each individual and in each play.

Both teams were in the game to win and the result of this was a hard fought, gruelling contest which delighted immensely the crowd of spectators. Keating's spectacular performance was a great factor in putting and keeping our team in the lead, getting seven field goals during the first half. At the end of the first period the score stood 25-13 in our favor.

Scoring was not quite so frequent during the second period, each team having worn out itself considerably during the extremely strenuous play of the first half. Each team scored 11 points during this period, giving us a comfortable margin and victory.

During this second half Keating added 3 more field goals, making his total for the game 10. Manbeck was the big star for Juniata, making 7 goals from the field during the game.

L. V.	Juniata
Swartz	F..... Newcomer
Keating	F..... Berkley

Atticks	G..... Horner
Loomis	G..... Manbeck

Field goals—Keating 10, Swartz, Hollinger 2, Atticks, Manbeck 7, Horner, Berkley. Foul goals—Hollinger 8 out of 14, 6 out of 15. Substitutions—Oller. Referee—Rutherford U. of P. Time of halves—20 minutes.

Reserves Win From Middletown

Before the varsity game between halves the Reserve team took the opportunity to defeat Middletown by the score 66-19. The scrubs had no difficulty in scoring frequently and as the game progressed the score mounted higher and higher, nothing but the end of the game was able to stop the scoring. Seltzer and Fulford were the best point getters.

L. V. Reserves	Middletown A. A.
Swartz	F..... Bowman
Fulford	F..... Snavelly
Seltzer	C..... Becker
Rupp	G..... Harris
Mackert	G..... Houser

Field goals—Swartz 6, Fulford 8, Seltzer 11, Rupp 2, Mackert 6, Bowman 3, Becker 2, Snavelly, Harris 2. Substitutions—Bohan for Fulford. Referee—Rutherford, U. of P. Time of halves—20 minutes.

Professor Derickson burnt his hand quite seriously while working in the laboratory on Saturday.

Miss Esther Bachman was elected captain of the Girls' basketball team.

Miss Mabelle Diehl entertained Miss Helen Ziegler Sunday.

Prof. T. W. Shannon Shows Need of Single Standard

We are living in a day when both sound as well as extreme radical agitators are advocating many and diversified views. Some of the agitators leave us under the impression that this is a most wretched world, that it is in a most deplorable condition and the possibilities for its improvement extremely meagre. Others are more optimistic and would have us see a bright side. Is the world getting better? Yes and no. Here is room for argument. We all agree that in some respects it is getting better, while in other respects it is not. Which element predominates is difficult of correct decision. Some say it is not that we are getting worse, but that we are bringing the evils of society to light more than was our wont formerly and are now more energetic in rectifying the corruptness existing in society and our body politic society has raised its ethical standards. We have agitators for woman suffrage, prohibition, peace, clean politics and other phases of social progress.

One form of present day advance, and in which we as a college have so recently been made aware of is that of practical eugenics which has been presented so forcefully to us by Prof. T. W. Shannon in his plea for the single standard life.

Prof. Shannon agrees with Miss Charlotte Perkins Gillman when she says that we are living in a man-made world. This has been developed from that period in our social evolution when might made right. Man, the physically superior of wom-

EDITORIAL

Every form of society demands some special organization suited to its needs; it has its laws and means of enforcing the same. The government of the United States has its Congress for the purpose of making the laws which are to regulate the actions of its citizens; it has a militia, police force and courts of justice to insure the enforcement of these laws.

In like manner, the colleges and universities have recognized bodies for the making of rules, and also provide means for the punishment of those who break these rules of conduct which are to govern the acts of the student. This question, of providing the best rules for the student and inflicting just punishment for the breaking of the same, has ever presented considerable difficulty, and we dare say that the difficulties confronting the Men's Senate of our college in this respect are no fewer than are found in other colleges of its size.

Till this year the Senate has made rules, tried cases and endeavored to enforce penalties with no means of punishment for the smaller offences than that of requesting the offender to cease his unruly conduct. True an unofficially recognized body of returning "spirits" from Haedes took into its hands the problem of punishing those male students who had repeatedly committed misdemeanors. These "spirits" have received such censure as to cause them to retreat to Haedes, from which place they shall likely never return. Such organizations as Sophomore Bands or any similar organization is not tolerated by the college authorities. What form of punishment was to be inaugurated?

The demerit system has been deemed the best means of control over offences committed among the male students at Lebanon Valley. By this system the breaking of Senate rules will be punishable by demerits which shall be given by that body. Each student will be allowed a cer-

tain number of demerits each semester and an excess of this number will automatically dismiss the offender from school.

This system, while new at Lebanon Valley, has been tried at other colleges and proven good if properly used. What results it will achieve in better student conduct here remains to be seen. It will soon become effective and we hope for and wish this system great success. The question of its success, however, is largely up to the individual students coming under its control. We all want better student government and now we have the chance to put it to a real test. Will you co-operate with the rest of the students in doing your best and reporting all cases of violation of these rules? Only in so doing can we realize the best results.

CO-ED'S BOW TO HASSET CLUB IN WELL-PLAYED GAME

It was only after 40 minutes of strenuous playing that the Girls' Basket Ball team went down to defeat at the hands of the Hasset Club of Harrisburg last Wednesday evening by the close score of 13-11. The Hasset Club is a team composed of girls who have had a number of years experience on basket ball teams and their playing was the fastest and most clever seen on the local floor. This superior playing of the visitors kept the ball constantly in our territory but by close and careful playing on the part of the whole team, and especially of the guards, the score was kept at low figure. Our girls, although they did not score as many field goals as their opponents, were kept in the running continually by the splendid foul goal shooting of Miss Engle. She also contributed a field goal to the total number of points scored. Miss Gamble was the author of the remaining two points scored by our girls. Miss Burns was the Hasset star.

The Need of a Single Standard

Continued From Page 1

an, made decrees and woman, unable to offer sufficient resistance, was compelled to abide by them. Men gave way to their emotion and passions, while they demanded that woman live a life a strictest purity. Thus men may today indulge in wicked, licentious and degrading practices and yet appear in society as a gentleman. He may do these wrongs and be acquitted by society, while the girl indulging in the same practices is a social outcast and may scarcely ever expect to receive a place of respectability in society.

Woman has been compelled to conduct herself as morally superior to man. Yet, this is not what we should find in society. Woman should have, and gradually is attaining, that position where she should be able to demand of man morally what he now demands of her. "Just so sure," says

Prof. Shannon, "as all water seeks a common level, so sure do the moral standards of society seek a common level. We will eventually have a single standard of morals, be it that now required of woman, that required of men or a middle ground. It is to be hoped that the ever increasing prominence given to woman in all walks of life will enable her to so exert her influence as to compel men to rise to the moral level required of her. If this would be accomplished many of our present social problems would be solved. It is a big task but it can be done.

MISS HUGHES ENTERTAINS

Miss Ruth Hughes gave a birthday party in the parlor of North Hall on Saturday evening, Feb. 5, 1916. The room was made attractive and home-like by the addition of cushions and table lamps. Miss Hughes showed how a "box of eats" from home can be turned into a delicious birthday "feed." The table, in the center of the room, was the most attractive feature. The unique menu cards and favors added to the appearance of the same. The menu was—

Fruit Salad	Club Sandwiches
Olives and Celery	
Potato Chips	Pretzels
Buns and Cocoa	Cake
Pie a la Mode	Candies

Those present were the Misses Elizabeth Jenkins, Fleeda Kettering, Helen Ziegler, Ruth Hughes and the Messrs. Charles Loomis, Russell Rupp, LeRoy Mackert and "Jack" Machen.

AMONG THE COLLEGES.

At the annual meeting of the Pennsylvania College Presidents held at Houston Hall, University of Pennsylvania last Friday the following resolutions were adopted:

"It is the sense of this body that the migratory rule, that is, the rule that a student coming from one institution to another, shall be registered as a student in the latter institution for one year before being permitted to take part in intercollegiate activities, should be adopted by all institutions (colleges and universities) in Pennsylvania.

"It is also the sense of this body that it is prejudicial to the interests and good name of our colleges and universities to grant scholarships on account of athletic ability."

The Muhlenberg "Weekly" is to appear as the work of a staff of editors chosen from the Freshmen class. This issue will appear March 1st. Succeeding numbers in April and May will be published by the Sophomores and Junior classes. This is a fine plan, and we wish the different staffs much success.

Columbia University men will next month issue a new intercollegiate magazine, "Challenge."

Basketball in the different colleges:—

Muhlenberg, 34; Albright, 22.

Bucknell, 40; Susquehanna, 9

Lehigh, 40; Ursinu, 30.

Rutgers is seeking some means to eliminate cribbing in examinations. The Honor System is not in operation in Rutgers, and the students are considering whether the adoption of this system would reduce dishonesty in examinations.

On account of financial difficulties Muhlenburg College will have no baseball team this year.

Barnard College is considering dropping the Honor System. The grounds are that "it is no more successful than the proctor system."

Delaware College finds their student Aid Fund a very successful proposition. By this fund struggling students are aided financially. These students will pay back the money as soon as possible after graduation.

The Freshman class, of Chicago University, has begun the issue of a paper called the "Green Cap." The paper is printed in green ink and the names of all freshmen are spelled backwards.

NOTES OF INTEREST.

Dr. G. D. Gossard attended the conference of college presidents, which was recently held in Chicago. He also spent some time in such cities as Pittsburg, Cincinnati and Dayton, where he spoke in the interest of Lebanon Valley.

Three Spaniards have matriculated for work in the college during the second semester. Their home is in Camaguey, Cuba, to which city they will return after two of the men have completed courses in law, while the third will qualify as a chemist.

Rev. E. L. Hughes visited his daughter Ruth on Saturday.

G. D. Gossard preached and represented the college in the U. B. Church at Avon on Sunday.

AMONG THE COLLEGES.

Thru a Graduate Athletic Committee Dickinson proposes to have better football next year. The football coach shall be elected by this committee and his selection of assistant field coaches must be ratified by the committee. Unless the players report for practice and unless they obey the rules of training, it will be considered useless and inexpedient to retain football as an intercollegiate sport.

The president of Ursinus has recently given the young women of the college permission to enjoy athletic privileges equally with the men of the college.

Girls Win From Tyrone Champs

In a fast and exciting game last Friday night, the Girls' Basketball team defeated the Tyrone Y. W. C. A. team, last year's champions of Central Pennsylvania by the score of 21-16. Tyrone started off strong, and by clever playing were able to keep at a comfortable distance from our girls, at one time leading them by a margin of six points. It was not long, however, before our girls found themselves and their score began to mount by leaps and bounds and by the end of the first half were two points behind their opponents, the score being 15-13. Miss Bubb and Miss Hershey were the chief point getters in this period, the former making four goals from the field while the latter added two of similar character. Miss Engle shot one foul, contributing the final point.

During the second period everything came to the cause of our girls, and a few minutes after play was resumed Miss Gamble made the score 15 all by tossing a neat field goal. This seemed to urge on the girls to greater action and endeavor and in a very short time Miss Engle contributed two field goals and a foul in rapid succession. Shortly afterwards Miss Engle added another point on a free toss from the fifteen foot line, making our total 21.

While our team were amassing these points, Tyrone was held powerfully by the close guarding of our girls and all of their attempts at scoring went wide of the mark. Only one point was secured by them during this second period.

McNellis, Vogt and Gray played very strong games for the visiting team. In the absence of Captain Bachman, Miss Williams was placed at guard and she played a creditable game.

L. V. C. Tyrone.
Bubb F. McNellis
Hershey F. Vogt
Engle C. Gray
Gamble G. Mease
Williams G. Gibbs
Field goals—Bubb, 4; Hershey, 2;
Engle 2; Gamble, McNellis, 3; Vogt,
3; Gray, 1. Foul goals—Engle, 3;
McNellis, 2. Referee—Keating.

PERSONALS.

Miss Dorothy Lenhart, of New Cumberland and Miss Grace Bond, of York, were guests of Miss Miriam Lenhart and Miss Helen Ziegler over Sunday.

Miss Helen Hughes is spending a few days at Lebanon Valley with her sister, Miss Ruth Hughes, '19.

Miss Edna Weidler spent Sunday with friends at Hummelstown.

THE STRONG ARM

Part I Written by MARGARET MILLER

Each of the five parts into which this serial is divided represents the work of one of the Clio girls. Each girl took up the story where her predecessor left it and then added her part to the serial.

PART I

"Great Caesar, I hope they haven't forgotten me," was the inward exclamation of Mr. Howard Wharton as he stepped from the train at Madison, a little station in North Western Pennsylvania. "I'm precious sure that I don't want to walk ten miles thru this forlorn country. Don't suppose there's a phone anywhere. Thank fortune! here's a car. Just as I was giving up all hope of rescue."

Mechanically, he nodded to the chauffeur, and took his seat in the large, roomy automobile where he was able to continue his gloomy reflections among more luxurious surroundings.

"I just wonder what struck the old man. He surely does act in fits and jerks. I'll bet Prexy, the little shrimp, has something to do with this. And I, parasite that I am, always obey. Why can't I get a little backbone?"

We will follow this monologue no further, but, instead, will interpose a few words of explanation.

Howard Wharton was the younger brother of Eldredge Wharton, a wealthy manufacturer and owner of large interests in the West. At the death of the mother, Eldredge had promised to care for Howard, who at ready at the age of fifteen, gave evidence of a lezy, somewhat wild nature. The former had kept his promise well. For ten years he had watched over his brother, guarding him from evil of all kinds. This had been comparatively easy until Howard had gone away to school; for weak as he was, he always leaned upon the strong arm of his elder brother. However, at college he got in with a crowd of young men who cared more for Wharton's copious allowance than for the man himself. Naturally, under such circumstances, work was neglected and he became a constant source of worry to his brother. But he was not entirely devoid of character. He possessed certain traits that gave hope that perhaps some potent factor might sometime come into his life and arouse him to action.

Continued on page 3

Reserves Trounce Shippensburg Normal

The Reserves had little difficulty in trouncing the Shippensburg State Normal School last Saturday by the score of 57-21. The game was fast and interesting, but the Normal boys could not successfully defend themselves against their heavier and experienced opponents. Seltzer was the big star getting nine field goals. Barnhart played the best game for Shippensburg.

Y. W. C. A.

At the regular Y. W. C. A. meeting on Sunday afternoon, Miss Lehman gave a splendid talk to the members of the Association on the Y. W. C. A. as it used to be and is now. She brought out the great progress the association thus far in its fifty years of existence has made, and thus showed the wonderful opportunity which we as an association have for the future. Miss Lehman's central thought was consecration to Christ and what a splendid chance we have to work in cooperation with the church and not apart from it. The organization is not a substitute for the church but a cooperator. This helpful talk was much appreciated by all.

We recently celebrated the one-hundred and seventh birthday anniversary of the great Emancipator, Abraham Lincoln. Lincoln served as President of this United States just four years, one month and eleven days. In this time he made upon the American people an impression that has become indelible. At a time, when the nation was struggling away from slavery by means of blood and fire, it was he who by his deep wisdom, his shrewd common sense, his broad human sympathies and his power of expression healed the wounds of war and left behind him a sainted memory, which has now done its perfect work of reuniting the nation.

Lincoln will always be loved by Americans. The reunited American nation is his monument, the heart of our people, his shrine. To admire him is to understand America. To love him is to be an American.

Washington freed the colonies and helped to weld them into a strong sisterhood of states. His great work was the making of the nation and to outline policies, which are still potent in shaping the foreign policies of this government. Lincoln's work was equally great; he was the great apostle of national unity and it is he who we thank for having today one nation. In these troublous times, Lincoln's anniversary means more to America than it has for decades. We should study his spirit, as it breathes through his living words and let it be our guide.

Lincoln's life and character, as a statesman and president, was simply an enlarged picture of his life and character as a man. His broad human sympathies, his kindness to animals, his regard for the aged, and his love for his mother are especially noteworthy. When Lincoln's mother was buried, there was no minister present, but at the grave the lad Lincoln vowed, that as soon as one should come that way, regular funeral services should be held

over the grave of his departed mother. A short time afterwards an itinerant preacher came that way; Lincoln lead him to the lonely grave, where the burial services were then held. No one was present, but little Abraham and the minister. Soon a new mother entered the home. She recognized ability in Abraham, and the mother and lad, because close friends. Lincoln gives to his new mother all this credit for the education he received. It was Lincoln, who said, "All that I am, or hope to be, I owe to my angel mother."

THE AMERICAN FLAG.

This month, when we commemorate the birthdays of two of our great national leaders, we think of that emblem—the Stars and Stripes—which Washington helped make possible and Lincoln labored to save.

A thoughtful mind, whenever it sees a nation's flag, sees not the flag merely, but the nation for which it stands, and whatever may be its symbols and its insignia, he reads chiefly in the flag the government, the principles, the truths, the history, which belong to the nation it sets forth.

This nation has a banner, and wherever it streams abroad, men see daybreak bursting on their eyes for the American flag is the symbol of liberty, and men rejoice in it. Not another flag on the globe has such an errand, carrying everywhere such hope for the captive and such glorious tidings.

As at early dawn the stars stand first, and then it grows light, so on the American flag, stars and beams of many colored light shine out together. And wherever the flag waves, and men behold it, they see in it no rampant lion and fierce eagle but only light, and every fold significant of liberty.

The history of this banner is all on one side. Under it rode Washington and his armies; before it Burgoyne laid down his arms. It waved on the highlands at West Point; it floated over old Fort Montgomery; it cheered our army, driven from New York in the solitary pilgrimage through New Jersey, it streamed in light over Valley Forge and Morristown and crossed the waters rolling with ice at Trenton, and when its stars gleamed in the cold morning with victory a new day of hope dawned on the despondency of the nation. The American flag has floated over our cradles; let it be our prayer and struggle that it shall float over our graves. In this consists our hope, and without it there can be no future for our nation.

"Here welcome to wounding, and combat, and scars,

And glory of death for the stripes and stars."

"Invincible banner! the flag of the free;

Oh! where treads the foot that would falter for thee?"

WEEK OF PRAYER NEXT WEEK!
KEEP PRAYING.

Letter From State Editor, The North American

"What are the football prospects this year?"

"LEBANON VALLEY."

Ross E. Kauffman, Scholastic sporting editor of the North American, says so. It was his reply to my query as we walked towards a car last night. He pronounced it in such a manner as to leave no doubt but that Lebanon Valley is going to make a wonderful record in college football next season.

"Look at their schedule. Army as a starter with Dartmouth for the second game. Then Lehigh; then Lafayette—Isn't that enough to convince you that Lebanon Valley is going to be a winner? They've got nerve and grit, and nerve and grit play a big part in football."

He had the whole schedule at the end of his tongue and he analyzed it as only a professional football dopest can do. He predicted a winning season for Lebanon Valley.

"And I'll bet," he continued, "that before the end of 1917, Lebanon Valley will have the scalp of the University of Pennsylvania dangling from its football belt."

"This is Lebanon Valley's year," he concluded. "They can't help but be victorious as long as that human dynamo, Roy Guyer, is leading them."

He didn't know I was interested in Lebanon Valley. But I tell you, I felt mighty proud and glad for his words. It was too good to keep and that's why I'm sending it along—with the hope that it will add a mite to the enthusiasm.

ALL GLORY TO L. V. C. AND "RAGS" GUYER.

Why not, "THE U. of P'S SCALP BY 1917" for a football slogan?

Add mine to the many wishes for the success of L. V. C. on the gridiron.

HERBERT L. GRIMM.

State Editor, THE NORTH AMERICAN.

RESOLUTIONS.

Whereas, God has seen fit to remove from labor to reward the father of our Brother, we members of the Philokosmian Literary Society, do hereby set forth these resolutions:

That we express our most heartfelt sympathy to our brother, Philo and his family in this occasion of sadness;

That the sudden removal of such a life from among their midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of the family, and will prove a serious loss to the community and the public;

That with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to them may be overruled for good by Him who doeth all things well;

That a copy of these resolutions be spread upon the minutes of this society, a copy published in the College News and a copy forwarded to our bereaved fellow-member

PAUL E. WITMEYER,

J. PAUL HUMMEL,

HARRY P. BAKER,

Committee.

The Strong Arm

(Continued from page 1)

This beautiful May day he had been aroused early in the morning by an urgent summons from Eldredge Wharton. Feeling, at the time, a profound contempt for his own weakness, yet he did not delay making preparations for his journey. So here he was, late in the afternoon, riding thru this splendid country, so much of which belonged to his progressive brother. Far away in the distance there were visible the rising columns of smoke, issuing from the Wharton factories. Would he ever own a partnership in those factories, or would he always be just a weak, dissolute younger brother?

The automobile swerved sharply to the right and turned into a drive way that was bordered on both sides by magnificent trees. In the distance, the house, a graystone mansion, was plainly visible. Howard was met at the entrance by Louise Wharton, his brother's lovely young wife. She greeted him affectionately and urged him to go immediately to her husband; but, above all things to avoid an argument. She explained that on the evening before, Eldredge had received bad news of some kind, and seemed greatly worried, so that the doctor feared that in his present condition, further excitement might be dangerous. Louise was unable to give him further information, but urged him to go at once.

With a heavy foreboding, resulting from an uneasy conscience, Howard hastened to his brother's study. A gruff "come in" responded to his knock.

Eldredge Wharton, aged before his time, was sitting at his desk writing. He did not rise as his brother entered, but shook hands in silence. Then curtly motioned him to a chair. At the end of a few minutes of unbroken silence—which seemed hours to Howard—the older man turned.

"Howard," said he, "I have received more communications concerning your total neglect of your work at school and the utter recklessness with which you have been engaged in all kinds of dissipation. Heretofore I directed these communications to you. Now, however, I have resolved upon another course. You will prepare to go to Arizona to look after some large interests which I own there. I will explain more fully tomorrow as to the nature of the business. This is your last chance to make good. If you fail, you need look to me for no further help. It's time you help yourself. Be ready to leave in two weeks. You will not return to school. That is all. Tell Louise to come to me. No, as Howard started to speak, you need say nothing. It will make no difference for I am fully determined. Please do as I ask."

Howard left the room, his brain in a whirl. Instinctively, he went to seek his sister-in-law. She would help him. As he passed the music room, the sound of the piano caused him to pause. Someone was play-

ing, and there was that in the quality of the music which was different from anything that he had ever heard. Like one in a dream, he approached the door and opened it softly. He caught his breath, for there, seated at the piano, was a beautiful girl, the loveliest, Howard thought, that he had ever seen. As she sang, she turned her face toward the intruder. He was startled to see that she was blind. Something stirred within him and he felt a profound sympathy for the lovely girl, who, totally unconscious of his presence, sang on. The listener felt inspired more and more. He grew strong. For her sake, he felt able to conquer all odds, even to fulfill his brother's command. Then curiosity took possession of him. Who is she? What is she doing here? Amazed at his own fortitude, he entered the room.

(To be continued)

Among those who are here for the annual Valentine party are Misses Edith Bergdoll and Helen Throne, of York; Dorothy Heffelman and Mary Wright, of New Cumberland; Edna Pugh, of Chambersburg.

The Association again had charge of the evangelistic service at the college church on Saturday evening. Mr. I. S. Ernst directed the exercises and Rev. F. L. Stine delivered the sermon.

The regular devotional service for the week was held on Sunday afternoon. Prof. S. O. Grimm gave a splendid address on "The Teachings of Christ and Social Problems". The attendance was small, due to the inclement weather.

BASKET BALL TEAMS TAKE TRIPS.

The Varsity Basketball team will go on a two days' trip this week, playing Muhlenburg at Allentown on Wednesday night and Moravian College at South Bethlehem on Thursday night. On Saturday night Bucknell will play at Annville.

The girls' team will go to Chambersburg on Friday where they will play the High School Girls' team of that place. On Saturday night they will play the girls' team of Camp Hill at that place.

AMONG THE COLLEGES.

Considerable interest in debating has been aroused among the students of Dickinson College. A schedule including State College, Franklin and Marshall, Juniata and University of Pittsburgh, has been arranged for the debating team.

The Amherst College football schedule for the season of 1916 is featured by the absence of a game with Dartmouth. This is the first time in a good many years that the Hanover eleven has not had a place on Amherst's schedule. This came as the direct result of an action by the Student Council.

GLEE CLUB GOES TO MANHEIM.

The Men's Glee Club gave its second concert of the season at Manheim on Friday. The club rendered its program in a creditable manner before a rather small house of music lovers. William Price as cornetist, proved quite successful. The frog chorus and Eichelberger's readings made special hits with the audience.

The club will have a two day trip this week, going to Red Lion and York.

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, February 22, 1916

No. 20

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Varsity Wins Two and Loses One

The Varsity basketball team continued its victorious stride during the past week, winning two out of three games played. Muhlenburg was the team which our tossers could not defeat, the former winning by the score of 25—21. The game was played last Wednesday on the Muhlenburg floor. Our team took the lead early in the game, but at the end of the first half Muhlenburg had passed us and the score stood 9—7.

In the second period we again took the lead which was maintained until the last few minutes of play when the score was tied at 19—19. During these last moments Captain Ritter insured victory for the Muhlenburg team by dropping the ball twice thru the baskets for double counts. Afflebach added another making their total 25.

Continued on Page 3

Co-Eds Have Successful Trip

Friday the Girl's basketball team left on a two day's trip, chaperoned by Prof. Marion Reid. First stop at Chambersburg. Here they met the girl's team from the local High School. After about two minutes of play the Chambersburg girls had scored two field goals while our Co-Eds had failed to score. As usual our girls woke up immediately and soon had the lead which they held until the end of the game. The C. H. S. girls were easily outclassed altho they displayed unusual strength, they lacked to a certain degree the nimbleness and team work of our quintet. Miss Engle was at a disadvantage in her position for her opponent was six feet, two inches tall. For the Chambersburg team Miss Baker played an excellent game while each one of our girls played their best. The lineup and summary follows:

Field goals—Bubb, 2; Engle, 2. Hershey, Gable, Baker, 4; Nicolas. Foul goals—Engle, 1 out of 5; Baker 0 out of 6. Referee—Zacharias.

Next stop Camp Hill. Although tired out our girls made Camp Hill girls swallow the small end of the 63—5 score. In comparison to the first game this could scarcely be called much more than a practice. Hershey and Engle were easily the "stars" but each girl added to the score.

Field goals—Engle, 11; Hershey, 10; Bubb, 3; Gamble, 2; Bachman, 2; McCoy, 2. Foul goals—Engle, 7; McCoy, 1. Referee—Rocky.

THE STRONG ARM

Part 2 Written by H. RUTH HEFFELMAN

PART 2

Now, that he had been bold enough to enter the room, his dazed mind seemed to relax, and he imbibed the beautiful clear tones of the singer. Entranced by the sweet songs seemingly sung at his request, for each one was a favorite of his, the young man dreamed of his happy care free boyhood. His mother used to sing those songs. Would she be proud of him if she could see him now? Would she look at him

RELIGIOUS NOTES

The Y. M. C. A. session on Sunday afternoon was of unusual interest. Mr. Martin the leader, spoke on "Crossing the Line." He defined crossing the line as meaning first, consecration and second repeated consecration. The subject was presented by answering three questions, "What Are We Doing to Show Where We Stand?" "Does God Expect Us to Cross The Line?" "Why Should We Cross The Line?" The necessity for reconsecration was brought in an interesting and helpful way. Many short and pointed talks were given by members of the association. The lack of attendance at the prayermeetings which dwindled from sixteen to nine persons was given as an example of the lack of interest on the part of those who profess Christianity. Several of the young men said they wanted to reconsecrate themselves. Helpful instances were cited and useful and appealing suggestions given. Finally the leader said he felt the necessity of reconsecrating himself and all that wished to do the same should rise to their feet. Nearly all arose. Everybody went away feeling benefited, more hopeful for the week of prayer and determined to do something definite to make it a success.

Week of Prayer Program

Monday 21.—Rev. N. L. Linebaugh, Hershey.

Tuesday 22.—Rev. A. S. Lehman, Hummelstown.

Wednesday 23.—Rev. H. E. Miller, Lebanon.

Thursday 24.—Rev. B. F. Daugherty, D. D., Lebanon.

Friday 25.—Rev. S. F. Daugherty, D. D., Annville.

Saturday 26.—Dr. G. D. Gossard, Annville.

Kalo Delightfully Entertains Masqueraders

The mirthful mummers gaily gathered in the college chapel on Monday evening, Feb. 14. After a general inspection by the judges, the Washington Band led the frolicers to Kramer Hall, where a glorious evening was spent. What an amazingly mixed crowd. Some from the Orient, from the War Zone, from Hades, from the Zoological Gardens, from Nursery Rhymes, from the Vegetable Garden and even from the Bathing Beach, while Uncle Sam in all the glory of the Stars and Stripes presided over all. There were tall men and lean men, little men and fat men, meek girls and haughty girls, laughing girls and sober girls, summer girls and winter girls. In truth, all the lad's and lassies one could think of. Oh, the surprise when the fallen masks revealed familiar faces!

Great pleasure was derived from Cupid's shooting gallery and also from the numerous suggestions on the walls. As always delicious refreshments were served after which the party dissemated.

Coach Guyer Entertains Girls' Basket Ball Team

Our winsome basketball quintet were delightfully entertained at Coach Guyer's home in Shippensburg last Saturday. His father met the girls at the street car line with his team and in this hauled the girls to the house where the table groaned with the weight of good country "eats." The girls cannot say enough in appreciation for their royal reception.

OUR CHURCH ABROAD.

Dr. Hough's new missionary book "Our Church Abroad" has already found its way to the desk of a large number of students. Every United Brethren student NEEDS to be acquainted with it but it is worthy of the interest of students belonging to any other denomination. It is a clear, inspiring account of the church's past achievement on the foreign field and its present needs. Every sentence portrays the unlimited enthusiasm which characterizes our general secretary of foreign missions. It is bound to sow the seed for a rich harvest of missionary activity. Get a copy, read it and deepen your interest in missions.

Miss Ruth I. Steinhauer, Lemoyne Pa., spent the week-end with her friend, Miss Elta Weaver.

One of the great mistakes that is being made by great numbers of students in our present day colleges is the neglect of their physical selves. Coming to college with the express purpose of acquiring knowledge and becoming acquainted with facts, they get that and nothing else. It is for this reason that the educational system of our country has opponents, who say that the only thing an education does, is to ruin your health and they certainly are correct with a large number of students. Ignorant of the fact that as a rule great decision of character is accompanied by great constitutional firmness, students persist in staying inside of their room from early morning until late at night using for their excuse the hack-nayed expression that they do not have time for anything else. What would we think of the student who comes to college and claims that he does not have time to put on classwork or has no time to study for classes. Yet, what is the difference. If there is any difference, at all, the balance goes to the side of a healthy body. For what does your ability amount to, if you have not the constitution to support it. True, to prosper you must improve your brain power; but nothing helps the brain more than a healthy body. The race of today is only to be won by those who will study to keep their bodies in such good condition that their minds are able and ready to sustain that high pressure on memory and mind which our present fierce competition engenders. It is rather health than strength that is now wanted. Health is essentially the requirement of our time to enable us to succeed in life.

As a rule it is the strong physical man who carries weight and conviction. Take as an example William, the Conqueror, as he is pictured by history. "The very spirit of the sea robbers from whom he sprang seemed embodied in his gigantic form, his enormous strength, his savage countenance, his desperate

bravery. No other man could bend his bow. He rose to his greatest heights in moments when other men despaired. No other man who ever sat upon the throne of England was this man's match".

We take Webster. Sydney Smith said, "Webster is a living lie; because no man on earth can be as great as he looks." Carlyle said of him, "One would incline at sight to back him against the world." His very physique was eloquent. Men yielded their wills to his sight. The great prizes of life ever fall to the robust, the stalwart, the strong—not to huge muscles or powerful frame necessarily, but to a strong vitality, and a great nervous energy.

Glee Club Meets With Hearty Reception at Red Lion and York

The splendid interest taken in the Glee Club by the people of Red Lion and York, and the many congratulations received upon the performance of the several members composing its varied program were highly encouraging to the club.

The large opera house at Red Lion afforded an excellent place in which to give a concert of this character. Here the club was greeted by an audience of about six hundred people. Generous applause called for many encores which the club gave with a dash and spirit which made them take well. Several members of the club visited the High School on Friday morning and gave a short program before the student body. The faculty of this High School is made up entirely of L. V. graduates.

While the spacious High School auditorium at York was by no means filled, yet many L. V. sympathizers and friends were there to welcome the Club.

The members of the Club received splendid entertainment at both Red Lion and York. Sufficient time was spent at each of these places to afford an opportunity of seeing the cities. Some of the fellows, however, fearing that they would not be enabled to see all the points of interest by daylight, went sight seeing after the concerts. Thus no stones of opportunity for making the most of the trip were left unturned.

The Glee Club will go to Lancaster this Thursday and to Ephrata on Friday of this week.

The Passing Of A Good Man

Mr. S. F. Engle, a tried and true friend of Lebanon Valley College, after a brief illness passed from labor to reward on Friday morning, February 11. As an earnest Christian worker and leader, he was interested in the local church, the Conference, the Church general, in all forms of church activity, in education and especially in Lebanon Valley College. His splendid business ability, sincerity and good common sense made him a valuable man to the college. For a quarter century, just one-half the life of the school thus far, he was a Trustee of the College and for many years served on the Executive Committee.

At different times he was a member of nearly all standing committees and was generally appointed a member of special committees when important work was to be done. He was anxious for the success of the College. He sent his children there, and gave time, thought, prayer, sympathy and money. He was a man of wide experience and a man of vision. He said, "What is the use of our building big churches if we do not strengthen our colleges sufficiently to develop preachers big enough to fill them. I believe in building big churches. I also believe that the College should be good, well-equipped, and well endowed so that it can can turn out trained and efficient men and women." He desired a large student body, he saw it and was glad.

We feel keenly the loss at this time and trust that his mantle may fall on another who will carry on the work in the year's to come. He has done what he could and I am sure the Master has said, "Well done, good and faithful servant, thou hast been faithful over a few things, I will make thee to be ruler over many things, enter thou into the joys of thy Lord."

Our finite minds cannot fathom the workings of the great infinite mind but "sometime, some-day we'll understand."

G. D. GOSSARD, PRES.

WINTER SPORT.

Although rather late in the season, Lebanon Valleyites enjoyed coasting parties Tuesday and Wednesday nights. In spite of the fact that the moon did not shine in all its brilliancy, the icy slipperiness of Cemetery Hill gave momentum to the numerous "bobs" and added joy for the participants. The care of study was thrown aside and upper and under classmen joined in this winter frolic to the motto, "Sing, coast and be merry for tomorrow we flunk."

Among those who spent the weekend at their homes are Betty Jenkins, Mary Daugherty and Grace Snyder.

PERSONAL.

Miss Ada Beidler is confined to her room as a result of coasting injuries.

Messrs. Linn Stout and Harold Appenzeller, of Chambersburg, were guests of S. Huber Heintzelman on Sunday.

Varsity Wins Two and Loses One

Continued From Page 1

The game was extremely rough and often delayed by injuries to players. Neither team played their best game.

Goals from field—Affelbach, 3; Ritter, 3; Gaston, 3; Keating, 3; Swartz, 1; Atticks, 1. Foul goals—Ritter, 7 out of 9; Hollinger, 11 out of 18. Referee—Mitchell.

On Thursday afternoon the Varsity met Morairan College on their own floor and in a well played game defeated them 37—28. This game was also somewhat rough in its character but our team was able to maintain the lead thruout the game. Both teams played well in the second half. Keating's playing was very noteworthy.

Goals from field—Swartz, 3; Keating, 5; Hollinger, Atticks, Loomis, 2; Shields, 3; Turner, 2; Kuehl, 2; Clewell. Foul goals—Hollinger, 13 out of 16; Wedman, 11 out of 21. Referee—Crichton.

Bucknell was the attraction at home on Saturday night and in a gruelling contested game our team was awarded the decision by the margin of a single point. The game was undoubtedly the fastest and hardest fought game seen on the home floor this year. Both teams were slow in scoring but our boys drew first blood and almost by magic our score mounted to nine points. Two brilliant field goals from the center of the floor by Atticks were the chief features of the scoring. Then Bucknell began scoring but our total continued to rise and at the end of the first half we led by the score of 17—11.

During the second period Bucknell came back with great dash and in a short time were threatening to pass us but by close guarding they were held in check. But when fouls were committed they took advantage of their opportunities and thus the score rose to 19 all and then 20 all, our men however, always leading the scoring. Then there came to us in rapid succession a foul, a field goal each from Swartz and Hollinger and another foul and again we led 26—20. Bucknell, however, rose to the occasion and by the time the last half minute of play had come they had succeeded in tying the score at 26 all. On their eagerness to keep us from scoring during the remaining seconds of play Bucknell had a foul called on them and after the whistle had sounded, declaring the end of the game Loomis dropped the ball thru the basket and the game was won 27—26.

Field goals—Keating, 2; Swartz, 3; Atticks, 3; Hollinger, 2; Murry, 4; Musser, 2; Shaffner, 1; Boyles, 1. Foul goals—Hollinger, 3 out of 16; Swartz, 0 out of 2; Loomis, 4 out of 10; Garner, 10 out of 21. Referee—Rutherford.

"Don't plead 'I did the best I could,' as an excuse for a poor job. Such a plea is a libel on yourself.

—William E. Towne

THE STRONG ARM

Continued From Page 1

proudly and realize her dreams for him? But his reverie was interrupted, and he reprimanded himself for thinking such thoughts. Louise, his sister-in-law, appeared in the doorway to take the girl with her to the dining room. A quick exchange of glances, and Louise understood Howard's predicament, and waited until he came to the table for an introduction. "Alene Maxten, a friend of Louise's" was all he knew of the girl, but during the meal, even though his brother's presence reminded him of the hard way ahead, an admiration and strange feeling of sympathy was roused for the sweet-faced charming Alene.

When in his room alone, new battles were going on within the young Wharton. He was angry with his brother for his expressed determination to change his plans, he knew that two weeks would bring changes to him, he was ashamed of his weakness and consequent recklessness in college. Underneath all however was a feeling of sympathy for the friend of Louise a feeling the like of which had not been allowed to assert itself for a long time in his heart. Tired and unable to understand his own state of mind, he fell asleep, hoping that morning, with its chances to speak with his brother would clear things up.

Nine o'clock the next morning found Howard in his brother's study awaiting explanations of his statement the evening before. "Surely," he thought, "I can persuade him to change his plans, I do want to go back to college. What will the fellows think of me?" But the stern face of his brother at the doorway gave no encouragement to such ideas. He was just as firm as the day before. He outlined his work definitely. In a mining camp in Arizona, Howard was to superintend the miners. If he failed, at the end of a year, not only the mine, which was his successful inheritance but any aid from his brother would be gone for all time.

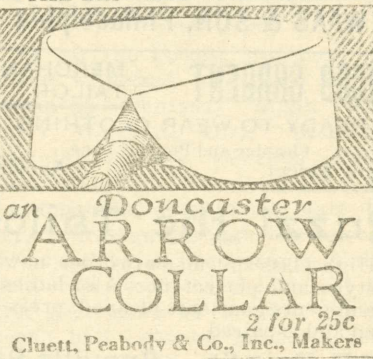

"In two weeks", said his brother you must be ready to leave. In the

meantime, I shall do anything I can for you.

This proposition overwhelmed him. "I can't do it. Why didn't I make good at college?" Going out on the large veranda where he might lounge and think a little of his future, he spied Louise and Alene. "You are just the fellow I want," she said, "Alene would like to hear the morning news, and I know that

THE STRONG ARM

Continued From Page 3

you will be glad to read it to her." Glad? Well I guess he was, not because he was especially anxious to do something for somebody else, but her charming presence was a delight. Her little comments, when he stopped reading for a minute were so clever and well informed that he was overwhelmed with pity, that she should be blind. The morning passed pleasantly, Howard becoming more impressed with her manner, so simple, yet so entertaining. When he was again left alone, he wondered and wondered—who she was, how she came to be blind, and whether anything might be done for her. The sympathy that awakened, was growing and he hardly knew how he felt.

When he asked Louise about Miss Maxten, she only answered, "Please do not ask me now, I shall tell you later." In the days that followed Louise used Howard as an assistant in entertaining Alene. Long jaunts thru the orchard, quite afternoons reading to her on the veranda—all these things gave Howard the feeling of responsibility, he must make life enjoyable to this girl deprived of vision.

At the end of the first week he had decided to make the best of his brother's proposition. Although he had told himself over and over that he could not, there seemed to be that new feeling that he must. He was gradually learning to be kind to others, and he began to apply it in his own case.

At last the day came for departure. Louise knew of the inward change taking place in Howard, and she knew why, she knew the source of that new struggle, but she said nothing. Howard said good-bye, and Eldredge, Louise and Alene were sorry to see him go. Louise had promised to tell him all when he was settled in Arizona—he would then know why Alene was blind, why she was the girl she was. Howard seemed to think the strong arm was putting him on his feet, but he was afraid of his weakness all alone in Arizona.

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, February 29, 1916

No. 21

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Miss Richardson, The Y. W. C. A. Jubilee Guest

The third Sunday service of the Jubilee celebration of the Y. W. C. A. held Sunday Feb. 20, was led by Miriam Oyer. Miss M. Belle Adams, Professor of Oratory, and a member of the advisory board of the association, talked in a very helpful way on the subject "Women Working Together." Miss Louise Henry sang a solo.

On Wednesday evening an informal reception was given in Clio Hall to Miss Eleanor Richardson, student Y. W. C. A. secretary of Delaware, Maryland and Pennsylvania, who was the Jubilee guest of the Association. On Thursday morning Miss Richardson delivered a very helpful address to the student body. She emphasized the fact that even though their countries have broken off diplomatic relations and are engaged in war, the students of Germany, Great Britain, France, Italy and the other warring nations are still affiliated with the World's Christian Student Federation and that Dutch students are permitted to go into Germany and interpret to the Germans the British point of view and then to go to Great Britain and explain there the point of view of the Germans. She recalled a speech she had made in the chapel here two years ago in which she said that the union of the students of the world would count for more eventually in bringing about and

Continued on Page 4

W. S. G. A. ENTERTAINS.

From 6:30 to 8:30 p. m. the girls of all three halls held open house. What cleaning and re-arranging of the rooms took place before this, cannot be told; but, with the exception of a few rooms whose latch strings were not out, everything was in readiness at the appointed time. Many of the girls had prepared tempting little dainties, such as candies, nuts and fruit, which they served to their many visitors. After a thorough inspection of the different dormitories, small groups were seen wending their way toward the gymnasium where the girls held an informal reception. Progressive conversation, on fitting Leap Year subjects, was the special feature of the evening. Light refreshments, which consisted of sandwiches, cakes and hot chocolate with marshmallow whip, were delightfully indulged in. This entertaining at open house was unusual, but all will agree that it was quite a success.

Enthusiastic Audiences Greet Men's Glee Club

The Glee Club on its trip to Lancaster and Ephrata last Thursday and Friday, was well received. At Lancaster the concert was given in Martin Auditorium, which was filled with a sympathetic and appreciative audience. Tremendous and prolonged was the applause, especially after the readings of Mr. Eichelberger.

The concert had been well worked up at Ephrata, and consequently, although the weather was very disagreeable, here also a large house encouraged the Club to do its best. The club made a good showing at both Lancaster and Ephrata, and it is believed did much in awakening local interest in Lebanon Valley College.

Varsity Wins Last Home Game

The Varsity Basketball team had little difficulty in defeating St. Francis College last Thursday evening in the last home game of the season by the score of 46-21. From the beginning of the contest until the final whistle, while the result was self evident the visitors were very painfully out-classed in every department of the game. The single feature of their playing was the spectacular work of their forward, Vogel, whose shooting was easily the best seen on the home floor this year.

Our boys played the same game that has been characterizing their play for the last few weeks and which has been bringing victory after victory. Accurate shooting was the special feature of the evening's performance. Loomis, playing at forward, showed wonderful form and caged five field goals. Captain Swartz, holding the other forward position, managed to get a like number of goals from the field. Atticks at guard played a very aggressive game and in the 40 minutes of play contrived to manufacture six dual pointers. Hollinger at center, added two more field goals plus eight fouls. Walter at guard, aided the good cause with a single field goal.

Field goals—Swartz, 5; Loomis, 5; Atticks, 6; Hollinger, 7; Walter, Vogel, 7; Leonard, Wurni. Foul goals—Hollinger, 8 out of 14; Vogel, 3 out of 5. Referee—Rutherford.

Part III of "The Strong Arm" will appear in next week's issue of the "News."

Girls Win From Sunbury Y. W. C. A.; Lose to Susquehanna

By far the largest crowd of the season witnessed the game at the Casino on Thursday night, when the Y. W. C. A. Girls' basketball team lost to the Lebanon Valley Girls 20 to 17. The local team got a commanding lead in the start, but were overtaken through the remarkable shooting of the Lebanon Valley girls. The score at the end of the first half stood 11 to 10. In the second half Lebanon increased their lead through the work of Misses Bubb and Hershey. The visiting forwards and guards were constantly overstepping the line through the center of the playing floor on account of their unfamiliarity with girl's rules. Miss Havens and Miss Jones threw fouls and by this means kept Sunbury in the running. At the same time Miss Engle gave as good an exhibition of foul shooting as had been seen on the local floor.

Lebanon's guards held well in the second half. Miss Jones, who is the mainstay of the team, got little chance to throw a basket in that half.

The Lebanon Valley girls were entertained at the Y. W. C. A. rooms after the game.

Fouls called on Lebanon Valley, 11; Sunbury, 5. Time of halves—15 minutes.

The following evening the Lebanon Valley Girls played a hard fought game at Susquehanna University and lost with the score 29-11. The L. V. girls have never been defeated by such a large score, which was due to the inexperience of the Lebanon Valley girls in playing girls' rules and being unaccustomed to their way of guarding. Instead of having five players, as is the custom, there were six including a standing center. During the first half the girls, not used to their way of playing, were out-classed by the score of 23-7. However, during the second half the girls came back with the old L. V. "pep" and held the Susquehanna girls to the score of 6-4 making a final score of 29-11. Miss Engle was the only one able to score for Lebanon Valley. Miss Fetteroff starred for Susquehanna.

Fouls called on Lebanon Valley, 0; Susquehanna, 0. Time of halves—15 minutes.

Kenneth Inman, of Rome, N. Y., is spending several days with friends at the college.

The Misses Madge and Rhoda Hawbecker, of Chambersburg, Pa., spent the week-end at the college as the guests of Miss Mary Lutz.

The three sided or triangular life is receiving much discussion in many circles, especially by the Young Men's Christian Association which aims for the development of these three sides of man's nature, namely spirit, mind and body.

In previous issues of this paper we have shown the need of a good sound body to sustain us from failure, simply because we are physically unable to enter upon and see to a finish some of our fondest desires of labor. Having a body, it is not to be used merely to display brute strength but to be subservient and under the control of a well disciplined mind.

Yet what real value is to accrue from our possessing a good, sound, trustworthy physique, which contains much reserve power awaiting the demands placed upon it by a well organized mind? We may possess the fluence and forcefulness of speech of a William Gladstone, Tom Paine, Patrick Henry, Daniel Webster or William Jennings Bryan and be able to so arrange our words as that with forcefulness and power we may sway the masses of humanity with our wide and valuable knowledge as a breeze causes the tiny twig to respond to its touch; we may have scientific knowledge as did Darwin, Huxley, and Spencer or as does Edison, so that we might startle the minds of the world by announcing some new theory or presenting some new invention to the world, and yet go down in history as an object of ridicule and as an example of the type of person to be avoided. Knowledge can be attained and used either for good or evil. An educated rascal is the one most to be feared. Yet the value and benefit which one gains from a broad education is not to be minimized. "Get knowledge, but with all the getting, get understanding."

The value of knowledge lies in its use, not abuse. The men we have cited stand out as sign posts to all generations because of the use they made of their knowledge and their

devotion to the cause for which they stood.

It was the true hearted, patriotic, unselfish devotion to the cause closest their heart for which we admire Martin Luther, Joan of Arc, Florence Nightengale, Nathan Hale and A. Lincoln. Devotion, consecration of time and life to those principals which tend for the best and the elevation of our fellow men has always been and will continue to be the criterion upon which the value of our lives will be judged. No matter in what field of work therefore, we find ourself engaged, it is our duty to live the life of devotion, consecration and self sacrifice to those interests which will raise mankind to a higher level.

The christian life is the only life which upholds such principles. To christianity and its doctrines can be traced the marvelous forward strides of civilization. To be a devoted, sincere ally of this most potent organization should be our resolve. To practice the doctrines of christianity is not only to BE, but to be SOMETHING and help others to be something BETTER than they now are. Is that not a man's task worthy of each one of us?

We possess knowledge. What is needed is to have this knowledge tempered by the high ideals of Christianity and directed by wisdom not gained from books. Lebanon Valley has just passed thru a week of prayer and received inspiration. Will it last or will it slowly decrease in intensity till it is but a flickering glow? It is hoped that thorough and complete consecration to the highest, most noble life we can live has been the experience of the students of our college. We believe in good clean athletics, a well stocked and disciplined mind and this mind and body kept clean and made useful to mankind by practicing such Christian principles as living an honest, upright, persevering, self-sacrificing life which aims to make the world better, reaching out a strong helping hand to tottering humanity and thereby help it plant its feet on rock bottom, high principled ambitions for the true progress of humanity.

Y. M. C. A.

Enthusiasm ran high at the regular weekly devotional meeting of the Y. M. C. A. Mr. David Gregory led the meeting and gave an inspiring address on "A Man of God," taking as the central character, Samuel. He made a strong plea for men of the Samuel type among the students. A portion of the meeting was devoted to special prayer in behalf of the Student Federation of the World.

At 5:30 an informal prayer service was held in special observance of the Day of Universal Prayer for Students.

The Week of Prayer closed on Saturday evening with the final address by Dr. Gossard. While the campaign was not as enthusiastic as last year, we feel assured that good results have been accomplished in the deepening of the spiritual lives of the Christian students. All of the speakers were fired with their message and their words shall not soon be forgotten. The attendance was fair throughout the week. The group prayer services in the various dormitories were very helpful and created an atmosphere of mutual dependence. Let the personal work that has been begun continue to the end of the year.

DOLEJSI ORCHESTRA AND SIGNOR BARTOLOTTA.

The Dolejsi Bohemian Orchestra, an organization of talented young ladies in Bohemian costume, with Robert Dolejsi as leader and Signor Giuseppe Bartolotta, prominent Italian tenor, as vocal soloist, will prove one of the most popular musical offerings of the year.

Signor Bartolotta has sung at some of the foremost concerts in England in conjunction with some of the most famous artists, including Patti, Melba, Kubelik, Paderewski and others.

He is a Neapolitan by birth and studied for some years at the Conservatory of Naples.

No one should fail to hear these artists tomorrow evening, March 1, in the auditorium of the Engle Conservatory of Music.

ENGAGEMENT ANNOUNCED.

Mrs. H. S. Miles, 1720 East 90th street, Cleveland, Ohio, announces the engagement of her daughter, Miss Grace E. Miles, to Mr. David Pugh, a senior at Lebanon Valley College.

Mr. Pugh is an energetic young man of wide experience, having taught for several years in the government schools of the Philippines and before returning to the states completed a circuit of the world, visiting parts of China, Japan and many of the European countries. Upon graduation he will enter the teaching profession. His many friends at L. V. extend to Mr. Pugh congratulations and wish for him many joyous years of married life.

A new analytical chemical balance made by Becker and Sons, Rotterdam, Holland, has been recently added to the equipment of the chemical laboratory.

Y. W. C. A.

Since Clio Hall was entirely too cold to be comfortable, the leaders of the Y. W. C. A. were very much perplexed Sunday, because they did not know where to hold the fourth Sunday Jubilee service. Professor Sheldon very kindly came to their assistance by permitting them to use his studio. Fifty-four members and friends of the Y. W. C. A. gathered there shortly after 1:30, and participated in a very impressive service. After the singing of several of the Jubilee hymns, the history of the Y. W. C. A. at Lebanon Valley, which had been carefully prepared by Ada Beidler, was read by Nettie Showers. Miss Edna Seamen, Dean of Women and Professor of English delivered a very inspiring address on the "Challenge of Today." Mrs. Alfred Mills sang a very beautiful and appropriate solo. Lucille Davis played a violin solo. Miss Heintzelman, who presided, explained that this was the Universal Day of Prayer for students and called for a number of sentence prayers. Every one was urged to attend the crowning event of the Jubilee celebration, the Birthday service and to contribute to the Grace H. Dodge Memorial Fund.

CYMRI.

The regular monthly meeting of the Cymri, which was held last evening was one of unusual interest. The general subject for the evening was:—"The Achievements of the Race." The educational activities, musical accomplishments and papers on other subjects which reviewed the progress and achievements of the Welsh proved intensely interesting and instructive. Several members of the local club gave autobiographical sketches which combined the elements of feeling from pathos to that of rare humor.

If you missed this month's meeting, resolve never to let another come and go unattended. This organization, tho young, is wide awake and moving.

CALENDAR.

Wednesday, 8:00 p. m.—Star Course
—Dolesji Orchestra and Bartolotta.

Friday, 7:15 p. m.—Literary Society Sessions.

Sunday, 10:15 a. m.—Address by Rev. W. R. Funk in U. B. church.

Sunday, 1:00 p. m.—Y. M. C. A.; 1:30 p. m.—Y. W. C. A. session.

Sunday, 6:00 p. m.—Christian Endeavor.

Tuesday, 6:15 p. m.—Students prayer meeting.

Prof. Forest E. Craver has been elected head coach of the 1916 Dickinson football eleven by the graduate advisory committee of the Dickinson College Athletic Association. Prof. Craver has been advisory coach at Dickinson during the past five years. He was coach at Dickinson in 1904 when the college had the best team in its history.

PERSONALS.

Miss Ruth Bender, of '18, was suddenly called home on January 13, on account of the serious illness of her mother. She returned to school a month later only to pack her trunk and leave for the year. Miss Bender has the sincere sympathy of the students of Lebanon Valley College and also the wish for the mother's speedy recovery.

Miss Ada Keller, a former member of 18's class, spent a few days with Miss Helen Hoover of North Hall. For the past year Miss Keller has been substituting in the grade schools of the township in which she lived, but has recently decided to take entrance examination for the Woman's Medical college of Philadelphia. We wish her success.

William T. Evans, of Lykens, Pa., visited his two sons, David and William, for a few hours on Sunday.

Miss Bergdoll is so unselfish that she shares her breakfast with "Jakie" in History 6.

Elmer E. Hamilton, of Duncan, was the guest of John Kretzinger over Saturday and Sunday.

David J. Evans was visited by his father on Sunday.

SCIENTIFIC STUDY OF "CUSSING."

Prof. A. N. Gilberston, of the Department of Psychology, at the University of Minnesota, has brought blaspheming within the pale of applied science. He says that swearing is generally resorted to by those people who are not educated enough to give expression to their emotion in literary style. He also adds that the cussing habit may get such a hold on a man, that it is resorted to both in the presence and absence of emotional disturbances.

REALISTIC.

"I sleep like a log."

"With the saw going thru it."—Boston Transcript.

Prof.—"What three words are used most among college students?"

Weary Fresh—"I don't know."

Prof. "Correct."—University of Michigan Awgwan.

State College track men will begin their outdoor work this year by taking a southern trip, consisting of two dual meets and ending with the annual visit to the relay races at the University of Pennsylvania.

Miss Richardson, The Y. W. C. A. Jubilee Guest

Continued From Page 1

preserving peace than the Hague
tribunals. She said that while she
did not intend that to be a prophecy
it seems likely now that harmony
among the nations will come thru
the Christian students, who, even
though they be hard pressed by their
governments, continue to consider
their fellow students of whatever
nationality as brothers. She said,
further, that there are two ways of
purifying a nation, through vicar-
ious suffering in war and through
self-sacrificing service, and that if
America is to be saved she must be
purified through service. She pic-
tured the needs of European stu-
dents and urged her hearers to give
more to help them.

During the day, Miss Richardson
met most of the committee chairmen
of the Y. W. C. A. and offered sug-
gestions for improving their work.
On Thursday evening in spite of the
very bad weather and the allure-
ments of the last Varsity Basketball
game, a goodly number of the girls
met with Miss Richardson in Clio
Hall and listened to a "Heart to
Heart Talk," in which Miss Rich-
ardson emphasized the fact that the
Christian Association stands for a
symmetrically developed Christian
life. She commended the associa-
tion for having a telescopic vision
which reaches to Africa and implor-
ed the girls to make use of the mic-
roscope also, so that they might see
the needs of the girls at home. She
commended the association for hav-
ing had one Eight Week Club last
summer led by Miss Taylor, but said
that there should have been many
more. She also spoke of the neces-
sity for high ideals in daily life and
called attention to some of the con-
ditions which need to be remedied.
The talk was a very practical, help-
ful one and was much appreciated
by the girls. Many of those who
had met Miss Richardson before
count her as a friend, and felt free
to discuss with her vital problems
of their own lives and those of their
associates. This visit of the Jubilee
guest will doubtless bring splendid
results in improved conditions and a
better understanding of the work of
the Y. W. C. A. in the days to
come.

AMONG THE COLLEGES.

The Yale Athletic Association has
decided that the five athletes, who
withdrew from intercollegiate ath-
letics last fall because of their own
violation of the summer base ball
rule, would not be allowed to enter
any other sports during the present
year.

The report of the Princeton Ath-
letic Association shows a \$15,130
profit for the year 1914-15. Foot-
ball, base ball and hockey were the
only self-supporting sports. Foot-
ball netted the association \$53,000.

A crank is "a man who sees one
fact so vividly that he is blind to
all the other facts which alone can
explain the one he sees."

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Bohemian Orchestra Entertains Large House

One of the popular musical offerings for this season's star course was represented in the Dolejsi Bohemian Orchestra, who appeared in Engle Hall on the evening of Wednesday, March 1st. This organization consists of talented young ladies in unique Bohemian costumes with Robert Dolejsi as leader and Miss King as vocal soloist. Signor Bartolotta, who has won wide distinction as a concert singer, was not able to be here on account of sickness. Robert Dolejsi, the violinist, was applauded considerably by the audience, after his several numbers. His playing revealed technical brilliancy and fiery interpretation. The orchestra presented their numbers to great advantage, for many of them were enthusiastically received. Encores were generously given, which were more demonstrative of music of the popular order, allowing them an opportunity to cater to what the audience seemed to mostly demand.

THE STRONG ARM

Part 3 Written by NAOMI HAND

PART 3

"Mind you not a man's to quit. When I give the signal we'll strike. Do you hear? This is only a kid we have over us and he'll be scared plum to death for fear we'll leave, and you can take my word for it, we'll get higher wages and most anything for which we ask. Remember, eleven o'clock tomorrow morning when I blow the whistle drop everything"

Burly Bill Simons stood on a table in a small gambling house and delivered the above to the admiration and amusement of the listening crowd. A strike, something new! Wouldn't it be sport? All were enthusiastic when the instigator finished.

Howard Wharton standing outside, also heard the speech but was far from enthusiastic about it. "Just ten days and a strike. What shall I do? I can't keep them if I don't give them what they ask. I don't have time to let Eldredge know. Why must I endure all these things alone? Is there no God who will give mercy?" As he walked heavy-hearted to his cabin the familiar words came to him, "As ye sow, so also shall ye reap," and he added, "I am reaping the past, what shall I reap in the future?" Wear-

The Call of Missions Discussed at Joint Session

The subject of missions was again discussed at the regular monthly joint session of the Christian Associations. The interest throughout the meeting was intense. In each of the short addresses or readings, the note of appeal rising from the non-Christian lands was clearly sounded. Nothing other than an increased devotion to this supreme issue of the Christian church can result from such a meeting.

Mr. J. Paul Hummel led the meeting and gave a stirring talk on "Sacrifice." He showed that sacrifice is the foundation stone in the structure of the missionary enterprise. The person who would put his shoulder to the wheel of mission, much catch this outstanding characteristic of the Master who gave the great commission of evangelizing the world.

Miss Weidler followed with the subject, "To what has Christ called us." She portrayed in a most vital way, the immense responsibility, which rests upon America since Europe has robbed herself of the privilege of missionary activity, on account of the war.

The meeting was also addressed by Mr. Omwake, a representative of the Laymen's Missionary Movement, who called attention to the convention which is to be held at Harrisburg, March 12-14. He urged that a large delegation from the college attend.

After this, Mr. Reuben Williams read an account of what missions have already accomplished and Miss Snyder read a touching story on "What has thou given for me." Both were exceedingly interesting and added greatly to the spirit of the meeting.

Miss Taylor also gave an interesting short talk on "Crisis, Consecration and Conquest," drawing the analogy from the life of Christ.

Special music was rendered by a mixed quartette.

SEE—SMILE—LAUGH

The class of 1917 will present "In Chancery," a three act comedy, Friday evening, March 10. This play embodies much wit and humor and will afford an evening of mirth and laughter.

Come and remember to bring some one with you. Date, Mar. 10. Admission—25 cents and 35 cents. Reserved seats 10 cents extra.

Miss Ruth Hughes entertained on Saturday evening in honor of Miss Martin, of York.

First Soph. Banquet Held by Class of 1918

The Class of 1918 held its Sophomore banquet at the Weimar Hotel, Lebanon, Monday evening, February 28. The Sophomore banquet is a new undertaking at Lebanon Valley. Before this year it was customary to hold out-of-town banquets only in the Freshman year. The banquet was a great success, being attended by thirty-one of the class members. The Sophomores congratulated themselves upon having made all arrangements for the banquet unknown to the other classes. The committee in charge of the arrangements was composed of Daniel Walter, chairman, Roy O. McLaughlin and Rufus Ness. The banqueters entered the banquet hall at 8:15 p. m. and after partaking of a fourteen course dinner, which a Lebanon paper described as "fit for Royalty," listened to an interesting program of toasts.

Charles W. Gemmill was honored with the position of toast-master. John Berger in the president's address spoke on the class motto "Non que multus sed que bene." F. Douglas Beidle spoke on "The Gold and Black." Miss Elizabeth Gallatin spoke interestingly on the subject "Our Boys." The toast on "Our Girls" was responded to by Daniel Walter, while Miss Kathryn Ruth portrayed the class in retrospect.

The class was chaperoned by Miss Seaman, head of the department of English. Kenneth Innman, of Rome, N. Y., formerly a member of the class was the guest of honor.

Varsity Ends Season With Two Victories

The Lebanon Valley College tossers completed their present basketball season by winning two of the three games scheduled for the closing week. The games were played on foreign floors but each game showed evidences of masterful playing.

The first game was played at Seton Hall. Here our team went down to defeat 17—12 in a great game. In holding this team to such a low score our boys did a phenomenal feat for Seton Hall has the reputation of running up high scores on all its opponents.

DEFEATS DREXEL 26—25

On Thursday afternoon our boys met the team representing Drexel Institute and in a very close, fast and exciting game defeated them

Some one reminds us that there are only fifteen more weeks to the present school year. The very fact that the term is so near over is startling, for in that time we ought to make up our work which we have not done, and when we begin to take a backward peep into the months that have passed and get a square look at our sins of omission and commission, the thing looks serious. This means that another of our college years is nearly over. What has been done and what has not been done is history and can not be changed one whit no matter how hard we strive to correct what needs correction. The record of work is written down in the book of life and cannot be altered. Some work we have done, some opportunities we have grasped, some things we still remember, some impressions we have made, but now the question comes before us whether we have done all the work we could have done, did we grasp all the opportunities that came our way? Do we remember all the things we should remember, were all our impressions of others the right ones? I do not believe there is one of us can say that we did all these things, and yet our duty is clear to us that these things should have been done. Life is what we make it and as Dr. Fout remarked on Sunday, the very experience of life should be a joy, a reward in itself. If life is worth living it is worth putting into it the best. If college life is worth that which I think it is, it is worth putting into it the very best of by efforts. As in life, so in college we get out of it what we put into it. Much as we may appreciate our college life and much as we may do to get out of it all that is possible, still I do not believe we can fully realize the importance of our college days till they are passed, when we are trying to fill our place in the affairs of other fields of endeavor.

The phrase of "getting out into life after college days" is misleading.

ing. It gives many college students a wrong impression. College life is a part of our lives, a period, and can not be arbitrarily set aside as if it did not belong to real life. The rules of conduct and the moral standards of society are the same in college as in after life and not different as some students seem to think they are. The life we lead in college will follow us, will be an influence on us as long as we live. Hence, it behoves us to live the life in college that we would lead before the world so that we may not only do justice to ourselves, but also so our fellowmen.

Varsity Ends Season With Two Victories

(Continued from page 1)

26—25. An extra five minute period was necessary to decide the contest. The team work of Drexel was a big feature of the game. Altho they led the scoring practically all of the game, our boys finished strong and tied the score at 22 points when the final whistle sounded. During the extra five minutes of play Drexel advanced their score to 25 on fouls shot by Jobes. For us Hollinger shot a foul, Captain Swartz secured a field goal, while another foul by Hollinger won the game.

In the final game of the season the Varsity had little difficulty in running up a large score on Pennsylvania Military College, the score being 48—15.

Keating with nine field goals, Swartz with 6 and Hollinger with 3 field goals and 6 fouls were the chief point getters.

Co-Eds Wallop Ephrata

The girl's basket ball team completely out-classed the Ephrata High School girls' team, last Friday night by the score of 51-4.

Miss Engle, with 10 field goals and 6 fouls, was the big point maker. Miss Hershey, with 7 field goals and Miss Bubb, with 5 field goals, also aided materially in running up the score.

These girls are playing a wonderful game and they have the best wishes of the student body back of them for the games to come.

Miss Edna Weidler and Miss Grace Snyder were guests of Mr. and Mrs. Gregory at dinner on Saturday evening.

Basehore's Clearance Sale of Winter Suits and Overcoats.

Reserves Win and Lose

In a well played game on the home floor last Thursday night, the Scrub basket ball team defeated the Rosewood A. C., team of Harrisburg, by the score of 34-19. Jaeger with eight goals from the field was the star. Kent played a good game for Rosewood.

On Saturday night the Reserves played a return game at Millersville with the Normal school of that place and were defeated in a close and interesting game by the score of 23-20. The game was probably the most spectacular played on the Millersville floor this season. Jaeger was again the star performer, securing four dual pointers. Seltzer played well, getting two field goals and four fouls. Drummer and McGinty were Millersville's best players.

DUTCH DINNER.

The Senior girls, of Senior Hall, gave a Dutch dinner Saturday evening at six o'clock. Appropriate and artistic decorations were very suggestive of leap year. The Dutch dinner, comprising the following delicacies, was in harmony with the occasion.

MENU

Gestampflekartoffelu
Sauer Kraut Schweinebraten
Chokoladepastete
Gelatin Salure Kuchen
Kaffee

Naomi Beaverson, Myrtle Daugherty, George Haverstock, Raymond Heberlig, Paul Shannon and Rufus Lefever were guests at this dinner.

CALENDAR.

Friday, 6:15 p. m.—Literary Societies in session; 8:15 p. m.—Junior Play in Engle Hall.

Saturday, 8:00 p. m.—Basketball between L. V. Girls and Chambersburg High School girls in Alumni gymnasium.

Sunday, 1:00 p. m.—Y. M. C. A.; 1:30 p. m.—Y. W. C. A.; 6:00 p. m.—Y. P. S. C. E.

Monday—13—16—Glee Club trip up Cumberland Valley.

Tuesday, 6:15 p. m.—Students' prayer-meeting; 8:00 p. m.—Annual Junior Recital of Conservatory of Music Students.

PERSONALS.

Messrs. Leroy R. Walters and Harold White spent Sunday as the guests of Walter Fasnacht, of Palmyra.

R. E. Olewine was visited on Saturday last by his brother, William Olewine.

We are glad to note that Benjamin Baker, '19, is again filling his role of college duties after being necessitated to absent himself for two weeks from the same on account of a severe case of the mumps.

Misses Edith and Laura Yeager, of Ephrata, Pa., were the guests of Miss Marie Rickwine over the week-end.

Miss Ruth Heffelman spent the week-end at Hershey.

Miss Helen Bubb and Miss Miriam Fenhart enjoyed "The Magic Wheel" at Lebanon on Saturday evening.

THE STRONG ARM

Continued From Page 1

ily he tried to think of a way to avoid the strike and finally he came to the conclusion that the easiest way out, would be to give the men what they ask.

Howard went to bed but did not sleep. In his wakeful hours he found himself saying, "A strike! A kid! Get what we ask for! suddenly he realized that he, as usual, was being swayed as the crowd wished him to be, just as in his college days. He sprang from his bed, exclaiming, "If I give in I'll be just as weak as I ever was. They shan't strike and I won't give in. I may be a kid, but I'm boss!"

The next morning found Howard in his office at work and seemingly as calm as usual. At ten o'clock he started his morning round thru the mine. Everyone was busy, but there appeared to be an underneath disturbance. Ten-thirty,—the miners seemed a little uneasy. Quarter of eleven and those nearby looked at Burly Bill Simmons who was apparently unconscious of the anxiety. Ten minutes of—five of. By this time Howard Wharton was within seeing distance of Bill Simons and some of the miners saw him. "Would Bill have the nerve to blow the whistle when the boss was so near," they wondered? Two minutes! One minute! The whistle! Instead of dropping everything the men looked from Mr. Wharton to Bill Simmons and then back again.

"What's the matter with you fellows? Going to quit? Come on every—"

Just then a hand was laid on Bill Simmon's shoulder and "may I see you in my office, Mr. Simmons?" came from a voice from behind.

"I suppose so, but don't take much of my time." Then turning to the other miners Bill shouted in a husky voice, "You fellows get together, I'll be with you in a minute."

Once in his office Howard Wharton, a man and not a kid, faced a man twice his size.

"I understand, Mr. Simmons you are dissatisfied with your wages?"

"Yes I am and so are—"

"You do not care to work under the present conditions?"

"No."

"You may consider yourself released from all obligations—"

"But the—"

"Here is your pay. You may go at once."

Bill Simmons stared in utter amazement. Discharged! Could it be possible? He left without a word.

Howard Wharton then returned to the mine. "Mr. Simmons has left. Are there any more men dissatisfied with their work?"

Not a word was heard.

"Then get busy."

As he again entered his office Howard found himself asking, "How did I ever do it?" Just then he spied the mail on his desk. A few papers, business letters and a letter from Louise. Trembling lest she

had forgotten to tell him about Alene he opened the letter.

"Dear Brother,

The news of your work—"but this was not what he was looking for. He scanned the five or six pages. Ah yes, here it is. "As to Alene Maxten, she is a splendid character as you know. I think that it is only fair that you should know all about her for I know that her acquaintance has had an effect upon your life. She and her brother were left without father or mother when very young. Each was adopted, but by families that did not know each other and consequently the children were separated for life. Shortly after Alene was in her new home she took a severe cold and lost her sight. She began to study music and went to Germany to complete this course. While there she met a young American surgeon, who was also perfecting himself for great work. He became very much interested in her case and is now doing all in his power to perform a successful operation for Alene that he may restore her sight. He hopes that by next month he might operate."

The letter slipped to the floor. "Operate! and I'm way out here in Arizona. A young American surgeon interested."

(To Be Continued.)

New Officers For
Math Round Table

At a recent meeting of the Math. Round Table, the following officers were elected to fill the various offices for the remainder of the college year:—Pres., Miss Mary Bergdoll; V. Pres., Edwin H. Zeigler; Sec., Miss Violet Wolfe; Treas., Joseph Jackowiak.

PERSONALS.

Rev. W. R. Funk, D. D., preached a strong, forceful sermon in the College Church on Sunday.

Mary Elizabeth Gossard, daughter of our president, is slowly regaining strength after a prolonged and severe case of intermittent fever.

"Don't plead 'I did the best I could,' as an excuse for a poor job. Such a plea is a libel on yourself.

HAVE YOU HEARD THIS ?

Mother Earth to the grass: "Do
you know that I am sending up
some crocuses on the campus this
spring?"

Grass: "No, why should you do
that?"

Mother Earth: "To make the
campus a thing of beauty and a joy
forever to the students."

Grass: "Well, dear old mother,
you had better send a notice to the
students for if they trod on your
frail little crocuses as often as they
do on me indeed there will not be
a flower to bloom."

Moral—Not only Freshmen, but
everyone keep off the grass.

AMONG THE COLLEGES.

A series of military lectures will
be given at Princeton during the
following term by officers of the
United States Army. The first lec-
ture was given by Major General
Leonard Wood.

The Freshmen, of Muhlenberg
College, published the "Muhlenberg
Weekly" for March 1st. The issue
was printed in green but the con-
tents proved that the Freshmen, of
Muhlenberg are not so green as some
people may think.

Susquehanna is contemplating a
new method for the election of "The
Susquehanna" staff. They propose
to have Freshmen, who wish to com-
pete for a staff position, write themes
on assigned subjects. The editing
board will read the themes and se-
lect those Freshmen whom they con-
sider capable of staff work. The
Freshman will have little to do the
first year. The next year, however,
they will be advanced according to
merit. Thus they will be advanced
each year and when they become
Seniors they will be competent to
take charge of the literary work and
publish an excellent paper. They
propose to go thru a similar process
concerning the selection of business
manager. This appears to be a good
way for choosing the staff of a col-
lege paper.

LEBANON VALLEY COLLEGE

Volume VII.

Annville, Pa., Tuesday, March, 14 1916

No. 23

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Rev. E. J. Pace

Visits L. V. C.

The student body was greatly benefitted by a visit from Rev. Pace, formerly one of our missionaries to the Philippines and now the cartoonist on the editorial staff of our religious weeklys. Mr. Pace arrived here on Monday afternoon and gave an excellent address to the Student Volunteers. The following morning he spoke in the chapel and the student body united in speaking forth praise for his uplifting address. He spoke on the first verse of the first chapter of the gospel according to the Devil which he said is "Look out for number one." He related of how he in his early life was a firm believer in this doctrine and how dissatisfied he constantly was. His one ambition was to become a great cartoonist and when he did attain in part his longing he could not feel at ease. But through a very consecrated dame his life was touched and led into a closer fellowship with Christ and then he attained the peace and joy which he hoped to find in his chosen profession.

His words were inspiring and it is hoped that he will be able to return again at some future date.

THE STRONG ARM

Part 4 Written by MARGARET MEYERS

Richard Ralston, a brilliant young American surgeon and the son of a wealthy New York banker, had been spending a few days visiting among friends in the little town of Madison in North Western Pennsylvania. He renewed his acquaintance with the beautiful Alene Maxten and it was not very long before his visits to the Wharton mansion became very frequent. After many hours of most careful thought and consideration, he boldly asked Alene's permission to perform a very delicate operation which he felt sure would restore to her, her lost sight. After much persuasion on the young surgeon's part, Alene reluctantly consented and a date was set when the operation should be performed. Meanwhile Richard Ralston found himself so irresistibly drawn by the charms of the beautiful young girl that almost every evening (for he had prolonged his visit to a temporary residence) found him at the

Continued on page 4

Junior Play

A Big Success

The play which is given annually by the Junior class was given by the class of 1917 on Friday evening. The title of the play "In Chancery" is sufficient to indicate the nature of the production. Neither is the title in any manner deceiving, for it was a comedy thru and thru. Contrary to the historic plays of former years, the one staged on Friday has its setting in present times, and this fact has helped greatly to insure its success as a comedy. It would be incorrect, however, to attribute the unusual success of the production to its laughable and comical setting, for even with this attribute, had the play been in charge of a directress less worthy and enacted by students less accomplished, the result would have been as ridiculous as it was successful. The remark has been made by a witness that seldom has there been seen a class play in which the individual talent has been so prominent and the collective ability so pronounced. The audience—the largest in the history of the class play—was also alive to its treat and was extremely attentive and appreciative.

The play itself, was the story of a traveling salesman, who thru the misfortune of a train wreck was robbed of his faculty of memory. Unfortunately, in leaving the wreck he got the wrong overcoat by mistake and tried to identify himself by means of a namecard in the coat. The process is rather discouraging—to the salesman—and the way in which he finally regains his memory and comes to his own is extremely true to life and interesting as well.

The members of the class who have participated in the production are as follows:—Charles H. Loomis, Edwin H. Zeigler, David Fink, Chas. B. Horstick, Reuben Williams, Ammon Boltz, Paul S. Wagner, Esther M. Bachman, Nettie Showers, Louise A. Henry, M. Ella Mutch, Pauline Clark and Ruth Hershey Huber.

Not a little credit is due to Prof. May Belle Adams thru whose interest and application, success was possible.

CALENDAR.

- Friday—7:45 p. m.—Annual St. Patrick's party.
Sunday—9:00 a. m.—Services in U. B. church; 1:00 p. m.—Christian Association meetings; 6:00 p. m.—Christian Endeavor.
Tuesday—6:15 p. m.—Student prayer meeting; 8:00 p. m.—L. V. Glee Club concert, Engle Conservatory.

Girls Lose To

Chambersburg

The Chambersburg High School Girl's team proved themselves to be too strong for our girls when they defeated them last Saturday night in a very close and interesting game by the score 19—15. It was the first time our girls were defeated this year on their home floor. The home team took an early lead but this lead was cut down to three points at the end of the first period when the score stood 11—8 in our favor. During the second period Chambersburg girls displayed a wonderful fighting spirit and guarded our girls so carefully and successfully that they were able to score but four points. Their opponents on the other hand skillfully contrived to score 11 points. Most of them being made by Miss Baker. This girl was easily the star of the evening's contest, getting 6 field goals and 5 fouls, thus making 17 of the 19 points made by her team. Miss Engle with 4 field goals and 3 fouls played the best game for our team.

SENIOR RECITAL

A varied and interesting program was presented in Engle Hall on Monday evening, March 6, by some of the students in music and oratory. An unusually large audience was present, who were quick to recognize and express its approval of the program. Many of the numbers were of a high artistic value. The vocal and instrumental selections were a genuine delight, while the readings were both interesting and entertaining. The audience warmly applauded every number and showed marked appreciation of the well balanced program.

NEW FIRE ESCAPES ON CONSERVATORY.

In accordance with the State law regarding exits in case of fire, new fire escapes were erected on each of the North and South sides of the Conservatory of Music. This action is the result of a policy of safety first, and although we never expect the fire escapes to be used, they are only an expression of a different phase of preparedness.

As I sit in my study my mind unconsciously wanders out into one or more of the manifold avenues of human knowledge and experience. It is performing that wonderful and most potent function of thot.

A thot, I repeat, is one of the most powerful and potent factors on the universe. God thot, and worlds came into being. Fulton thot and there loomed upon the horizon of civilization the steamboat with its possibilities of commerce. Other scientists have thot, and the many aids to mankind made possible by electricity, such as the telephone, wireless telegraph and telephone. lighting, and the many electrically driven devices became the children of these master thots. Progress owes its advance to the constructive thinking of men and women.

Yet thots, if they are to reap for us and others any good, must be guarded, for wrong thots often creep into our mind. Wilkes Booth thot, and as a result, Abraham Lincoln, one of our most beloved Presidents, received a death wound from a bullet. The Kaiser, of Germany, thot, and as a result the world has been shaken and made to tremble while millions of men will tonight sleep on the battlefield, many in a well earned rest from sheer exhaustion with their faces upturned to the stary heavens, while others with death groans await the messenger of death to release them from their sufferings. All those events of life are the product of thot either rightly or wrongly directed.

As we have seen, what takes place the fruit of thot. The inventor of the aeroplane thot of a passenger carrying machine, searing thru the

air years before he actually exhibited a machine, which could perform this remarkable fete; the architects have in thot seen the towering skyscrapers which now thrust their dizzy heights heavenward long before the masses were permitted to see the material building before them.

Thot is one of the most marvelous and incomprehensible functions of our every day life. It preceeds every act. By means of this function we perform every function of our daily life. Upon it we are dependent for independent existence, for were we to lose our mind we could no longer do anything, since there would be nothing to direct us and cause a will- ing of anything.

Thots seem to radiate in somewhat the same manner as lines of force as found in the study of electricity. Just as lines of force effect the compass needle, so our thots effect not only ourselves but others. To think un- kindly of a person is to send out such thot waves as will make that person feel uncomfortable in our presence. To think a person dishonest is as a rule, to tend to make him dishonest, since he sees no advantage to be gained by being that which no one will believe him to be. No matter how honest this young man may be he is, so far as we are concerned, dis- honest and will be treated by us as such. On the other hand were we to think well of our associates there would radiate from us a kind, sym- pathetic atmosphere, which would at- tract those about us and win for us a sympathetic cord which would help both to a higher realization of self. To think highly of our companions is to help them think more highly of themselves and put a greater confi- dence in them to do something worth while. It is our privilege and duty since we have been entrusted with this wonderful faculty, for influenc- ing ourselves and others, to use it wisely.

Is there any power in the super- stitious beliefs? We believe not, while others believe strongly in them. Yet both are right. For these who have no faith in them they are powerless, but for the believers in

these sayings there is some power in them. This power and influence is made possible, however, only thru the influence of our minds over our- selves. We may make ourselves sick and even kill ourselves by mentally working ourselves into such a state as to cause sickness and then, by giving up allow death to overtake us. We have not yet fully realized the power of mind over matter.

To think ourselves failing is to fail, while to put on a cheery front, do our best to brighten our mind and believe we can win is a good sign of winning. Let us think high, noble thots and weld these thots gripping us and possessing us we will be of far greater service and blessing in the world.

Y. W. C. A.

Miss Kathryn Ruth brought a very helpful message to all those present at the regular session of the Y. W. C. A. on Sunday afternoon. The subject for discussion was "The Joys of the Christian Life." Miss Ruth used the forceful illustration that Christians are traveling salesmen carrying a main line of God's goods, which should be so pleasing that others would like to have them. She also showed how Christianity has a cheerful effect on the mind. It was a splendid talk and every one felt much helped by it. The special music was greatly enjoyed.

The Y. W. C. A. officers for next year are as follows: President, Ruth Heffelman; vice president, Katharine Dasher; recording secretary, Clara Suckling; secretary, Edna Weidler; treasurer, Ada Beidler.

On March 5th at the closing ses- sion of the Jubilee \$34.10 was pledged and paid in cash toward the Grace H. Dodge Endowment Fund.

PHILO. ELECTS OFFICERS.

At the regular meeting last Friday night, the Philokosmian Literary So- ciety elected for the next term, the following officers:—

President—C. Guy Stambach.
Vice president—Evan C. Brunner.
Recording secretary—W. W. Mc- Conel.
Corresponding secretary—Ralph S. Sloat.
Chaplain—E. D. Williams.
Critic—A. H. Kleffman.
Pianist—W. E. Deibler.
Janitor—Edward Castetter.
First assistant janitor—Calvin Fensel.
Second assistant janitor—Harold Engle.

Review of Basket Ball Season

Basketball is now a matter of history. The "young child" of Lebanon Valley's Athletic Association has prospered and grown. Last year our team was well satisfied in an even break, winning and losing a like number of games. But this year our boys played a better game and as a result were able to put the majority of games in the column of those that were won. Out of 18 games played 10 resulted in victories for us while 8 decisions were given to our opponents. It is a sincere regret to all of us that our team did not play the game in the first half of the season that they played in the second half. You will notice that of the first nine games played, 3 were won while 6 were lost. Of the second nine games 7 were won and 2 were lost. This shows to us clearly the strength of our team after they had "struck their stride." It manifests very plainly that they are capable of playing the game of basketball. A review of the scores may prove interesting:—

Y. M. C. A.

The new officers of the Y. M. C. A. for the year '16-'17 were elected on last Tuesday. They are as follows:—

President—Edwin H. Zeigler.
Vice president—William N. Martin.
Treasurer—Evan C. Brunner.
Secretary—Edward Castetter.
Pianist—Walter E. Deibler.
Chorister—David Gregory.
Janitor—Jesse Zeigler.

At the regular service on Sunday afternoon the installation took place. The retiring president, Mr. Innerst, gave a brief address showing the great tasks which still lie

before the organization. Mr. Zeigler the newly elected president in his inaugural, outlined some of the aims which he and the new cabinet hope to realize. Afterward the meeting was opened for general discussion and a number of the men bore testimony of the good that the Y. M. C. A. accomplished for them and expressed their intention of taking a more active part in the work.

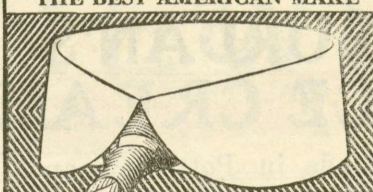

Sophs Win Inter- class Basket Ball

The Sophomore basketball team defeated the Freshman team in the annual inter class basketball game last Tuesday evening by the score of 23—11. Much interest was manifested by the spectators and class spirit ran high. The teams prepared for the fray, the Freshmen confident, the Sophomores firm in their determination not to give up without a severe battle.

The Freshman scored first on 2 fouls shot by Peiffer but the Sophomores came back and in a few minutes went into the lead which they held thru out the remainder of the game. Both teams struggled fiercely and roughly, and this coupled with close guarding kept the score very low, the half ending with the score standing 11—8 in favor of the second year men.

During the second period the Sophomores gradually outdistanced their opponents scoring twelve points while the freshmen scored only three tallies. The guarding of Atticks and Walters, together with their all around playing was most spectacular in character. Berger and Wine at forward and Keim at center also played remarkably well, each securing two field goals. For the first year men Shetter and Peiffer were the only point getters, the latter scoring the only field goal made by their team. Both sides were weak in shooting fouls.

THE STRONG ARM

Continued From Page 1

home of Eldredge Wharton, where
he spent many a pleasant hour,
chatting with Alene, or often read-
ing to her, while in return she would
sing and play for him songs that
seemed to transport him to another
world where only he and the beau-
tiful blind girl lived. But Alene
played on little dreaming of the em-
otions she had awakened in the
heart of the brilliant young surgeon.
Filled only with the thought of her
coming happiness, she deemed it a
great privilege and pleasure to be
able to please her noble benefactor,
who had by this time firmly resolv-
ed, were the operation successful, to
make beautiful Alene his forever.
But what of Howard? His lot
seemed unbearable, and nothing but
thoughts of Alene, the operation,
and the young surgeon filled his
mind day and night. He wrote to
his sister-in-law and desired to know
all that was taking place. Louise,
pitying him in his great distress,
and not wishing to see him deceived,
told him all—told him of the young
doctor's visits, of his confiding to
her, his intention of making Alene
his wife, but only on the condition
that her sight would be restored.
Howard gasped for breath, as he
read of this condition. "Would it
be wicked? Dared he hope?"—Ah
no! Howard Wharton was too
noble, too generous a man, and he
loved the beautiful blind Alene too
well to, even for a moment, enter-
tain the selfish hope that the opera-
tion might prove unsuccessful and
that Alene would still be saved to
him. So he worked on, each day
gaining new strength from his calm
resignation to the fate to which he
had been assigned.

At last came the news of the op-
eration. How eagerly he tore open
that letter! The pages swam be-
fore his eyes, his body grew weak,
and cold perspiration stood on his
handsome brow. Alene was still
blind. A mighty conflict was rag-
ing in the soul of Howard Wharton,
which was disturbed for a brief in-
terval by these words, "Dr. Ralston
is deeply grieved at the failure of
his work, but his love for Alene has
proven so strong that he has already
asked for her hand."

Did Alene become the wife of
Richard Ralston, or were there un-
seen obstacles to render their mar-
riage impossible? What of Howard
Wharton? Did he once more find
cause to lean on the strong arm of
his brother Eldridge? All this you
will learn in the concluding part of
this story.

Students Attend Laymen's Missionary Convention

On March the 13th and 14th one of the seventy-five Laymen's Missionary Conventions which are being held in the United States convened at Harrisburg. The delegates from the school were Messrs. A. H. Kleffman, J. Paul Hummel, Walter Deibler, Rufus Lefever, Clyde Lynch and J. Stuart Innerst. The addresses all sounded forth the strong appeal which is coming to America from the Non-Christian World. Rev. E. J. Pace represented the United Brethren church and was one of the most appreciated speakers there.

"THE SHEPHERD OF THE HILLS" READ BY MISS BERYL BUCKLEY

This Thursday evening we shall have the delightful pleasure of hearing one who has mastered the art of interpretation portray for us the scenes contained in that captivating novel with its quaint and charming scenes of life among the hills—"The Shepherd of The Hills."

A story well told is a work of art. It appeals at once to the heart and to the intellect. And to tell the story well is to understand the text; to put it forth with naturalness and simplicity; to keep a wise hand on the pulse of the audience. This is not only intelligent but entertaining story telling as well, and in this we have the secret of Miss Beryl Buckley's success.

Miss Buckley will read this soul stirring story in Engle Hall Thursday evening, March 23. This is the last Star Course number of the season. Don't miss it.

REUBEN WILLIAMS WINS TEMPERANCE ORATORICAL CONTEST.

At the Oratorical Contest held last Friday in Philo Hall under the auspices of the local branch of the Intercollegiate Prohibition Association Reuben Williams, '17, was declared the winner of the \$5.00 prize offered by the Women's Christian Temperance Union of Lebanon. The subject of this winning oration was "Can America Stand." The other contestants were: A. H. Kleffman, '16, and Theodore Hastings.

PRESIDENT WILSON PROMOTES ALUMNUS OF LEBANON VALLEY

President Wilson has nominated Seba C. Huber, of Tama, Iowa, to the office of United States District Attorney for Hawaii. Mr. Huber is a member of the class of 1892.

Erin Go Brach

March 17th marked another milestone in the social history of Lebanon Valley College. Clio most cleverly displayed her ability as a hostess, when she gave the annual St. Patrick's party to her fellow-students and friends.

As the guests assembled in the artistically and appropriately decorated Gymn. They were each given a small green card with the name of an Irish city on it. In this manner groups were formed. After the captain of each group had been supplied with a guide book, the fun began. The first event was a voyage on the great vessel "Shamrock." In order to take this trip, each group had to compose a "pass port," each word of which had to begin with a letter in the name of their own city. As usual, each group had to undergo custom-house inspection before taking the voyage. This consisted of a St. "Patty's" Spelling Bee. At last the voyage began.

THE STRONG ARM

Part 5 Written by HELEN ZEIGLER

PART 5 CONCLUSION.

Howard was dazed, as the truth of Louise's words dawned upon him. He was suffering greater pain than anyone afflicted with a dreaded disease. "Must he give up Alene?" She came into his life when his sky was as black as night, she came as his guiding star, and now she was about to be snatched away from him and the result would be unbearable.

Meanwhile Alene was having a fierce struggle within her own soul. Dr. Ralston had asked for her heart hand and all, and she had asked him to grant her two days in which to give her answer. She wavered in her decision. She put Howard Wharton on one side of the balance and placed Richard Ralston on the other side. As far as worldly success was concerned, the balance fell immediately in favor of the Doctor, for Howard Wharton was not known thru out the world as was the famous surgeon, Richard Ralston. Howard was not one tenth as successful financially as Richard, he was in the infancy of success. Then Alene weighted as to their characters. The surgeon was impetuous, he wanted what he wanted, when he wanted it. When Alene hesitated as to the advisability of the operation on her eyes, he became very impatient and could not see why she would not

More Than 2000 People Cheered by the Glee Club

Leaving Annville Monday, March 13, and boarding a special car over the Cumberland Valley Railroad to Greencastle the Glee Club began its four day trip, giving concerts and several in between programs at seven different places and thus bringing college life and joy to more than 2000 hearers.

At Greencastle, Waynesboro, Chambersburg and Mechanicsburg the Club rendered its complete concert program. These concerts were all well attended and the boys were encouraged to their best efforts by rounds of applause. Encores being repeatedly called for, the club gave them with a zest which, as we say, brought down the house.

At the request of Rev. Kitzmiller the club stopped over at Quincy between trains and gave short programs, consisting of readings and musical numbers by the Quartette, Octette and Club, for the inmates of the Colestock Old People's Home and the children of the U. B. Orphanage. The Orphanage Band showed their spirit and good will by favoring the Club with a band concert.

Thursday morning the Club gave a short student-getting program at the Chambersburg High School. The students received each number of the program with tremendous applause and then again expressed themselves in a snappy and spirited yell for Lebanon Valley.

On the train from Chambersburg to Mechanicsburg the Club had the pleasure of meeting Rev. Arthur Clippinger, who was manager of the first Glee Club that ever represented Lebanon Valley. Mr. Clippinger is now pastor of our Euclid Avenue Church of Dayton, Ohio.

Many and pleasant were the experiences enjoyed by the members of this musical organization as they toured the Cumberland Valley, enjoying the hospitality of many United Brethren homes and advertising and talking for the best interests of the White and Blue.

HEAR THE CLUB GIVE ITS HOME CONCERT TONIGHT.

CALENDAR.

Thursday—8.00 P. M., Miss Buckley reads "The Shepherd of The Hills" in Engle Hall.
Friday—7.15 P. M., Clio-Philo in Joint Session; Glee Club at Palmyra.
Sunday—9.00 A. M., Sunday School; 1.00 P. M., Christian Associations in session; 6.00 P. M., Y. P. S. C. E.; subject—Great Home Missionaries, W. W. McConel, leader.
Tuesday—6.15 P. M., Student Prayer Meeting.

In the past several years there has crept into our customs a practice that hitherto was deemed out of harmony with the general development of the academic life of the student. This habit has taken the form of scheduling events on a Friday night, the time hitherto devoted to literary societies. Indeed, so far has this idea been grasped that Friday evening is generally considered as the best time of the week to hold public events. As a result, the literary societies, whose chief aim is to develop the literary life of the student, must entirely abandon their session or rush it through at double speed, deriving little or no benefit from the session. Had such a course of procedure been adopted a half dozen or a dozen years ago, the students would either have protested vigorously or refused to attend such events, which simply illustrates in another fashion how we are digressing from the true object of our college. The multitude of social and public events that seems to crowd our colleges apparently furnishes ample reason for the statement often made that college men are simply veneered with education and culture. However necessary and essential such events, in their proper place, are to uniform development, nevertheless out of their place they exert the same negative influence to unbalance ones life, especially when they adopt the form hitherto mentioned of crowding the real college work out of existence, and giving it the form of the relatively unimportant. As an exception of this tendency however are the events such as the recent sociable which by its very nature must fall within the date in which the event is universally recognized. With such few exceptions we would do well to revise this tendency and give to our literary societies what they deserve, and to our literary life its just respects.

CONTRIBUTED.

ERIN GO BRACH

Continued From Page 1

Ireland was the first stop. A group of Irish Lassies represented a cycle of Irish songs. Our next stop was at the office of the celebrated Dr. Shenberger. He cleared up several great mysteries for us. We made our return trip and landed at home just in time to compete in the celebrated Lebanon Valley track meet. Some decidedly clever fetes were accomplished not a minute of time lagged. Between the various events you could scarcely hear your self talk, for each group had their own yell and constantly made use of it. Before the guests realized it, the refreshments committee surprised them very agreeably by serving the most delicious cream, cake and can dies.

A great deal of credit is due to the various committees. The decorating committee worked hard and succeeded well in putting the "Gym" in proper attire of green friezes of Shamrock, pigs and pipes to welcome St. Patrick. The entertainment committee is to be congratulated on the booming success of their plans. Needless to say the "eats" committee gets our hearty appreciation.

Some-how each year brings us added enjoyment on these occasions.

DAYTON L. V. BANQUET.

On Friday evening, March 3, 1916, alumni, former students, and friends of Lebanon Valley College, residing in Dayton, Ohio, and the immediate vicinity banqueted in the dining rooms of the Euclid Avenue U. B. church. Sixty-one, twenty-one of whom were graduates, attended this annual gathering, the purpose of which is to keep alive the memory and promote the interests of L. V. C.

In view of the fact that this year marks the semi-centennial of the college, a strong program was arranged and President Gossard was secured as the speaker. Dr. W. G. Clippinger, '99, L. V. C., president of Otterbein University, acted as toastmaster. After the toastmaster's address the following toasts were given:

"L. V. C. Fifty Years Ago," Dr. W. O. Fries, '82.

"Happy School Days," G. A. Richie, '13.

"L. V. C. Students in Christian Service," Dr. S. D. Faust, '89.

"Lebanon Valley College After Fifty Years," President G. D. Gossard, D.D.

The speakers recalled to memory the scenes of bygone days, and portrayed the success of graduates in all lines of activity. Dr. Gossard vividly pictured the conditions of today and pled for a hearty co-operation of alumni and friends to make L. V. C. one of the foremost colleges of our country.

The evening was enlivened by the college songs and yells given by the recent graduates and L. V. C. Bonebrake students. The excellent menu was enjoyed by all.

The following officers were elected for the ensuing year: President, Rev. A. R. Clippinger, D. D.; Vice-President, Mrs. G. D. Gohn; Secretary and Treasurer, Rev. W. O. Fries, D.D.

Y. W. C. A.

One of the most difficult things that we as college girls must do, upon our return home for the summer vacation, is to adjust ourselves to the old environment. Naturally we miss the companionship of our school-friends whose aims and ideals are similar to ours, and as a result, we waste away the many weeks until school opens again by writing to our chums and telling them of the dull monotony of existence, instead of trying to apply some of the lessons we have learned.

But, girls! there is something in store for you that will avoid this dissatisfaction with your former environment. Were you at the Y. W. C. A. meeting yesterday when Miss Beaverson discussed the purpose and plan of the Eight Weeks Club movement? This is one of the new features added to the various activities of our Association. Its purpose is to organize little clubs among the girls of our home towns, and to help them to a broader understanding of life by giving to them some of the many good things we have received at college. Miss Beaverson told of the work accomplished by the Eight Weeks Club conducted by Miss Taylor during the past summer. Miss Carrie Miller then read an interesting story of how a certain college girl changed the life of her whole community by her introduction of an Eight Weeks Club. In this movement lies a great opportunity for us to help those girls less fortunate than ourselves, and it is to be hoped that more of the members will become interested and take up the work during the coming vacations. We also enjoyed special music by Miss Oyer.

GIRLS SECOND TEAM AND ANNVILLE HIGH GIRLS DEFEAT CAMP HILL

The girls' second team played the Camp Hill on Saturday night and at the end of the first period lead by the score of 12-7. In the second period the Annville High school girls team played against the camp hill team and scored 14 points to their opponents 6. This was the initial appearance of both teams and both teams played well. A field goal from the center of the floor by Nancy Kreider was the chief feature. For the second team, Miss L. Davis was the star performer. Laura Millard played a good game for the High school girls.

Spring Styles

Our Spring Suits and Spring Overcoats are ready.

There are so many new models of handsome fabrics this season that we can not even attempt a description, but ask you to come in and see the new styles.

COLLEGE NEWS

PERSONALS

Miss Ruth Haveistock and Miss Bleichert, of Lebanon, called on Lebanon Valley friends Saturday.

Miss Reiff, who coaches the Camp Hill Girls in basketball, spent Sunday with Miss Ruth Heffelman.

Miss Ida Beidler was made very happy by a visit paid her by her mother and young brother, Paul.

Miss Anna Bender, Harrisburg, spent a few days with Miss Rachel Dare, '17.

Misses Helen Ziegler and Ruth Huber spent Sunday at Lebanon, the guests of Miss Violet Wolfe.

Among the visitors who came for the St. Patrick's party were—Miss Ruth L. Hoover, Chambersburg; Miss McConnell, Millersville; Miss Lola Gamble, Jersey Shore.

Mrs. G. F. Breinig spent Thursday of last week with her daughter, Miss Edna Seaman, professor of English.

Miss Mary Creighton, '19 was visited on Sunday by her brother, Mr. Henry K. Creighton, of Altoona.

Walter E. Deibler enjoyed the week-end with friends and relatives at Newport, Pa.

C. Guy Stambach led the foreigners at the quarries in their study of the lesson Sunday afternoon.

While in Chambersburg last week, S. Huber Heintzelman, '16, gave a short talk to the prisoners in the Franklin County jail.

Miss Margaret Heikes, of Harrisburg, visited friends of the College and enjoyed St. Patrick's party on Friday.

P. S. Wagner entertained a number of friends in his room last Tuesday evening in honor of his birthday. Delightful refreshments were the chief feature.

"Cus" Peiffer was presented with a ten dollar gold piece by the A. H. S. basketball team in appreciation for his services rendered as coach.

JUNIOR RECITAL.

The annual recital by the Juniors of the Conservatory was given on last Tuesday evening, March 14th. The various numbers were offered by Misses Ware, Jenkins and Kettering, pianoforte students. Mr. Linebaugh assisted with his organ numbers, as did Miss Jennie McGowan with her reading. The program was of a pleasing character throughout. Miss McGowan's splendid interpretation in her reading made it doubly pleasing. All the musical numbers were given to good advantage and with a finish which made them delightful to hear.

LEBANON BUSINESS MEN ARE HOSTS TO L. V. BOYS

The Lebanon Business Men of the Y. M. C. A. entertained a number of our boys in the Y. M. C. A. at Lebanon last Tuesday evening. The entertainment took the form of Volley Ball, in which game the Lebanon men proved to be very proficient. Their team were easy victors over our boys in two interesting games. At some future date the Lebanon Business Men will visit us and give us a demonstration in this delightful and interesting game.

BASEBALL SEASON OPENS.

With the beginning of last week baseball practice, which for some time had been conducted in the gymnasium, was transferred to the campus. Coach Guyer announces that the outlook for the season is splendid, with enough material to furnish a good varsity and reserve team. Manager Ernst announced the following schedule for the season 1916:

April 1, Mercersburg at Mercersburg.

April 5, Dickinson at Carlisle.

April 8, open.

April 10, Mt. St. Mary's at Emmitsburg, Md.

April 11, Western Maryland at Westminster.

April 12, Washington College at Chestertown, Md.

April 13, Mt. St. Joseph's at Baltimore.

April 29, Gettysburg at Gettysburg.

May 6, Susquehanna at Annville.

May 8, St. Francis at Loretto, Pa.

May 9, Juniata at Huntingdon.

May 10, St. College at S. College.

May 11, Gettysburg at Annville.

May 13, Dickinson at Annville.

May 18, Susquehanna U. at Selinsgrove.

May 19, Bloomsburg N. at Bloomsburg.

May 20, Bucknell at Lewisburg.

May 27, Bucknell at Annville.

May 30, pending.

June 2, Juniata at Annville.

June 6, Seton Hall at So. Orange, N. J.

June 7, Villanova at Villanova.

May 15, Alumni.

SUPPLIED PULPITS ON SUNDAY.

A. H. Kleffman supplied the pulpit of Rev. H. S. Dando who was attending the Annual Conference of the Methodist Church which is being held at Philadelphia. Rev. Dando is pastor of the Grace M. E. Church of Lebanon.

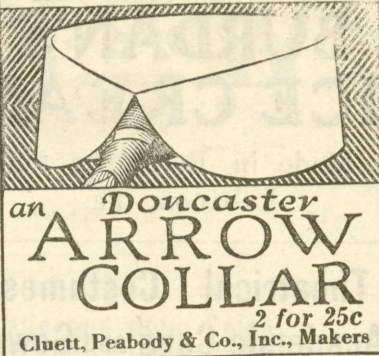

Rufus H. Lefever, due the illness of the pastor of our church at Pine Grove, supplied the pulpit at that place on Sunday.

J. Stuart Innerst preached in our church at Hummelstown Sunday morning.

THE STRONG ARM

Continued From Page 1

trust her life in his hands. Then, too, he said he would marry her, were her sight restored. Was that true love? She thought of Howard, of his great struggle in leaving all his youthful plans and companions at the bid of his brother; of his splendid display of manhood in conquering self and then too of his wonderful courage in dispelling so easily the terrible clouds of the strike in the Arizona mines. She thought of the many happy hours they spent together, how devotedly he waited on her every want and with what child-like devotion he worshipped her. "Where will my life do the most good?" This question loomed up before her mind's eye. Ralston had promised her all the luxuries of the rich and his devoted attention. Howard had never spoken to her concerning his future, but his action spoke louder than words. Alene knew that he wanted to ascend the rungs of the great ladder of Fame, and achieve there for himself a place worthy of the name of Wharton.

When the balance fell the second time it was decidedly in favor of Young Wharton.

Just then the door bell rang and the messenger boy handed Louise a telegram from Arizona. With trembling fingers she tore open the yellow envelope and as if written in letters of flame, she saw the terrible words, "Terrible explosion in the Wharton Mines. Boss seriously injured."

Louise grew faint, but soon regained a hold on herself and called Alene. She told the blind girl of the news and watched the effects on her face. Alene's breath came quick and fast as she grasped the seriousness of the statement.

She gained her composure and asked Louise if it were at all possible that she could go to Howard. Louise gasped, did Alene really care for Howard more than the surgeon? After a great deal of excitement, it was decided that Howard be brought to his brothers home at once.

That evening as Alene Maxton was sitting on the large veranda, her thoughts carried her away to Arizona. Why did she become so startled at the news of the explosion? Howard was only a friend, he was a brother-in-law to her dearest friend, that was how they learned to know each other. As sudden as a flash of lightning the truth dawned upon her. She loved Howard Wharton, for the true man that he had proven himself to be. Very soon she heard familiar foot steps, crunching the gravel on the walk and soon the voice of Dr. Ralston aroused her from her reveries. "Good evening, Alene, how is my little friend this evening?" Before she had a chance to answer, he walked up to her and turning her face towards him, he was startled to see how death pale she was. He hastened to inquire if she were ill. Alene did not answer for she was filled with emotion.

Concluded next week

BASKET BALL

CAPTAIN ELECTED

At a meeting of the "letter" men of the basket ball team last Monday, Charles Loomis, '17 was elected captain of next year's team. Mr. Loomis has been a member of the team for three years. The "news" extends hearty congratulations and wishes to him every success as pilot of the team.

The Y. M. C. A. meeting on last Sunday afternoon was led by Mr. Cretzinger. The leader used as his text Ephesians 2:3. The speaker showed that the Christian life not only consists in faith, but also in good works. By his many illustrations, he showed the necessity of practical deeds in service. He also showed the necessity of living a life of service in order to receive the greatest joy.

COLLEGE NEWS

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, March 28, 1916

No. 25

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Home Concert Given By Men's Glee Club

A large audience heard the concert given by our Men's Glee Club in Engle Hall on Tuesday evening, March 21st. The program, as rendered by the club, demonstrated the fact that L. V. C. ranks very high in musical ability. Much interest was aroused and favorable comment was heard as the result of this concert, and it was easily seen that this organization does much in advertising the school and showing its spir-

it and temperament to the public. From the very first the club gained the attention and interest of the audience and not once during the rendition of the program were these qualities lacking.

The program was pleasantly varied with musical numbers by Mr. Campbell and readings by Mr. Eichelberger. These gentlemen exhibited their talents in a very attractive and praiseworthy manner. The quarrel and reconciliation scene taken from Sheridan's "The Rivals" as presented by Messrs. Heintzelman and Eichelberger demonstrated their dramatic and interpretative ability. "Sympathy" up-to-date and the "Cantata of The Frogs" carried much enjoyment with them.

While to quite a large percentage of the Glee Club members concert work of this kind is new, the club this year has shown up excellently. Owing to the untiring efforts of Prof. E. E. Sheldon, the director, belongs much credit for the success of the club.

NEW "COLLEGE NEWS" STAFF.

At a recent meeting of the Faculty the following students were elected to take charge of the publication of the "News" for the next year:

Editor-in-Chief.....Abram Long
Associates.....Nettie Showers,
Paul Wagner, Hubert Snoke
Social Editor.....Katherine Dasher
Athletic Editor....Harold S. White
Music Editor.....Miriam Oyer

Miss Harold Closes Star Course Season With "Truth"

Interesting and delightful entertainment was afforded the students and friends of Lebanon Valley College who were present at the final number of the Star Course program. In this number Miss Clarissa Harold presented Clyde Fitch's masterpiece "Truth," in a very pleasing and artistic way; although Miss Buckley, who was to read "Shepherd of the Hills," was formerly engaged for this final number. She was unavoidably detained by a case of illness. In Miss Harold, however, a substitute equal in talent and ability, was found who proved equal to the occasion. She is to be congratulated on her rare ability as reader and interpreter, as are also the members of the committee in being able to procure her. This number of Miss Harold concludes one of the most successful programs in the history of the College. Not a little credit for this success is due the Redpath Bureau, as well as the Christian Associations under whose management these programs are possible.

THE STRONG ARM

Part 5 Written by HELEN ZEIGLER

Continued from last week

quered her feelings and told him of the terrible explosion in the mines and of the accident to the Boss. After a half hour of conversation, he told her of the real purpose of his visit, he came for his answer. A smile spread over Alene's face as she thought of her decision, for she had only made it a few hours previous to his call, so he could not marry because she felt as if her heart had gone to Howard Wharton away out in Arizona. The surgeon thought her feelings of sympathy were aroused toward Howard by the explosion and told her she did not consider her answer as final. Alene then told him how she had weighed both in the balance and how she battled with herself and finally came to know her own heart.

The shock to Dr. Ralston was almost more than he could bear, but could Alene have seen the agony on the Doctor's face when he learned that another man had gained the prize which he was so determined to win, she would not have been so happy.

He did not stay as long as usual

Clio and Philo Enjoy Semi-Annual Session

"Did the lads and lassies meet in Philo Hall?"

"I should say they did."

"Have a good time?"

"The best ever."

"What sort of a program did they have?"

"The best we've ever had. Clio officers, as usual at the spring session, took charge. You should have heard Marie Richwine and Jackowick play. Katharine had an awful time to pronounce his name but when they started to play we forgot all about Katharine's tongue twister. Conrad Curry and Russ Snively had a discussion on whether the Social Functions at Lebanon Valley were detrimental to scholastic standing."

"Well, what was the discussion like?"

"Curry spoke humorously against social functions while Snively spoke seriously of the benefits derived."

"What was next?"

"Miriam Oyer sang a solo and gave an awfully cute enchoire. Then Kathryn Harris gave two splendid readings."

"Didn't you have a sketch?"

"A sketch! it was a whole play. As usual the Profs. got it and also some conspicuous characters. Miss Adams thoroughly enjoyed the representation of English III, and you should have seen Prof. 'Deny' going around a corner. It was a scream."

"No Olive Branch and Living Thought?"

"Oh, yes, a good edition, very clever."

THE EURYDICE CHORAL CLUB.

The Eurydice Choral Club will give its annual concert in Engle Hall Monday, April 3. The Club has gone through a long course of preparation for this concert and will next Monday evening present a splendid program to our music lovers.

The Club is fortunate in being able to secure Miss Elsie Baker, Contralto Soloist of New York City, to assist in the concert.

General admission 35 cents. Reserved seats 45 cents.

CLIO ELECTS OFFICERS.

The following officers were elected to the various offices of the Clionian Literary Society for the last term: President, Myrtle Daugherty; vice-president, A. Louise Henry; critic, Margaret Myers; chaplain, Josephine Mathias; recording secretary, Esther Moyer; editor, Louisa Williams; pianist, Miriam Oyer.

"Keep moving," says the traffic police to the crowd which throngs the congested streets of our cities.

"This way out," calls out brakeman of a train to those passengers who have ridden as far as their tickets permit.

"Forward march," rings out the stern order of a commanding officer and a regiment begins its steady tramp of conquest.

The frost and chilly blasts of winter are forgotten when the whispers of spring wake the herbs and all vegetation from the sluggishness and sleep of winter to the enjoyment of those balmy breezes that announce its arrival.

Action, motion and change are continually taking place about us. According to the laws governing the universe and all of life, motion and change must be operative, else stagnation and death ensues.

The wheel of progress is turning, turning, turning. Each of us has a part to play on this moving arena, and then, having played our little part necessary to the perfect whole, we must step off the stage and out from behind the limelight, making way for the next actors.

One year ago the members of this editorial staff came on the scene of action. To play our part and play it well has been our effort. To the readers of this paper we have presented the fruits of our labors and hope that at least in some small way we have fulfilled our privilege of setting forth the working and interests of Lebanon Valley to her many interested friends. We have now completed the playing of our little role and must make way for our successors.

With the next issue of the "News" another—not entirely new—staff shall begin its work. The personnel of this new staff is such as makes us feel confident that success and increased interest in the paper will accrue as the result of their earnest efforts.

To those who have helped in making the "College News" what it has been, we wish to express our sincere appreciation; to the newly elected staff, we extend hearty congratulations and best wishes; to our readers we bid, "Adieu."

With this we make our exit.

PRESIDENT GOSSARD GIVES STAG PARTY

President G. D. Gossard gave an informal banquet Saturday evening to the male members of the faculty, the treasurer, W. H. Weaver, and the college pastor, Rev. S. F. Daugherty. The banquet was given in the home of Dr. Gossard. After the bountiful meal the evening was enlivened by story and song.

REVIEW OF REVIEWS SCHOLARSHIPS

Free Scholarships will be awarded this summer, as has been the custom for some years, by the Review of Reviews, for practical work by college students during the summer months. These Scholarships are not competitive and are unlimited in number.

Over 400 students won such Scholarships last summer. They are worth \$250 to \$1000 apiece. Full particulars may be obtained from the Scholarship Department, Review of Reviews, 24 Irving Place, New York City, N. Y.

Raymond Nissley, '18, was visited on Sunday by his father, H. N. Nissley.

Y. M. C. A.

"The Value of Temptation" was the theme discussed at the regular meeting of the Y. M. C. A. Mr. Berger presided and gave an excellent discussion on the topic. A large number of those present took part under general remarks, bearing personal testimony on the subject. In spite of the beautiful Spring day the attendance was large.

Secretary E. J. Ehlers, of the Student Y. M. C. A., of Pennsylvania, spent last Tuesday here. He met with the new cabinet and helped to plan for the coming year and also interviewed the men who contemplate entering Y. M. C. A. work of some type. He gave an excellent address at the student prayer service in the evening on "Works of Faith."

PROFESSOR REMER IN CHAPEL

Prof. Remer, of the faculty of the University of Bucknell visited Lebanon Valley on Tuesday, March 21, in the interests of simplified spelling. In a very interesting and instructive talk he removed the old barriers of prejudice and produced sound and logical reasons why the old method with all of its variations and difficulties should be removed and in its place have simple and definite standards to follow. The movement which Prof. Remer represents is certainly gaining in proportion, and from accounts which we hear from those learning the English language, many of the irregularities and obstacles should and could easily be removed.

Y. W. C. A.

Miss Suckling, in Sunday's regular meeting, spoke of our woeful neglect of daily Bible reading. Since God is our refuge and our strength, how necessary that we become acquainted with His Holy Word in order that we may fashion our lives according to His will. We, as professing Christians, owe such a study of the scriptures to ourselves in order to influence our fellowmen to accept Christ as their personal friend. Miss Weidler sang a solo which was a very appropriate introduction to Miss Suckling's talk.

Spring Styles

Our Spring Suits and Spring Overcoats are ready.

There are so many new models of handsome fabrics this season that we can not even attempt a description, but ask you to come in and see the new styles.

BASE BALL SQUAD STARTS PRACTICE

Under the direction of Coach Guyer, the base ball squad has been practicing for the last few weeks. Only light practices are held and practically all of this is done in the gymnasium. This practice tends to limber up the muscles. Not a little time is used in perfecting the art of bunting. The coach is very anxious of getting his team into shape for the first game which will be played at Mercersburg on April 1. The practice therefore during these intervening days is becoming more intense.

Prospects for a strong team are bright. Of last year's team seven are still with us, three being lost by graduation. These men are Catchers McNelly and Atticks, Pitchers White and Captain Zeigler and Infielders Machen, Keating and R. Swartz. Shenberger, F. Snively, Brown and W. Swartz of last year's second team will prove strong contestants for positions. The first two are infielders, while Brown and W. Swartz have done good work as moundsman.

Among the new men Peiffer, Bohan, Adams, and Goodyear, infielder; Buchwalter and Newlyn, catchers; and Grube a pitcher, are well recommended. Other men trying for the team are Lerew, Greenawalt, Mellow, J. Zeigler, Wrightstone, Crabil, Martin, Jaeger, Davis and R. Rupp.

ALUMNI.

Larene Engle, '15, spent last Thursday and Friday at school visiting her sister, Marguerite.

Miss Helen Brightbill, '13, now at Vassar is spending the spring vacation in Annville with her parents.

Mr. Philo A. Statton, who completed three years of work at L. V. and is now on the editorial staff of the "Hagerstown Globe," is visiting friends in Annville.

Miss Josephine Ulrich, '14, now at Wellesley is spending her spring vacation at the home of her parents on Main street. Miss Ulrich has the honor of receiving the grade of A A, which is a mark of high scholarship.

Roger Saylor, '11, is confined to his home in Annville with a case of scarlet fever.

CALENDAR.

AMONG THE COLLEGES

Dartmouth College has a Dramatic Association with a membership of two hundred men. The association presents a play every three weeks with an entire change of cast.

Seventy-three Sophomores have been indicted for hazing at the University of Wisconsin.

In accordance with the custom at Penn State, twelve members of the Glee Club were awarded gold medals for their work during the past two years.

Lafayette has drawn up a tentative student organization constitution that contains provision for an honor system, with power vested in the Student Council. An inter-fraternity council has also been organized.

THE STRONG ARM

Continued from Page 1

but left under the pretense of a
previous engagement in the settle-
ment section of the city.

Little dreaming of the heart she
had crushed, Alene slept the most
peaceful sleep. The next afternoon
the family physician, accompanied
by Eldridge Wharton, left Madison
to meet Howard in Chicago. Late
that evening the company of three
arrived at Madison. Howard was
not as badly hurt as was supposed;
however, he suffered greatly from
the shock and no one was allowed
to see him until the next day. As
soon as the doctor gave his permis-
sion, Alene was sent for. Howard
was not allowed to speak very much,
but what he said assured her of the
fact that she had chosen the right
path. Now it was Alene that min-
istered to Howard, she sat beside his
bed and sang snatches of songs to him
and told him of her travels thru the
country and how proud she was of
him for his strength of will power.

It was not very long before the
Boss, as the telegram stated it, was
able to be out again. Eldridge sum-
moned his younger brother into his
office one morning and told him of
his decision. The Younger Wharton
was to become the General Manager
of the great Wharton Factories. Was
it true, could it be possible?
Scarcely a year had passed since he
was compelled by his brother to
leave school.

He went immediately to Alene to
tell her of his good news. She was
delighted to learn of his success.
However, she sadly informed him
that her visit to his sister-in-law's
had come to an end, she must go
back to the only home she had
known.

Suddenly Howard awoke. Suc-
cess? Yes his mind was full of it,
financial success, but the blow had
come—Alene was leaving him. "She
must not go, he could not do with-
out her, what could he do, would he
have any chance with Richard Ral-
ston in the race?" He picked up
all his manly courage and told Alene
everything. Secretly she knew the
result of her step before she took it,
but she did not show it.

This evening found another suit-
or for the hand of blind Alene, but
the time fled much too rapidly, for
Howard received his prize and Alene
Maxton took him as her strong arm,

submitting up her entire self to him
as he had submitted to the iron will
of his brother Eldridge Wharton.

THE END

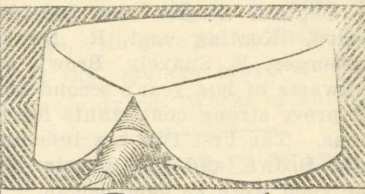

PERSONALS.

Misses Seaman, Heintzelman,
Mutch and Showers went to New
York on Saturday just to ride on
the 5th Avenue Bus.

Miss Hand was asked if she
thought Fritz Kreider would receive
his diploma this year, to which she
answered, "I hope not. I couldn't
stand for two ardent admirers leav-
ing the same year."

A. M. Long, '17 spent the week
end at his home in Mt. Joy, Pa.

Girls Add Another Victory

The Sunbury Y. W. C. A. quintet were awarded the small end of the score in a well played contest on our floor Wednesday evening.

As a courtesy to the visitors the game was played under a combination code of rules which limited forwards and guards to their respective halves of the floor, a novelty in our cage this year.

The final score, 39 to 7, shows that the result was never in doubt, but the fine shooting and rapid passing of our girls kept up the interest.

All the girls played at their best and are to be congratulated. Our guards were prevented from helping in the actual point getting, but they did a lion's share in holding their opponents to three field goals, while the Misses Engle, Hershey and Bubb were caging six apiece.

The game with Harrisburg Central High School will close their season.

The Nine Win First Game

The 1916 baseball season was ushered in Saturday at Mercersburg by a ten inning 4 to 3 victory over Mercersburg Academy. The game was close and exciting throughout and on the two occasions when the Academy boys tied the score the spectators rose to their feet, urging their team to their utmost efforts, but our veteran team proved more than equal to every occasion.

Lebanon Valley had more than double the number of hits of her opponents and thus the game was justly hers.

In speaking of hits Captain Zeigler deserves special mention. In five trips to the plate he registered a triple, two doubles and a single, thereby contributing in a great measure to his team's success.

Swartz and Machen, veterans, showed their mettle by run producing hits at opportune moments.

Zeigler and White divided pitching honors, the latter pitching the first five and the former the last five innings of the game. They nearly set a strikeout record for an opening game, White having thirteen to his credit and Zeigler seven, in the first nine innings.

The new men in L. V. uniform were, Shenberger, at first base, Newlyn, in left field, and Bohan in right field, and each celebrated the occasion with a hit.

Math Round Table Enjoys Special Program

With the coming of spring and all its gay and effulgent appearances, as well as its annual phenomena there is instilled within each human soul a peace and calmness that makes even the heart of the aged beat in sympathetic tones and keep rhythmic with the frivolous and more impulsive natures of youth. It was in harmony with this spirit that Prof. J. E. Lehman extended an invitation to the odd twenty members of the Mathematical Round Table to hold their March session at his, and—in his own language—"his good wife's" home. The programme was of special interest, being a happy mixture of sober and humorous problems to life. The first number was, "Mathematics in the U. S. before 1860," by Ruth Whiskeyman. The writer presented a most authentic and interesting account of the history and pro-

Words of Praise For Glee Club

The Men's Glee Club gave two concerts the past week; the one being given at Lebanon on Thursday and the other at Harrisburg Friday evening.

The concert at Lebanon had been well advertised and worked up by Messrs. Daniels and Reuben Williams, both Lebanon Valley men. About three hundred and fifty people enjoyed the program at this place.

As a result of the efforts put forth by the Knights of Malta of Harrisburg an audience of more than seven hundred greeted the Club in the Tech High Auditorium. There were in the audience many musical critics, but the dash, vigor and ease with which the Club rendered each number swept aside, or at least made unnoticeable, all destructive criticism. Club numbers, special musical novelties and selections and the sketch all shared the laurels of the successfully rendered program. Comments of approval and praise were heard on every hand as the enthusiastic hearers left the auditorium and were lost among the many pedestrians who thronged the street.

The P. and R. Railroad gave the Club a special car to Annville and also held the train fifteen minutes as an accommodation to the Club. This is the second time our fellows have been so favored this year by the railroads.

A Better Lebanon Valley

For sometime the members of the Y. W. and Y. M. C. A. have felt that conditions here have not been as conducive to religious growth as they might. This fact was brought out several weeks ago in a debate upon the subject. In Sunday's meeting Miss Heffelman brought this fact to the associations in a very forceful way. She discussed our share as students and as organizations, in creating an atmosphere which would tend to mould high Christian characters. The lightness with which we regard cheating, petty thieving, and destruction of college property was clearly shown to be a destructive factor. Our disregard of courtesy in social relations toward each other, our low estimate on class standing in comparison to athletics, together with our selfishness in office seeking for ourselves and friends, forgetful of the efficiency demanded for an office holder, plainly shows that the highest type of morality does not dominate. Mr. Loomis supplemented Miss Heffelman's remarks with several concrete examples. The greatest of these was the honor system, which proved by the opposition heard on all sides, that our moral standard is much lower than it should be. He also said that while some of us could stand the everyday routine, yet there are many among us who must have diversion of some kind; and because of the dearth of proper social activities here, are forced to seek amusement of a common type elsewhere. Mr. Gregory and Mr. J. Zeigler sang a duet which was wonderfully impressive and we are looking forward to hearing them again.

Kalo Elects Officers

The following officers were elected by the Kalozetean Literary Society to the various offices for the spring term.

President—D. M. Long.
Vice-president—P. M. Linebaugh.
Critic—A. M. Long.
Rec. Sec.—O. Greenawalt.
Cor. Sec.—M. L. Brown.
Chaplain—W. N. Martin.
Editor—L. R. Walters.
Pianist—P. E. Hilbert.
Sar. at Arms—H. M. Ramsey.
Ass't Sar. at Arms—R. E. Olewina.

Miss Edna Seaman spent the week end at her home in Allentown.

Mr. Jack Horn, '19, was made happy by a visit paid him by his mother, Mrs. D. D. Horn.

The editor solicits contributions and items of interest to the College from the students and Alumnae. All articles for publication should be given or sent to the editor not later than Saturday evening.

It is with a spirit of hesitancy and a keen sense of responsibility that the present staff assumes its work with this issue. This spirit is all the more intensified when we stop to consider the true place of the college paper in the periodical world, and its position in the life of the college. To effectively sense the current opinions and tendencies in our college and adequately voice them is a task of no mean accomplishment. There exist today in the life and customs of our student body certain habits and manners that should be relegated to the things of the past, others that by their very nature need stimulation and encouragement.

Sometimes in the case of the former when questions arise that are of local significance it is often a matter of dispute whether the institutions should be revolutionized or the habits of the students reformed. In all such cases, if the highest moral judgements of the students at large are to be discerned, we shall give expression to it in such a way as will be in harmony with the ideal of progress, that will produce in the minds of alumnae and friends a spirit of optimism rather than pessimism with regard to the status of the college.

On the other hand our college papers are expected to be an expression of the literary and academic accomplishments of the college, and serve as perhaps no other single factor in affecting prospective students of literary tendencies. Neither is the present staff heedless of the work accomplished by the preceeding one, the high standard that has been attained and the devotion and sacrifice that are demanded if this standard is to be maintained and bettered.

It is in view of these circumstances that the present staff assumes its responsibilities with the resolve to better the paper in every way possible in order that Lebanon Valley may have a weekly such as she merits, and a weekly that shall be deserving of the name "College News."

With the advent of the baseball season there has also come into prominence a practice that should linger only as a remembrance. This practice takes the form of extending the use of the newly erected tennis back-stops to cover the necessities of baseball as well. Those students who remember the existence of our former tennis back-stops will remember that it was just this practice that shortened their stage of usefulness. Since the discontinuance of this practice will not materially inconvenience the individuals, or lessen the pleasures of the game it is requested that this practice cease without further comment.

Reception Alumni Gymnasium

EVERETT BAKER IN CHAPEL

Everett Baker, travelling secretary of the International Prohibition Association conducted chapel exercises on Tuesday, March 28. In a short and interesting talk he clearly showed the value and necessity of training and education, in conducting a prohibition campaign. He classed all people into three groups with regard to their attitude as concerns the liquor problem. The first group comprises the prohibitionists, who believe in absolute removal, the second are the regulationists, who only advocate moderation and the third and last group are the anarchists who cry "personal liberty."

L. V. RESERVES LOSE CLOSE CONTEST TO ROSEWOOD A. C. OF HARRISBURG.

The Scrub basketball team closed their season last Wednesday at Harrisburg, losing a close and well played game by the score of 32 to 27, to Rosewood A. C. Jaeger and Seltzer were our strong point getters in the contest.

Captain Rupp's team won four and lost four games but in number of points they showed their superiority. They registered 285 points as against 193 for their opponents.

Many students attended the concert of the Philadelphia Symphony Orchestra in Lebanon on March 31.

Seniors Recital Greatly Enjoyed

The first of the Senior recitals was given last Monday evening, Mar. 27, in Salem U. B. church, Lebanon, by Prof. R. P. Campbell, assisted by Miss Ruth Strickler, soprano, and Mr. Harold Malsh, violinist. The following program was rendered.

- (a) Concreto in D minor...Handel.
(b) Prelude and Fugue in D major.....J. S. Bach.

Mr. Campell.

"These are they which came," (Holy City).....Gaul

Miss Strickler.

Symphony No. 5 (First Movement),
.....Widor

Mr. Campbell.

- (a) Meditations (Thais)...Massenet
(b) Ave Marie..Schubert-Wilhelmj

Mr. Malsh

- (a) Parcarolle.....Faulkes
(b) Pomp and Circumstances.....

.....Elgar.

Mr. Campbell

- (a) Sunset.....Russell
(b) Joy of the Morning.....Ware

Miss Strickler

- (a) Prelude Heroic.....Faulkes
(b) Intro. and Liebestod (Tristan

and Isolde.....Wagner

- (c) Finale.....Franck

Mr. Campbell

Mr. Campbell displayed his talent in a remarkable manner and those who assisted him also performed well.

Many of the Professors and students attended the recital.

CALENDAR

April 5.—Baseball. L. V. vs. Dickinson at Carlisle, Pa.

April 7.—7:45 P. M. thirty-ninth anniversary of Kalczetean Literary Society.

April 8.—Glee Club Concert at Mt. Joy, Pa.

April 9.—9:00 A. M., services in U. B. church. 1:00 P. M., M. Y. W. and Y. M. C. A. Christian Association meetings.

April 10.—Baseball team starts on Southern trip.

April 11.—6:15 student weekly prayer meeting.

AMONG THE COLLEGES.

The new student council of Delaware College has made a ruling that all men before being eligible to any college team must pledge themselves to live up to the rules of training prescribed by the coaches.

Ursinus students must hereafter confine their wanderings about their campus to the straight and narrow paths. Anyone violating this rule must face the stern majesty of the law.

Franklin and Marshall's Senate has passed a resolution that Senate members are subject to recall for non-performance of their duties. This was made necessary by the frequent absences of members from meetings from but trivial causes.

Elta M. Weaver, reader, daughter of W. H. Weaver, Treasurer will leave for the west on Thursday to fill several important engagements.

Spring Styles

Our Spring Suits and Spring Overcoats are ready.

There are so many new models of handsome fabrics this season that we can not even attempt a description, but ask you to come in and see the new styles.

grams of this science. It might be surprising to the general public to know that the "exact science" as we know it, is an entirely modern development. The first arithmetic published in America was that of Pike's in 1788—the text that Prof. Lehman studied—and this was without a rival until about 1822 or 26, in its eighth edition. It is also surprising to note that many of the requirements for graduation in college prior to 1850 were those of our present High Schools.

The next number was "Mathematical Recreations," by P. S. Wagner. Of the entire list of questions presented, the most puzzling one was perhaps;—"Mary is 24 years old. She is now twice as old as Ann was when Mary was as old as Ann now is." Then again stooping to the ridiculous, some more interesting paradoxes were discussed and the fallacies exposed.

The third number was "Algebraic Paradoxes," by Violet Wolfe. She asserted and proved that $1=2$ with an ability that would have stranded any Aristotelian strategy or Platonic philosophy with all of its refinement.

Mr. Jacowick then conducted a Math "Adding Bee." Prof. Lehman's side was victorious over that of Prof. Grimm. The last course was that served by Prof. Lehman and "his good wife." Refreshments were served and enjoyed to the Victrola tunes of some of the most famous and favorite singers. After several piano renditions by Mr. Jacowick, the party gave arousing "Ram-a-zam-a" for Prof. Lehman and adjourned to meet April 26.

The Nine Win First Game

Continued From Page 1

On the whole, Coach Guyer and
Captain Zeigler are to be congrat-
ulated on the showing of a team
which had practiced on the athletic
field but once this year, and had
been in uniform but twice. Now
that baseball weather is with us, old
L. V. should put a nine on the field
against Dickinson on Wednesday
which will give a creditable account
of themselves.

Following is the line up:

Runs scored—Keating, Zeigler, 2,
Shenberger, Mahaffey, Schlager, Gib-
son. Two base hits—Machen, Zeig-
ler 2, Schlager, Doorley. Three base
hits—Zeigler. Stolen bases—Mahaf-
fey. Hits—from White, 1; from
Zeigler 3. Struck out—by White 13
in 5 innings; by Zeigler 7 in 5 in-
nings. Umpire—Goddard. Time of
game—2:20.

NEWS NOTES.

Shannon says the Freshmen did
valiant services on the baseball dia-
mond and the track Friday. The
girls were unable to help with the
manual labor, yet they assisted ma-
terially by serving refreshments to
their toiling brethren.

Misses Dougherty '16 and Ruth
'18 visited their respective homes
several days the past week.

Evans and Gemmill deserve great
credit for placing the light in the
arch of the Mens' Dorm. It is a de-
cided improvement and shows good
college spirit on the part of those
who did the work.

WELSCH CLUB TO MEET.

Kalo Observes

39th Anniversary

Another landmark was reached in the history of the Kalozetean Literary Society by the celebration of its thirty-ninth anniversary on Friday evening. The anniversary, which was one of the best in the history of the society, was attended by an unusually large number of the friends of the school, who showed their appreciation of the program by the closest attention and most hearty applause. The achievement of the occasion, however, is not to be considered as an end in itself, a thing to be attained, but merely marks another step in the march of progress, a path thru which the society has been plodding for thirty-nine years, molding human characters and shaping human destinies.

In accordance with the established custom, the chapel was simply but artistically decorated. The program consisted of five literary and four musical numbers.

D. Mason Long gave the President's address of welcome. The address consisted of an enlargement of the motto of the society, "Palma Non Line Pulvere." This theme beautifully lent itself to development and was used advantageously by the President.

"The Cry of the Oppressed" was the theme used by Alvin E. Shonk in an appeal for the Armenian race. Conditions were revealed and facts brought to light which certainly deserve attention in this country.

In the third oration, Russell H. Rhoads spoke on "The Dragon's awakening." Conditions in China and its development into a world power were traced in an interesting and enlightening way.

In reading "De Great Fiddle," Earl F. Eichelberger effectively displayed his talents as a reader. The story of the "Fiddle" was interesting and this fact coupled with excellent interpretation made it appreciated by the audience.

In "Our Modern Mediaevalism,"

Eurydice Club Gives

Annual Concert

The music lovers of Lebanon Valley were especially favored on Monday evening April 3 by the annual concert of the Eurydice Choral Club. The club which is composed of a number of new singers was the best for years and well illustrates the type of singers L. V. can produce. The club was assisted in its concert by Miss Elsie Baker, contralto soloist, of New York City, and a member of the Victor record company. Miss Baker's reputation as a contralto is widely known. Aside from and this special feature the program was varied by quartette selections by Mrs. Harnish and the Misses Clark, Hand and Strickler, vocal solos assisted by the club by the Misses Stricker and Mrs. Harnish and readings by Miss K. Kreider.

The club was under the personal direction of Prof. Gertrude K. Schmidt, to whom much credit is due for the excellent showing and grand success of the club.

Men's Glee Club

Closes Successful Season

With the concert at Mt. Joy Saturday night the Glee Club closed one of the most successful seasons in its history.

This success is due entirely to the efforts of Director Sheldon, Manager Shonk, and of each individual member who has given freely of his time and labor.

The record of fifteen concerts given to audiences totaling approximately 6200, shows that the Glee Club is one of L. V.'s best publicity agents, and therefore deserves all the support that can be given it.

In addition to those regularly scheduled, concerts were given in the High Schools of Red Lion and Chambersburg, at Quincy Orphanage and the Reformed church at Lebanon.

Concerts were given as follows:

- Jan. 28—Avon.
- Feb. 11—Manheim.
- Feb. 17—Red Lion.
- Feb. 18—York.
- Feb. 24—Lancaster.
- Feb. 25—Ephrata.
- Mar. 13—Greencastle.
- Mar. 14—Waynesboro.
- Mar. 15—Chambersburg.
- Mar. 16—Mechanicsburg.
- Mar. 21—Home.
- Mar. 24—Palmyra.
- Mar. 30—Lebanon.
- Mar. 31—Harrisburg.
- April 8—Mt. Joy.

Lebanon Valley 2

Dickinson 0

Lebanon Valley's baseball team journeyed to Carlisle last Wednesday and brought home with them their first college victory of the season, victory over Dickinson College 2 to 0. For two innings there was no scoring but in the third successive hits by McNelly, Keating and Machen netted us two runs, the only ones of the game. The contest was exceptionally well played as is evidenced by the fact that not a miss-play was made on either side. White pitching for Lebanon Valley was opposed on the mound by McCammet and Vaughn for Dickinson. McNelly deserves credit for catching nearly half the game with an injured hand. His injury, however, was trivial as compared with that sustained by Jack Machen. He was hit in the jaw by a pitched ball during the latter part of the game, and was forced to retire, suffering with a fracture. His

Continued on Page 4

Junior "Quit" Staff Celebrates

Last Friday evening, the men of the Junior "Quit" staff entertained the women of the Board at a dinner party, held at the celebrated Hotel Washington. After a long winter of hard work the staff felt free to lay aside all matters of an arduous nature and enjoy the wonderful feast that had been prepared for them. The tables groaned under the weight of the delicious things, which the hostess had so bountifully supplied. However, at the end of an hour the tables were turned and it was the chairs that had to brace themselves in order to support the additional weight imposed upon them. Judging from the amount of chicken and waffles that was consumed, to say nothing about the other things that went with them, it appeared that the Staff had put in a season of strenuous work, and that a "feed" was very much in order. The dinner was followed by very appropriate and witty speeches from some of the members. Then an invitation was extended to the ladies to attend an opera party at the new Main Street Theatre, where a box had been reserved for them. The following were among the guests:—Misses Bachman, Clark, Dasher, Heffelman, Henry, Huber, Wolfe, Ziegler, Messrs. DeHuff, Fink, Horstick, Long, Loomis, Wagner, Wenrich, Zeigler.

If the success of the evening has anything to do with the success of the book, the anxiety of the Board along that line may be alleviated.

THE NEED OF A SOCIAL CENTRE.

One of the greatest needs, perhaps, of the greater Lebanon Valley, one of the incentive to its progress and welfare, one of the greatest promoters of unified action and feeling is a social centre—a place where heart can talk with heart, where opinion can conflict with opinion, where individual determination can unite with individual determination and rise to culminations, characteristic of public spirit and social aggrandizement. It is for expression and entertainment that students are pining, while it is confinement and solitude that they allow. "What shall we do on Saturday eve?" is the question that confronts every resident of our Halls. In proportion as to our customs of bringing up some few may find employment in the Library, other few may take the privilege afforded by law till the "wee" hour of 7:30 or 8; but, a greater bulk solve the problem by leaving town. Is there any necessity for this? To whom may the fault be attributed? Emphatically may it be declared that there is a weakness somewhere and that that is not always with the transgressing one. There should be an organized club, or centre, or reading room, or possibly a Y. M. C. A. building where the student is at liberty to spend his vacant evenings in company with his fellow students, playing games, bowling, swimming or any other invigorating sport. There would be

stimulated the love of achievement and the erring one would be induced to mend his way.

It need not, either, and perhaps rather not, be only a gathering place for only male students. Best of all, under faculty supervision and regulation, let the co-eds share the benefit with their fellow toilers. If nothing else, it would cultivate the art of adaptability for all interested and those who in Prof. Shannon's words "have an adaptability of but one in every four hundred and fifty" could improve upon this phase of life.

Again there are enough events, should the former be impossible, which, if arranged for the purpose, could possibly be held on the Saturday night when the student seemingly has no study instead of the busier mid-week nights. Would there be anything to prevent recitals, readings and sketches to be postponed from Tuesday to Saturday or would the convenience be the same? If such, why not let that be one means of entertainment? The benefits of such a change would perhaps not be immediate; however, in the aggregate it would be found to be worth the while and greater benefit and enjoyment would be derived to the identical amount of effort.

Several months or so ago there occurred in chapel a challenge by one of the underclasses to an interclass debating contest. The challenge was accepted, but matters seemed to end there. When representatives of the two underclasses were interviewed, prospects for an interclass debate were not encouraging. Up to this time nothing has as yet been done. Let matters continue another week as they have continued in the past, and by the time vacation ends, an excuse for dropping the debate will be partly valid,—the time will be too short. We want an interclass debate and we must have one. Do not let it be said that either of the under-classes have attempted something for which they are unqualified or that they challenged and accepted and then left the matter drop where it started. Get to work immediately, keep up the college custom and spare yourself of the reflection that will come, should the matter be dropped.

It is a well known fact to many of the readers that the grandstand on our athletic field is a thing of the past.

Why not have the male students of the college erect one? Why not have a holiday, on which day, the new stand would be erected? Many of

the students are mechanics, who if given assistance by the less skillful could easily erect a grandstand in a day. Several of the members of the faculty were approached on the subject and were heartily in favor of the plan—that the students build a grandstand.

At present there is thirty dollars on deposit for the purpose of erecting a grandstand. This amount may not be sufficient if a concrete stand is erected, but with a little exhortation some of the town enthusiasts would contribute some and then a collection could also be taken in chapel. The writer feels sure the project could be successfully carried out if the students would display a little of their latent college spirit. Fellows get together and decide something definite. It will mean much for the school.

Athletics advertise a school, but how many patrons will you get to your athletic events if they must stand? Financially it will mean much for the athletic association.

One of the faculty members has volunteered to superintend the erection of the stand if he sees that the students really mean to do something.

Fellows, here is your chance. It is up to you now to produce. Will you do it?

A SENIOR.

The bell has rung!
The crowd has come!
Push hard! My boys, push hard!
First come, first serve,
We've got the nerve—
For ladies we have no regard.

We've all been raised!
And God be praised!
Where etiquette was all anon!
So ladies first,
Is far too terse—
We care not who may look upon!

Let's jam the hall!
So girls can fall,
And push each other round and round!
Perchance a bump,
Or else a jump—
Will hurt some girl who's marching down.

Let show our breed!
Come let us feed,
Before the girls come in the hall!
Let us moan,
Groan and groan—
While prayer is said and quiet is all.

But hear our plea!
I s'pose you see,
We've not been trained for gentlemen!
We're not a fit!
We all should git,
And pose for Dawrin's specimen.
—Tack.

PERSONALS.

Miss Robinson, of Philadelphia, spent the weekend as the guest of her cousin Miss Williams.

Rev. J. M. Walters and wife visited their son Leroy and were present at the anniversary on Friday evening.

Mr. and Mrs. Weaver, of Harrisburg, visited Mrs. Weaver's brother, Mr. Gemmil on April 5.

Spring Styles

Our Spring Suits and Spring Overcoats are ready.

There are so many new models of handsome fabrics this season that we can not even attempt a description, but ask you to come in and see the new styles.

Kalo Observes

39th Anniversary

Continued From Page 1

Ira S. Ernst adequately represented our prison conditions as they exist today and showed the necessity of improvement in the methods of reforming the "ill" of our society.

The musical numbers consisted of a vocal solo by M. Von Bereghy, a piano solo by P. M. Linebaugh, a quartette selection by the Kalo Quartette and a chorus number by the Kalo chorus. In all of these selections the participants performed in a credible manner and won approval for themselves and the society.

After the rendition of the program the reception was held in the Alumni gymnasium which was beautifully decorated for the purpose.

Y. W. C. A.

Miss Grace Snyder led the regular session of the Y. W. C. A. She discussed the effect that the various historical discoveries have upon us and contrasted them with the life and resurrection of Christ. In conclusion she gave us Stalker's idea, "That the life, death and resurrection of Christ in history cannot cease. His influence waits more and more, the dead nations are waiting till it reaches them, and it is the hope of the earnest spirits that are bringing in the new earth. All discoveries of the modern world, every development of juster ideas of higher powers, of more exquisite feelings of mankind are only new helps to interpret him, and the lifting up of life to the level of His ideas and character is the programme of the human race.

NEWS NOTES.

Mr. Leroy Harnish, '14, President of the State Purity League, visited his Alma Mater on April 7 and conducted Chapel Services. He presented his cause in an interesting and helpful talk.

Miss Louisa Williams, '18, entertained in South Hall on Saturday evening in honor of her guest Miss Robinson. A pleasant sociable evening was enjoyed and delightful refreshments were served. Those present were the Misses Bubb, Moyer, Richwine, Gallatin, Mark, and Hershey; the Messrs. Wine, Beidle, Foltz, Germel, H. Fink, D. Fink, Shetter and Walter.

Y. M. C. A.

Individual responsibility was the subject discussed by Mr. Shettel in the Sunday session of Y. M. C. A. Not only was a man's responsibility to himself and his neighbors taken up but various tendencies of the individual and the church which leads away from true fellowship were traced. Such for instance is the tendency to formalism, which in its matured form deprives many churches of their real usefulness, making them merely places for the performance of customs and the observance of religious duties. The talk was followed by spirited discussions in which a number participated.

Personals

Among the anniversary visitors were:—Rev. and Mrs. D. E. Long and daughter Laura, of Mt. Joy; Mr. and Mrs. Nissley and daughter Carrie, also of Mt. Joy; Mr. and Mrs. Henry Elias Snively, of Myerstown; Mr. and Mrs. Edgar Landis, of Myerstown, Misses Yeager and Naddes of Ephrata; Miss Marie Wegan, of Allentown; Miss Violet Wolfersberger, Mr. Wagner, Miss Naomi Wagner, Misses Lulu, Eva and Myrtle Swalm, Miss Beatrice and Irene Bixler, George and Paul Shearer, Miss Rhoda Shearer and Charles Blauch, all of Palmyra.

Mr. Rarig is at his home suffering from an attack of tonsillitis.

Rev. Mr. Mutch visited his daughter, Miss Ella Mutch '17 during the past week.

Miss Margaret Mozer, of Highspire, was the guest of Miss Josephine Mathias during the week-end.

Miss Mary Hershey, of Florin spent several days with Miss Mabel Moore '19.

Mrs. Franklin L. Adams spent the week-end with Miss May Belle Adams. Mrs. Adams, who returned some time ago from Alaska is on her way to Mass, from which place they will leave for Porto Rico in the early fall.

AMONG THE COLLEGES.

The course of lectures on military science instituted at Princeton University this year, has been extended for another month in answer to the urgent requests of many of the students.

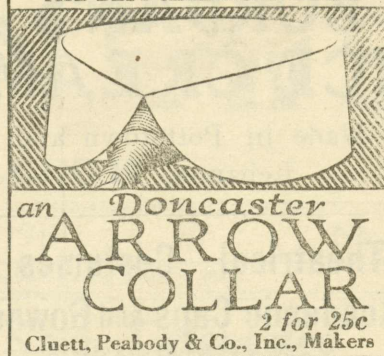

Elaborate preparations are being made at Juniata College, to celebrate the 40th anniversary of the institution on April 17th.

The board of trustees of the University of Pennsylvania has decided to limit the size of the first and second-year medical classes to 100 students each.

Statistics at Cornell University show that a decrease of 2 per cent. in scholastic standing of fraternity men and an increase of 2 per cent. in the standing of non-fraternity has taken place this year. The average for fraternity men is 72.2 and for non-fraternity men 74.4.

The Glee Club sang a number of selections in the Lutheran Church of Lebanon on Sunday evening.

AROUND COLLEGE.

Though Sloat's assailants in the
daring holdup-up of Thursday night
are yet at large, the town authori-
ties are not worrying. Undoubtedly,
if these bandits have the courage to
make a second attempt after they
have recovered from their wounds
their next victim will be a man of
smaller stature and less valiancy.

Wingerds' hair-cut has finally set-
tled the question as to whether we
really have spring or whether this
nice weather is only a bluff.

A vague rumor says Dutch missed
a night last week. He deserves sym-
pathy, for his record was unbroken
since Xmas.

Potter has just verified another old
adage, "In the spring a young man's
fancy —."

Prof. Wanner in Chem. Lab.: "I
think your face seems familiar but
it has been so long since I have seen
you I can't recall your name. What
is it?"

Stranger: "Eldridge Stumbaugh,
Greencast'e, Pa."

"Butch" Carl to Prof. Derickson—
"Professor, I am indebted to you for
all I know."

Prof.—"Don't mention such a
trifle."

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

The Nine Win Three And Lose Two

The southern trip taken by our baseball team was a success in every way. Two of the three games resulted in decided victories for Lebanon Valley and our old baseball rivals, Mt. St. Joseph's College of Baltimore were completely taken by storm.

The first game on the trip was played against Western Maryland College April 12th, and the result favored L. V. C. 8 to 3. Brown, pitching his first varsity game, thought he was pitching against Cleona H. S. and struck out fourteen. He will not disappoint us in the future.

The next day the team celebrated the thirteenth by defeating Mt. St. Joseph's College 15 to 0. Captain Zeigler was evidently celebrating some special event—could it have been that letter?—for besides pitching shut out ball he hit two singles, a triple and a home-run and scored four runs himself.

And last of all came the Waterloo. The fellows say that if they could only have had their customary Friday diet of fish—but what's in an alabi? The score was 10 to 4 in favor of Mt. St. Mary's College of Emmitsburg. White, pitching for L. V. C., tried to give as large a number of bases on balls as the opponents scored in runs, but fell one short of his ambition. Keating did the best hitting on the trip with seven hits. The team was greatly disappointed when they learned of the cancelation of the Buffalo game at Harrisburg.

The Varsity lost to Gettysburg Saturday 6 to 2, on the Gettysburg field. Timely hitting and fine fielding won the game for our opponents.

Gettysburg comes here on May 11th, and we believe in preparedness.

The score:

Continued on Page 3

Y. M. C. A.

A goodly number of men were out to the meeting on Sunday afternoon. Jesse Zeigler rendered a vocal solo, and A. H. Kleffman, taking Numbers 21:9, and John 3:14 for a text, showed how it is necessary for us to avoid a passive attitude in religion and to incorporate into our lives the high ideals taught by the master. These ideals are not an unattainable goal, but possibilities that each of us may reach if we only "press towards the high calling."

Mr. Charles Boswel, of Jersey Shore, visited Miss Helen Bubb on Thursday of last week.

Math Round Table Holds Session

The Math Round Table held its regular monthly meeting Thursday evening, April 27, 1916. After the business session, a programme of unusual interest was rendered in that the first speaker created quite a bit of antagonism in her singular way of discussing her topic, yet highly interesting and instructive; and in that the last speaker tried a modern pulpit "stunt" of preaching something that he admits he does not believe. The first number, "Vocational Mathematics" by Kathryn Harris, as stated, was well treated and discussed. Some very convincing arguments were advanced in favor of the topic, which lend encouragement to quite a few who expect to enter this profession as a vocation.

Prof. Grimm in his convincing and argumentative manner, almost convinced his audience that "angles could dance on a needle's point" and then shocked his hearers by declaring his entire unbelief in his own words. Ach! that he would not have disturbed our lofty dreams!

The next meeting will be held in May and since it is the last, an especially interesting programme, on modern math. problems will be prepared. All visitors are welcome.

SENATE MEMBERS ELECTED.

The Junior and Sophomore Classes, in an annual meeting have chosen their representatives for the Student Governing Board, the Senate for the year 1916-17. The men elected are as follows: Junior class—E. Zeigler, A. M. Long, D. Fink, G. Haverstock and E. Williams; Sophomore class—C. Kleinfelter, C. Gemmil, R. Keim and J. Berger.

CALENDAR

Friday, 7.45 P. M.—Forty-ninth Anniversary Exercises of Philokosmian Literary Society.

Saturday—Inter-class track meet. Baseball—L. V. vs. Susquehanna at Annville; L. V. Reserves vs. Palmyra at Palmyra.

Sunday—9.00 A. M., services in U. B. Church. 10.15, Preaching Services. 1.00, Joint Session of Y. W. and Y. M. C. A. 6.00, Evening services in U. B. Church.

Monday—Baseball team leaves on four day trip.

Tuesday, 6.15—Student Weekly Prayer Meeting.

Miss Katharine Harris, '18, was visited by her brother, who was the guest of Mr. Brown over the weekend.

Y. W. C. A. Cabinet Holds Conference

On Friday afternoon, April 28, the outgoing and in-coming Cabinets of the Y. W. C. A., sojourned to Mount Gretna where amidst the peace and glory of the surrounding beauties of nature, a conference was held to consider the the work and plans and purposes of the association for the coming year. The conference, which lasted from Friday evening to Monday morning, was a Miniature Eagles Mere Conference and proved helpful and inspiring to every one who attended it.

A very helpful program had been arranged by the Committee. The morning hours from nine to ten were used for Bible Study at which times Fosdicks, "The Meaning of Prayer" was studied. These two meetings were in charge of Miss Wareheim. On Saturday morning at 10:30, the cabinets held a Technical Meeting, when plans for the work of next year were laid out, the duties of the various committees discussed and valuable suggestions given to the respective committee chairmen. This meeting was of great practical value to the new cabinet.

The Sat. vesper service was held at Conewago Lake, when Miss Morrison, from Swathmore College, gave a very inspiring address. After the Bible Study on Sunday morning, Miss Lehman talked to the girls on "The need of a vision and a purpose in our lives." The Sunday evening vesper service, also held at Conewago Lake, was conducted by the Advisory Members, Misses Adams, Schmidt and Lehman. At this time Miss Adams delighted the girls with a reading and interpretation of Brownings "Saul." This last meeting was a most inspiring one and at the close many of the girls expressed their sense of the enjoyment and benefit derived from the conference and their purpose to carry the inspiration gained into the work at college next year.

The conference was much benefited by the presence of Miss Morrison, chairman of the Committee on Religious meeting of the Swathmore Y. W. C. A.

Very wisely the committee had arranged that plenty of fun should be mingled with the serious purpose of the conference. To this end the afternoons and evenings after vesper service were given over to Recreation. This consisted of tramps and hikes through the mountains, flower hunts, bird study, indoor games and stunts and candy-making. At times the party, under the direction of

PREPAREDNESS AT L. V.

After months of debate on the question of Preparedness, wherein the extreme of "Peace at any Price" has been matched against the absurdities of militarism, the government has reached the same conclusion that the United States should be better equipped along military lines.

Already a bill was introduced making the maximum enrollment of the standing army 250,000 instead of 100,000, and containing a clause providing that every college or academy with an enrollment of more than 100 male students may have military training under the instruction of officers of the regular army. Of course with the understanding that the authorities of the school sanction this training and that at least 100 men pledge themselves to take it.

In this bill there is no element of the compulsory military training that is so decried by American citizens. However, the Government insures that she will get that for which she is paying by stipulating that those men who accept the training automatically obligate themselves to respond to the call of the president. Military education is a training for nationality, it constitutes not only physical but also mental exercise and therefore is valuable in the production of a well-rounded man.

To this question every male student of Lebanon Valley should give

his serious consideration, so that when the time comes to decide whether or not this college will be among the nations defenders, he will be able to give a fair decision. But let each one remember that patriotism should not be a favor to be bestowed at will but rather a duty which should constitute a natural obligation of citizenship.

THE SUNSET.

At the close of each day afar in the west,
You see my arms folded upon my breast,
I am well content and am taking my rest.
For at the even'tide I am always weary;
Whether the day to you has been bright, or dark and dreary.

You know, dear friends, that I do my part
To make each day bright and cheery,
To aid I bring bright flowers,
That are watered by gentle showers,
And fields of ripening grain.

I ripen the luscious fruits along the lane,
And more I could not do, even if I were twain,
I bear man's scorn when clouds hide my face
'Tis God's will I am doing, He sets the pace;
For Him I'll perfect each day of my race.

At eventide I think not if my path,
I need retrace
And each day's toil I do at His behest,
And as I have watched over all the space,
Now God sends the moon to watch in my place.

Young men and maidens, heed, what I say—
And do your work perfectly, day after day,
And God will be your helper by day and by night;
Like me heed not but bear the world's scorn,
Strive to do and live aright.

Go forth brighter and more helpful each morn;
And when this earthly race is run;
Your reward will be greater than mine, the sun,
No more will enemies scorn and blame,
For God deals with all faithful workmen the same.

—John I. Cretzinger,
L. V. A. '17.

Some saints have sadly missed their way,
And somehow came with us to stay.
Angelic features, pure and white,
Elect, and ever in the right.

The rest of us are devils, sure,
And are beyond all help and cure;
They pity much and help still less
To bring the "rough" to blessedness.

You know them by their dainty tread
The way they hold their pious head;
They pass you by and give a sigh—
God pity him, he'll surely die.

But list you who are so inclined,
You were not from the first divined
To help your friend by keeping shy,
To let him feel you're up so high.

Tack

Y. W. C. A. Holds Conference

Continued from Page 1

Miss Showers, almost resembled a Nature Study class, for with bird books and field glasses in pocket, staff in hand and clad in a garb, which facilitated pedestrianism, the girls would scale the mountain sides with enviable ease in their search for the early botanical and zoological specimens, or for new birds or bugs. But "salamander eggs and newts" they could not find.

Saturday evening was spent in the cottage, where Miss Adams and Miss Schmidt, most delightfully entertained the girls with song and story.

The committee had also well provided for the "inner man" and thanks to the kindness of the "chef" they had brought along a goodly supply of such unpoetic, but popular articles as potatoes, corn and peas. The meals were prepared by the skilled hands of the girls, who turned cooks, according to schedule. If information regarding these cooks can be obtained from the Advisory members, who partook most heartily of the food prepared.

On the whole, the girls "to a man" had a most enjoyable and helpful time.

The two cottages "Benevola" and "Elderon" were occupied by the fifteen members who were present. Those at the conference were:—

Miss Wareheim, Miss Dasher, Miss Showers, Miss Heintzleman, Miss Mutch, Miss Zeigler, Miss Suckling, Miss Ruth, Miss Weidler, Miss Myers, Miss Schmidt, Miss Adams, Miss Lehman, Miss Heffleman and Miss Beidler.

MOCK TRIAL IN PHILO.

Instead of the regular session Friday night Philo gave over the entire evening to the presentation of a Mock Trial.

The hall had every appearance of Joint Session, many members of both other societies availing themselves of Philo's hospitality.

The case tried was one of assault and battery wherein arose many interesting complications. However the work of the judge would have done credit to a Solomon or a Light, while that of the lawyers could not have been equalled by a Jerome. As for the prisoner, he had every indication of much experience in his role.

SCRUBS VICTORIOUS.

Our scrub baseball team opened
the season on our field Saturday, de-
feating Minersville High School 6 to
1. Brown, pitching for the scrubs
had things all his own way striking
out eighteen and allowing but one
hit. Buckwalter and Bohan led the
hitting with two hits apiece. This
team has a hard schedule, but we are
sure they will uphold the "Scrub"
reputation.

Around College

Jack Ozar has scheduled his big-
gest contest of the year for May 30th.
It is a gastronomical bout with Felix
Ramsey. In preparation chief has
ordered an extra carload of come-
stibles.

There is much debate as to the
naming of the Gemmill-Kleinfelter-
Attinger cause. One suggests "Queen
Bess," another "The Pearl," while
the other will accept nothing but
"The Katydid."

Cook—"I was terribly scared up
in Harrisburg the other day.

Hastings—"How was that?"

Cook—"Was sitting in Capitol
Park I noticed three big grey squir-
rels watching me."

Alas! Brunner too is fickle.

To be shot by a blind archer
sounds like German mythology but
instead this is a strictly modern case.
The victims were Stumbach, Daniels
and Olewine and to all appearances
their wounds were fatal.

COLLEGE BAND ORGANIZED.

The much needed college band
which for years has been the sub-
ject of discussion to band enthusiasts
is at last a reality. Through the ef-
forts of Wm. Price a meeting was
called before vacation, at which
great enthusiasm was shown. Al-
ready there are twenty-two men for
the various pieces, and if the suc-
cess of the band can at all be judged
from the present entries and their
enthusiasm, then we have much to
look forward to. The following men
were elected to the various offices:
President, Wm. Price; Vice Pres.,
Jno. Herring; Sec., Harry Katerman;
Treas., Wm. Daniels; Director, Geo.
DeHuff.

The only way in which to make
a success of an undertaking such as
a college band is to have the sup-
port of both faculty and student
body. Aside from the players, the
association needs music, instruments,
and also a financial support. An op-
portunity is extended to alumni and
friends, to assist in any way in which
they see fit. Already considerable
help has been received from this
source and their support, as well as
that of the student body is sought.
There is no doubt but that the band
will be a great asset to the students
and to the school and any help that
is given to the association is greatly
appreciated.

NEWS NOTES

Prof. S. F. Daugherty and A. E.
Shroyer, of the departments of Bible
and Greek, attended the Laymen's
Missionary Congress in Washington,
D. C.

Earl F. Eichelberger, '16, has been
elected to the faculty of Montclair
High School, N. J. Among other
duties he will assist in the gym-
nasium and coach track. His duties
begin immediately.

Coach R. J. Guyer and Football
Manager P. S. Wagner attended the
Football Convention in Philadelphia
during Friday and Saturday.

F. D. Kebach, '12, is now filling a
prominent place on Windber High
School faculty by taking charge of
the High School orchestra of fifteen
pieces and conducting the Choral So-
ciety of fifty-five members. Some
weeks ago these two musical organi-
zations gave an excellent concert.

Prof. May Belle Adams, of the De-
partment of Oratory, attended the
three day National Teachers' Con-
vention of Public Speaking at Princeton
University. The Conference was
called for the purpose of installing
Dr. Emerson's methods of oratory in
our schools and colleges, and to in-
crease the amount of public speaking
which most colleges now offer.

Miss Anna Garman, of the office,
and R. E. Olewine have each become
united in marriage since the last
issue. It is rumored that various
other persons are in the same posi-
tion. The fact that there are many
aspirants, however, cannot be doubt-
ed.

AMONG THE COLLEGES.

Of the fifty-one students recently
dismissed from Brown, because of
their low standing in scholarship,
not one was a member of a team, en-
gaged in either a major or a minor
college sport.

All the works dealing with inter-
national law in the library of the
late Dr. James B. Angell, president
emeritus of the University of Mich-
igan, are left to the library of the
university. The collection contains
many books not found in any other
library in the United States.

PERSONALS

H. Enders, '97, head of the Dept.
of Biol. of Burdette University, will
serve in this department in the sum-
mer school of Johns Hopkins Uni-
versity, of Baltimore.

Misses Louisa Williams and Violet
Shirk visited friends at Mt. Gretna
on Sunday.

Prof. Edith Lehman entertained
at dinner on Tuesday evening in
honor of Miss Ora B. Bachman.

Philo Celebrates

49th Anniversary

Another climax was capped, another milestone passed and another laurel won by the Philo Literary Society in their forty-ninth anniversary on Friday night, May 5th. The society in accord with its motto, "Esse quam vider" has always stood for the highest development of the highest ideal of man and well has it succeeded in its eventful course. With the advancing of years and consequent age it has taken on accumulative quality and standards, eliminating to the greatest possible degree all harmful and antagonistic individual contentions and replacing the better and more harmonious qualities of life to the extent of superb character and training in moral as well as literary advancements. The program was one of the best of its kind in both literary and musical phases. It was in accord with the ladder of success—one rung higher than former years. Nor need this be considered as the end of its achievement for greater things are in store, greater ends to be achieved, more noble aspirations to be attained.

The chapel, in accord with inter-society agreement, was artistically but simply decorated with palms and Philo colors, giving the whole a neat

Continued on Page 2

Seniors to Plant

Sweet Gum Tree

In order to beautify the campus, and at the same time make it of botanical interest, the class of 1916 will plant two Sweet Gum trees. The genus, Liquidambar, to which this tree belongs comprises but three species, two of which are found in Asia and are in North America. The latter is native to a small portion of southeastern Pennsylvania.

Distinguishing characteristics The Sweet Gum can be recognized by its fruit which is in the form of a spine-like head suspended on a long slender stalk. The fruit often persists far into winter. The corky-winged projections on the bark of the branchlets are also characteristic. The starshaped leaves, reddish-brown twigs, and leaf scars with their bundle-scars are distinctive. The tree usually reaches a height of 50-75 feet, but many attain a height of 150 feet, with a diameter varying from two to five feet.

Appropriate exercises will be held at 4:00 p. m., Friday, May 12, at which time the trees will be planted. An invitation is extended to everyone to be present at this occasion.

Student Volunteers

Conduct Joint Session

The last joint meeting of the Christian Associations, under the sole direction of students, was conducted in the interest of the Student Volunteer movement. The band at present numbers nineteen and is actively engaged in furthering the cause of missions among the student body, and is composed of those students who have definitely decided to spend their lives in foreign fields. The immediate object of the band was described by Mr. Williams. In the last year \$400.00 was raised in subscriptions to support Mr. Weidler in his missionary field. The problem which is now put before the students is to raise this amount to \$500.00 and entirely support one missionary. Miss Snyder gave an account of the history of the movement, starting with its beginning in the nineteenth century and tracing it up to its present strength. Mr. Evans presented the value of sacrifice and the enrichment of human life that it accords, especially in the life of a foreign missionary. The meeting was splendidly climaxed by the words of the president of the volunteer band, Miss Dougherty. She discussed the essentials for admission to the band, chief of which was a firm conviction and a definite purpose of going into the foreign field. The next joint meeting of the associations will be on June 11, at which time an address will be given in the College Church.

CALENDAR

Wednesday, May 10—Baseball L. V. vs. State College at State College. 7.15 p. m., Clio-Kalo joint session, Kalo Hall.

Thursday, May 11—Baseball, L. V. vs. Gettysburg at Annville. L. V. exhibit at Harrisburg, Tech. High School building.

Friday, May 12—Tree planting day. 7.15, Philo. entertains Seniors.

Saturday, May 13—Baseball, L. V. vs. Dickinson at Annville. Annual May Day exercises.

Sunday, May 14—9.00, services in U. B. Church. 1.00 p. m., Y. W. and Y. M. C. A. Christian Association meetings.

Tuesday, May 16—6.15, student prayer meeting.

8:00 o'clock, senior music recital by Mr. Linebaugh.

Mr. Max Lehman '07, Mr. Paul Bowman, '15, and Mr. Barnes, of Baltimore, motored to Annville Saturday.

Prof. Edna Seaman was the weekend guest of Miss Kathryn Harris, at Harrisburg.

Varsity Wins

First Home Game

The Varsity base ball team won their first home game of the season last Saturday afternoon before a large crowd by defeating Susquehanna University by the score 7-2.

In this initial opportunity for the supporters of the White and Blue to see the team in action they were privileged to see the brand of base ball characteristic of Coach Guyer's team. The visitors started the scoring in the fourth inning when they scored their only tallies of the game on two hits, a stolen base and an error.

Our boys were undismayed, however, and in the fifth inning they made a vicious attack which netted

Continued on Page 3

SENIORS WIN INTERCLASS MEET

The annual interclass field and track meet was held on Saturday afternoon at 1.30 p. m. on the College field. This form of competition in which all the classes take part was inaugurated two years ago with great success. As usual the Seniors won the meet with a score of 46 points. The Juniors and Sophomores were tied for second place with 27 points, while the "preps" won five points and the Freshmen 3. Many surprises resulted from the meet, which indicated some excellent new material. Captain von Bereghy, Evans and Horstick starred, with the former winning three events and the latter each winning two. Following are the summaries.

100-yard dash—Evans, first; McLaughlin, Fulford. Time, 10 seconds.

220-yard Dash—Evans, first; McLaughlin, Fulford. Time 23 seconds.

440-yard run—McLaughlin, first; Williams, Evans. Time, 57 seconds.

880-yard run — Williams, first; Kennedy, Isaacs. Time, 2.36.

1 mile—Potter, first; J. Long, Fink. Time, 5.2.

High jump—Fencil, first, 5 feet 3 inches; Donahue and Horstick, second, 5 feet 2 inches.

2 mile—J. Long, first; Potter, Boltz. Time, 11.30.

Shotput—VonBergy, first, 48 feet 4½ inches; Michey, 32 feet 2 inches; Herring, 30 feet, 1 inch.

Hammer throw—VonBergy, first, 116 feet; Mickey, 100 feet 3 inches; Loomies, 53 feet.

Discus—VonBergy, first, 113 feet; Mickey, 102 feet; Donahue, 94 feet.

Broad jump—Horstick, first, 19 feet 8½ inches; Donahue, Mickey.

Pole vault—Horstick, first 9 feet 6 inches; C. Shannon, McGinnis.

ARBOR DAY AT L. V.

King Sol is calling forth all his subjects. Some have already appeared before his majesty and are giving place to others yet to come. You may ask why such a call has been sent out over this land of ours. It is to deck mother earth, for she like all mankind must change her attire with the seasons. But why has Lebanon Valley not answered this call as readily as she did last year? Because the storm of the past summer has deprived the campus of some of its trees. Would it not be wise for the students to observe an Arbor Day for L. V. when these older and faithful trees would be replaced by younger ones which will in their day be of as much service as those which the storm so ruthlessly uprooted and destroyed. The trees not only afford shade and beautify the grounds, but they make ideal homes for a great variety of our merry little songsters. The place would be lonely indeed without our bird friends. The order of nature alone cannot beautify the campus, our help is also needed. Let us choose a day on which through united effort we will rid the campus of the fragments of paper and fruit peelings which have found their way there.

Already there is under way a movement to have some of the old trees replaced; the movement being agitated by the various classes. It remains for us to encourage it in every way possible and then make

practical the promptings of our better judgment with regard to maintaining the beauty of our campus.

Spring comes again and with it unbounded life. Surplus energy, which had been stored up during the winter months, is now being used up to create beauty all about us. The trees and shrubs are budding and shooting forth their foliage, the grass is verdant, the birds are singing blithely and the skies above are filled with brightness and gladness. This is God's Divine plan with nature, and humanity. Are we living up to the standard He would have us live?

Health is the greatest happiness one can have. If we have health we can live up to the standard, but to have it we must exercise daily. Tennis, which is one of the finest sports for exercise is becoming popular at Lebanon Valley. It helps one to become strong, graceful, alert and kind, as Robert Browning has said—

"Where there's keenness
For sport, there's little likelihood
Of a man's displaying meanness."

The game is fascinating from the beginning to end. Those who know the game indulge in it freely, while others are anxious to learn. It is a pleasure to the winner and loser.

If the joy of the game be your first and best aim

You can stand being beaten, for, after all fame

Is a touch that you never can long keep aflame.

So sportsmen, while contending in this game, play with the idea of winning, and with this idea the game is half yours to begin. M. D.

NEWS NOTES.

The Reserves lost to Palmyra Athletic Association on May 6, to the tune of 10 to 4. Although the boys made an excellent showing in the beginning of the game, the small end of the score was due to lack of team work and frequent errors. The Reserves play at Lebanon the coming Saturday.

Professor A. E. Shroyer and J. Stuart Innerst conducted the services of the United Brethren church on Sunday morning, May 7. Interesting reports were given of the Laymen's Missionary convention held at Washington, D. C.

Rev. S. F. Daugherty, the college pastor, is spending some time in Westerville, Ohio, where he is dedicating the new United Brethren church.

Rev. E. J. Pace, a missionary for ten years in the Philippine Islands, gave an address in the College church on Sunday evening, and conducted Chapel services on Monday, May 8.

Philo Celebrates 49th Anniversary

Continued from Page 1

and homelike appearance. The program consisted of four literary and two musical numbers. The Philo Orchestra was an entirely new feature on an anniversary program. The music throughout the entire evening was of the highest type and much credit is due the entire orchestra with special mention of Mr. DeHuff who conducted and faithfully rehearsed with the group since its organization.

J. Stuart Innerst gave the President's address of welcome and then beautifully enlarged on the topic, "The New Temple of Civilization." In his development, he showed how the present crisis in Europe was the weak corner-stone in the building, how it caused its downfall, and how a perfect "Temple" may be build only on peace.

"The Link of Motherhood" was the title used by Robert E. Hartz for his oration. Needless to say, he touched the sympathetic chord by his wonderful treatise on "mother-love" and the sacrifice that a mother undergoes in giving her son for her country's sake. "Yet," said he, "if this is the price of the redemption of the world there is no mother that complains, but secretly pines away, feeling that she gave the world an invaluable treasure."

In the third oration, Harry Dando instilled in each one present, a love for his country and a higher patriotism. Some amazing facts were brought to light in his "Americans for America" in the line of immigrations as to the numbers and the grade and industry.

The reading "The Renunciation of Jean Val Jean" taken from "Les Misérables" was most effectively presented by Huber Heintzleman. The audience could not help but feel that the characters themselves were present and speaking for themselves in this splendid interpretation.

The musical numbers consisted of a piano solo, "Concert Etude in D Flat" by Ray P. Campbell and according to applause, it was a masterpiece masterly presented as is Mr. Campbell's style. The Octette blended harmoniously. All the members did credit to themselves and the Society that they represented for every number according to the response of the audience won hearty approval and praise.

After the program, a reception was held in Philo Hall which was beautifully decorated and which with the tunes of the Philo orchestra filling the air, was most pleasant to the musical and social ear.

MAY DAY

The annual May Day exercises will be held next Saturday afternoon, May 13. This celebration, which in the past has constituted one of the big features of our college activities, promises to be the best of its kind in the history of the school. The alumni and friends of the college who will be able to attend this event, will spend a pleasant and profitable day.

Spring Styles

Our Spring Suits and Spring Overcoats are ready.

There are so many new models of handsome fabrics this season that we can not even attempt a description, but ask you to come in and see the new styles.

Varsity Wins

First Home Game

Continued From Page 1

them three runs—enough to win the game. Hits by Machen, and E. Zeigler, Swartz being hit by a pitched ball and a two-bagger by White were the factors that produced these runs. This attack took the heart out of the visitors playing and our team sent two more runs across in the sixth and eighth innings respectively.

White was on the mound for the home team and hurled superb ball for five innings, striking out seven and allowing two hits. In the sixth inning E. Zeigler took up the task of serving them up and aided by perfect support shut out the visitors the remaining innings of the game and allowed them but one hit.

A glance into the score may prove interesting.

Harrisburg, Pa., April 4, 1916.

Mr. A. E. Shonk,
Annville, Pa.

My Dear Mr. Shonk—At a special session of Amo Patrol No. 1, Knights of Malta, held April 4, the following resolution was unanimously adopted,

Whereas, Lebanon Valley College Glee Club rendered a most delightful and attractive program in the Technical High School Auditorium, under the auspices of Amo Patrol No. 1, Knights of Malta, Friday evening, March 31, to a large and very appreciative audience. Therefore be it,

Resolved, That we as members of Amo Patrol No. 1, Knights of Malta, do hereby wish to sincerely express our high appreciation of the Glee Club's excellent rendition of such a high class program and to each individual member of the club, we wish to compliment as being a master of his part on the interesting program rendered.

Yours very truly,

W. O. FISHER, Ch.

Jno. A. Good, Capt.

Wm. F. C. Liesmann, Clerk.

REV. MILLER ADDRESSES
MINISTERIUM

Rev. H. E. Miller, of the Salem U. B. church, of Lebanon, gave the last of his series of talks before the Ministerium Thursday evening, May 4th. His subject was, "God's Method With Man Apocalyptic." God reveals to us now concerning the world to come so that we may warn others about the future. The one book of the Bible among all others to which we may turn as a source on "God's Method Apocalyptic is Revelation." He discussed God's plan escatological, which relates to what God intends to do after the church is taken up to him.

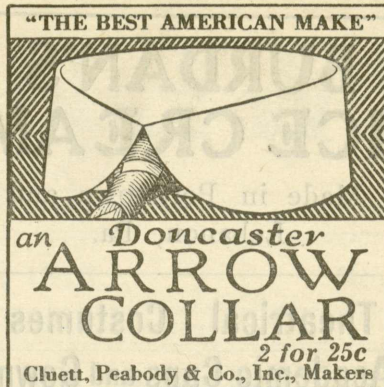

The interesting Bible Study was shown by the many questions that were asked. We are sure that the discussions which Rev. Miller has been giving, have made many of the young men consider more deeply the truths which they study in their Bible study from day to day. Regardless if they agree with what has been said or no, they, nevertheless have been stimulated to think in a broader and deeper channel.

PERSONALS

Miss Elizabeth Jenkins visited friends at Palmyra over Sunday.

Miss Ada Beidler entertained a number of friends Saturday evening, in honor of her guest, Miss Anna Nicklas, of Lehigh.

Miss Frankie Kline and Miss Marie Richwine spent Sunday at the latter's home in Ephrata.

Mrs. Sterling has returned home, after visiting her daughter, Miss Anna Sterling, North Hall.

Miss Ruth Fasnacht, of Harrisburg, attended the Philokosmian Anniversary exercises Friday evening.

The Rev. and Mrs. Joseph Daugherty, Mr. and Mrs. Drum, and Mr. Geo. Troup, of Harrisburg, were the guests of Miss Mary L. Daugherty, Friday evening.

Miss Ella Mutch received a dozen American Beauty Roses for the Philokosmian Anniversary.

The Misses Aurentz and Miss Mulhollen, of Lebanon, visited Miss Virginia Hershey, on Sunday.

Miss Ruth Huber spent Sunday with Ellen Moyer at West Hanover. Miss Mary Lutz entertained her brother over the week-end.

The Rev. and Mrs. Russell Showers, of Bradford, Pa., spent Wednesday with their sister, Miss Nettie Showers.

Miss Dorothy Lorenz entertained Miss Flora Deibler, sister of Mr. Walter Deibler, over the week-end.

Miss Myra Kiracoff '15 has returned to Red Lion, after visiting Miss Naomi Beaverson.

Mr. John Ness '15 returned to school to attend the Philokosmian Anniversary.

Mr. Paul Koontz, '11, Mr. LeRoy Harnish '14, and Mr. Edward Smith '14, were among those who attended the Anniversary exercises.

Mrs. Rev. D. E. Long, of Mt. Joy, visited her three sons at school on Monday, May 1.

Among the anniversary visitors were: Paul Koontz, '11, LeRoy Harnish '14, Edward Smith '14, John Leininger and H. S. Dunmire.

Mrs. McLaughlin, Miss Mary McLaughlin and Miss Myrtle Dise, of York, were the guests of Roy McLaughlin '18, over the week-end.

Mrs. Swartz, of Hummelstown, visited her son, Ross Swartz '17, on Friday, 5th.

AMONG THE COLLEGES.

The trustees of Columbia, adopted new regulations for the awarding of degrees. The University only will award the B. S. degrees and the college the A. B.

Penn State has added many new courses to the curriculum, for the summer session. The 166 courses will be in charge of 70 instructors.

Ohio State University is considering granting five special degrees that will not include credits in a foreign language.

During the past year 35 per cent. of the students at the University of Illinois have earned part or all of their expenses.

Students at the University of Mississippi have sent a petition to the state legislature, asking that an anti-cigarette law be passed.

LEBANON VALLEY COLLEGE

Volume VII.

Annville, Pa., Tuesday, May 16, 1916

No. 30

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Varsity Wins Two And Loses Three

The past week was a week of strenuous effort for the baseball nine. On Monday morning the team left for Loretta, where they lost their first game to St. Francis college, 1 to 0. The game was played between showers and was called in the seventh inning after the field had been made entirely unfit for further play. Zeigler was in the box during this match and pitched superb ball, allowing only three hits, but our opponents scored a run on a hit which went for a two bagger under the existing ground rules, letting a runner score from second and the game was lost.

The next day, however, the boys showed why the bat bag was being carried on the trip by winning from Juniata College, at Huntingdon, 18 to 7. Brown was the twirler for L. V. C., but he did not exert himself, as the game was ours from the start.

On Wednesday State College proved too much for us. We lost to them 5 to 1, although we scored the only earned run of the game. Keating started the game with a long triple to left field, and scored a moment later on a perfect squeeze play, but run by run State forged ahead while Johnson, the opposing pitcher kept runners from again nearing the home plate. Our team was unsteady at times, making seven errors. White, pitching for L. V. C. allowed eight hits and struck out nine.

LEBANON VALLEY NIGHT

A BIG SUCCESS.

A new event was featured in the history of the college, when, on May 10, Lebanon Valley night was observed in the Tech. High School building, of Harrisburg. The program was held under the auspices of the Pennsylvania Educational League, whose object is to demonstrate the efficiency of the our smaller colleges. Lebanon Valley was especially honored in being the first of these colleges to be considered. The program consisted of addresses by Dr. S. Z. Shope, President of the league. Hon. Henry C. Houck, President G. D. Gossard, an illustrated lecture by Prof. H. H. Shenk, music by the Glee Club, Eurydice Club, and Men's Octette and also readings by various students. A more extended account of Lebanon Valley night will be given in the special issue of next week.

May Queen Crowned

Almost robbed of its glory is the "rare June day." For if ever there comes "a perfect day," it is the May Day, when all nature is clothed in its natal beauty and its variety of colors and forms; when the birds chirp and the Sirens sing their alluring melody. Nothing can be more fitting than when Nature sways and crowns its beauty that man should also fall into the spirit of the occasion and allow his Kingdom to be set in order to the end that everything which is base and disloyal be chastised and banished by his Queen of May.

The annual May Day opened at 4:30, when the May Queen, Miss Viola Gruber one of the prettiest and most attractive members of the Senior Class, being voted this honor by the student body, entered the arena seated in a beautiful white chariot drawn by eight of her squires and followed by her merry-makers and dancers. The procession halted before the throne where the President of the Senior Class presented a crown, which was placed on the Queen's head, after which she ascended her throne and issued a most pleasing yet commanding proclamation to her subjects. Through with her declaration, she was presented in order with a sceptre from the Juniors, an orb by the Sophomores, and a footstool by the Freshmen. The little folks then danced as cleverly as many little fairies.

Immediately following this, was a

CALENDAR.

Wednesday, 7:16 P. M., Kalozetean Senior Entertainment.

Thursday—Baseball, L. V. vs. Susquehanna, at Se'insgrove.

Friday—Baseball, L. V. vs. Bloomsburg Normal, at Bloomsburg; 4:00 Arbor Day Exercises; 7:15 Clionian Senior Entertainment.

Saturday—Baseball, L. V. vs. Bucknell at Lewisburg; L. V. Reserves vs. Kutztown Normal School, at Annville.

Sunday, 9:00, services in U. B. Church; * 1:00 Christian Association meetings.

Tuesday, 6:15, Student weekly prayer meeting; 8:00, Senior music recital by Miss Ruth Strickler.

* Y. M. C. A.—Reports from the Presidents' Convention at Huntingdon, by Paul Shannon and William Martin.

Clio and Kalo Meet In Joint Session

The most entertaining joint session of the year between Clio and Kalo was held on May 10th, in Kalo Hall. Especially was it interesting, since the Clionian officers presided. In the first number of the program, Mr. Reuben William gave a clever book review of The Turmoil, which was written by Booth Tarkington. Various musical numbers, such as the girls octette, the boys octette, duet by Messrs. Von Berghy and M. Long and a vocal solo by Miss Pauline Clark, with cello obligato by Dorothy Davis interspersed the literary work of evening. A pro and con discussion on a most up-to-date subject aroused the interest of both girls and boys. Miss Showers, who argued in favor of the girls escorting the boys home, was very much disappointed in that Mr. Shannon, who argued against the question, discouraged the girls to such an extent that the ambition aroused by the speech of Miss Showers, were entirely shattered. Miss Kreider gave a very profitable discussion on College Life and the Olive Branch and Examiner as usual were very local and humorous. The fact that the seniors would never again meet with us as students in a Clio-Kalo Joint Session, was the only sad feature of the evening.

The first of the Senior recitals was given Monday, May 8th., at 8 P. M. Engle Hall, by Miss Kathryn Lueila Hertzler. Miss Hertzler was assisted by Mrs. Edith Gingrich Harnish, soprano, and Miss Kathryn Kreider, reader. The following program was rendered:

PHILO ENTERTAINS SENIORS.

In line with annual custom, Philo Literary Society entertained the Senior Class on Friday evening. The program, which began at 7:30, was a splendid one judging from the expressed appreciation of the guests. The main feature, again, was the playing of the orchestra during the program, and also after the session when refreshments were served. The numbers were a mixture of sober and humorous sense as well as nonsense. According to the "Retrospect," 1916 class has accomplished quite a life's task, but "Prospects" seem brighter than ever so that if things are run right, every member of this class will range from a Gladstone up and the nation will build its future hopes on some of these geni. However, Philo wishes them well and in line with its motto, "Esse quam videri" wishes everyone a life of happiness, honest success, and true character.

The editor solicits contributions and items of interest to the College from the students and Alumnae. All articles for publication should be given or sent to the editor not later than Saturday evening.

Lebanon Valley is almost ready to close her fiftieth year as a college. The fact that the student body is the largest in her history should make this the most successful year of all. This success is dependent on the successful completion of their work by each individual student, for the work of a teacher is always limited to the amount the student is willing to do.

Those who have carefully prepared each day's work throughout the year have no dread of the coming examinations and the final summing up. However there are at every school some who for various reasons fall behind in their work and consequently approach the end of the year with fear and trembling.

Every one should feel it a debt he owes, not to himself alone, but also to the school to have all of his outlined work completed at the end of the year.

To be sure, two weeks for Seniors and three for the other classes seems but a very short time but with strong concentrated effort much can be accomplished in that time.

Unfortunately, this, which should be the time for hardest study is instead the hardest time for study. Yet everyone should be willing to sacri-

fice some enjoyment for the sense of gratification he will receive from the knowledge of a year's work successfully completed.

Let not your motto be "To Pass at any Price" but rather "Be Prepared for Anything" by having all your work done.

CORRECTION

The following corrections are to be noted in the results of the inter-class track meet held on May 6 and published in the "News" on May 9:-
VonBereghy, shot put correct distance, 41 feet 6 inches.

Broad jump, correct, Mickey second; Donahue third.

Pole vault, Horstick and C. Shannon tied for first place.

Most number of points scored, VonBereghy 15, Mickey 12, Evans 11, McLaughlin 11.

Owing to the breakage of machinery College News was unavoidably delayed.

May Queen Crowned

Continued From Page 1

dance by ten of the men. Limited space restricted enlargement on this featural work. The Freshmen and Sophomore girls' dance, together with the Junior dance around the May Pole climaxed the day. The pageant, in part as it was, ended the performance in fitting sequence. All the participants are to be commended for their success in the various lines, and still higher praise is due the committee who arranged, planned, and executed the whole affair. To say the least, May Day was a great success in attendance and performance—an event greatly enjoyed by all who had the privilege of seeing it.

THE QUITAPAHILLA READY

FOR PRINT

The final proof of the Quitapahilla has been received by the staff in the form of a finished book. Every indication points to an excellent annual and one that will be worthy of the fiftieth anniversary of the founding of the school. The proof will be returned and the finished product will be here in less than a month.

ABOUT COLLEGE.

After all, does Leap Year really make any difference?

No, the brown bug in the Pageant wasn't Amos Quito, it was Rube Williams.

Danny Walters wishes to correct the idea, evidently gotten by some, that he is taking Biology 5. He is studying Bio'ogy 3 though he admits having part of the first course offered him.

The church was so crowded that some people were compelled to stand. One of the ushers was sent out to bring in another pew. The pew was brought in but no more sat down. It was Dave.

Has anyone seen an extra 1915 model straw hat since the Gettysburg game Risser claims to have lost one.

COLLEGE NEWS

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you
But make allowance for their doubting too;
If you can wait and not be tired by waiting
Or being lied about don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too wise;

If you can dream—and not make dreams your master;
If you can think—and not make thoughts your aim;
If you can meet with Triumph or Disaster
And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to broken
And stoop and build 'em up with worn-out tools;

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch;
If neither foes nor loving friends can hurt you;
If all men count with you, but none too much;
If you can fill the unforgiving minute
With 60 seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a Man, my son!

(Copyright, 1910, by Rudyard Kipling.)

Varsity Wins Two And Loses Three

Continued From Page 1

The boys returned Thursday and celebrated their home-coming by trimming Gettysburg 8 to 2. Zeigler was again in the box for us, and again he showed his mettle by getting out of several bad "holes" early in the game, and doing a lion's share of the hitting which won the game for us during the closing innings. This victory more than atoned for the defeat at Gettysburg.

Saturday L. V. C. lost a close game to Dickinson on the local field. White of L. V. C. and Vaughn, of Dickinson, fought a pitcher's battle, although the former had sixteen strike-outs, a triple in the ninth won the game for Dickinson, 2 to 1. Vaughn pitched steady ball throughout, allowing but two hits.

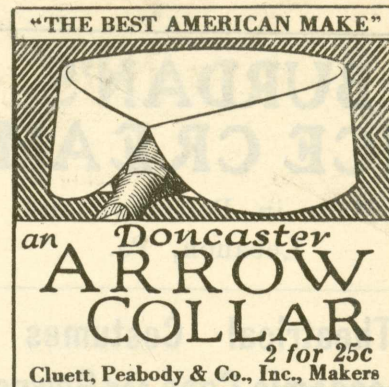

A third game has been scheduled on their field June the 3d. and it promises to be a hard fought contest.

TENNIS TOURNAMENT UNDERWAY.

The first matches of the semi-annual tennis tournament have been played and the contest is rapidly approaching the climax. Great interest is being shown in the tournament, which is well illustrated by the large number of entries. Interest is being stimulated by the award to the winner, of a handsome racket by the athletic association.

Y. W. C. A.

An unusually large number of girls gathered in Clio hall at one o'clock on Sunday for the Y. W. C. A. meeting. The leader, Miss Oyer, spoke very touchingly and very beautifully of a Mother's love and influence, and showed how we could, in a measure, repay the debt that every girl owes her mother. A very unique feature of the meeting was the singing of the favorite hymns of our mothers. Everyone was impressed the solemnity of the occasion and was inspired to love and honor her mother more than she had ever done before.

COLLEGE NEWS

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, May 30, 1916

No. 3

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Lebanon Valley 5 Bucknell 2

Lebanon Valley won an interesting baseball game from the Bucknell University nine on the local field, Saturday afternoon, 5 to 2. The visitors started the scoring in the third inning when they obtained two runs on three hits and an error, but L. V. came back at them in the sixth, by scoring a like number on the three hits and a double squeeze play, tying the score. This seemed to give the L. V. C. men the winning spirit and in the eighth they scored three more runs with four hits and a base on balls from Cockill, who had replaced Brenner in the sixth.

Bucknell nearly scored in the fifth when, with two men out and two on bases, J. Zeigler made a wonderful catch in deep right field of Miller's hard drive, thereby saving two runs.

Another change was made in the infield by coach Guyer. Captain Zeigler being sent to third and nothing escaped this quartet of Zeigler, Keating, Machen and Swartz "Gus" continues his slugging and it seems that opposing pitches cannot keep his average below .400.

The tabulated score may prove interesting.

Continued on Page 4

F. & M. WINS DUAL TRACK MEET

Although our track team lost to Franklin and Marshall at that place, on Saturday afternoon, by the score of 69 to 57, the performance of the members of the team was very creditable to themselves and the college. No school records were broken, but good times and distances were made in all the events. Captain von Bereghy, Potter and Mickey scored the required number of points to entitle them to a letter. Von Bereghy was the star of the meet, winning first place in the shot, hammer, and discus. Evans was penalized a yard in the 100 and lost this event by a foot to the Franklin and Marshall man. Evans also won second place in the 220 yard dash. Mickey scored second in the broad jump and hammer respectively, and third place in the discus. McLaughlin won second in the 440, and third in the 100 and 220 yard dashes. Potter distinguished himself by defeating Tausig, Franklin and Marshall's fast man in the mile run, winning by 50 yards. He also won third in the two mile

Continued on Page 3

A Frolic in Birdland

A Frolic, it was indeed. The home of President and Mrs. G. D. Gossard, was the scene of a most successful reception ever given to a Senior class of Lebanon Valley college. The best evidence of its being enjoyed by all of Nineteen Sixteen's was the frequent remark by its members—"The time certainly seemed short."

After everyone had arrived, parts of birds were given to each member and a hunt for its mate was begun. This matching of birds was closely followed by the solving of couplets, the dashes to be filled in by the name of a bird that would carry out the rhythm. Next a hunt for birds ensued, birds of various species were skillfully hung all over the rooms, the idea being to get the name of 14 different kinds. The solving of bird riddles was an interesting part of the evening's program, testing, as it did the ingenuity of all present. The wedding of Miss Flower ended the series of contests. At the closing of each contest, Mrs. Gossard gave the correct answers. During all this time, splendid music was being furnished by the victrola, among the numbers were some splendid bird songs.

The various species then assembled into groups, each group being called upon to give a representation of their bird's note or song.

Refreshments followed close upon, Schrimp salad, strawberry ice cream and salted peanuts, cakes, olives, and mints. The evening's jollity closed by each member receiving a token from President and Mrs. Gossard, whereon was an expression of their interest in and best wishes for the class of nineteen sixteen.

Nineteen Sixteen deeply appreciated this reception, after years to come will our lives be refreshed, when, in turning over the pages of memory, we come to the night spent in "Birdland."

A class yell for President and Mrs. Gossard and college yells for the Misses Gossard ended the evening's jubilee.

OFFICERS ELECTED.

At a recent meeting of the Athletic Association the following officers were elected to fill the various managerships that expire this spring—Basketball manager, Ammon L. Boltz; assistant, R. Sloat; baseball manager, Abraham M. Long; assistant, E. Stumbaugh; track manager, P. Shannon; assistant, H. Katerman; tennis manager, W. Isaacs; assistant, Shettle.

Senior Music Recital

The third of the Senior recitals was given May 23, 1916, at 8 p. m. in Engle Hall by Miss Ruth Strickler, soprano, assisted by Miss Fleeda Kettering, pianist, Miss Kathryn Harris, reader. Mr. R. Porter Campbell accompanist. The following programme was successfully rendered to a very large and appreciative audience:

- (a) "Ombra mai fu" (Aria from "Xerxes")Handel
- (b) "Se tu ma' mi".....Pergolesi
- (a) ElegieMassevet
- (b) "Maman, dites moi".....Weckerlin
- (c) "Jeune Fillette".....Weckerlin
- Piano (a) Warum?.....Schumann
- (b) Aufschwung ..Schumann
- Miss Kettering

"My Heart at thy Sweet Voice"..... Saint Saens
(Aria from "Samson and Delilah")

SOPHS WIN INTERCLASS BASEBALL GAME.

The Sophomores triumphed over the Freshmen in the annual class game of baseball, Wednesday, 4 to 0. The game was won by '18 only after a struggle, the game being scoreless until the fifth inning, when loose playing and poor judgement on the part of Freshmen allowed the "Sophs" to score three runs. They scored another run later in the game when Brown hit a three bagger and scored on a single. The first part of the game was a fine pitcher's battle between Jesse Zeigler for '19 and Brown for '18, the latter depended upon speed and the former upon support, and had that support been faultless, we would have had a battle royal. However, both teams performed creditably, on the whole, and the best team was the victor.

E. E. Bender, '18, pastor of the Water Works United Brethren Church, held special Ascension Day exercises on Sunday, May 28. Quite a few students attended.

Mr. Charles Thomas, of Waynesboro, Pa., visited Mr. Brown, '18, over the week end.

Miss Ruth Hughes visited friends in Hershey on Sunday.

The editor solicits contributions and items of interest to the College from the students and Alumnae. All articles for publication should be given or sent to the editor not later than Saturday evening.

Soon, again, we shall have arrived at another landmark in our history, very recently, we shall have again passed a milestone in our journey with the following one rising rapidly in our horizon. But how shall we pass the interim—in idleness or in work. Decidedly let us hope that it shall not be the former, for nothing is so detrimental, nothing so destructive and nothing more devastating to the human organism than the blight of "nothing-to-do." Work is the one great law of nature which is essential to happiness and prosperity. "Nothing for nothing" is nature's motto as it is written on the stars and sod alike,—with its complimentary clause, "Work or Starve," starve mentally, starve physically, starve morally. Some anonymous author left these inspiring words: O! the toils of life!

How small they shall seem when life's resistless tide
Sweeps brightly over them; for
Like the little stones in the mountain streamlet,

They but serve to strike the hidden music from its flow
And make its sparkle visible.

It is well to remember that we either progress or retrograde—there is nothing like a dormant state in the human mind, soul or body and the omission of proper diversion and direction of energy has it absolute fatal negative results.

As to the method of this activity, the liberty of definite suggestion is not here taken, however, a general

hint may be given. The one and greatest method is that of physical exertion or manual labor. Especially since the student's work is mostly mental during the entire term, it is highly essential to have a muscle stimulant to develop both sides of life equally or nearly so. To put a highly developed mind into a thwarted body is a great mistake. To have amassed muscular ability and still lack mental direction is no more favorable to success than the former. Should this, however, be impossible, clerical work is still for disposal and is decidedly better than nothing at all. One may profitably be thus employed with special observation of gymnasium and other sports.

However, whatever may be the various predicaments, let this be born in mind, "To be idle is to be finally miserable in one respect or other."

SOPHOMORES BEAUTIFY CAMPUS

The dandelions on the campus have been an eyesore to some; others have admired them. But everybody has detested the brown spots on the campus. The class of 1918, in its usual zeal for improving the college grounds, wished to make the most badly needed improvement. Thus she decided to resod the bare spots on the campus.

On Tuesday last, the Sophomores appeared in working attire. Some of them even looked rough when they came for their breakfast, which started them on their work. According to the program, arranged by D. E. Walter, "master of ceremonies" all the boys of the gold and black began work at eight o'clock. The work was perfectly organized and the labor of cutting sod, working with pick and shovel, hauling ground and running transfer wagons, was equally divided. Every fellow worked well. Indeed they became so engrossed in their task, that they did not even take time to go to chapel as is their daily habit. The boys worked steadily until eleven o'clock, when the Sophs girls sent out refreshments and nature sent down rain. This forced the boys to slacken their speed. The work, the enthusiasm for which had been damped by the rain, continued for a time after noon. On account of Nature's interference, the boys finished their good work on the following Monday afternoon.

CALENDAR.

May 31—Dual track meet with Juniata at Huntingdon.

June 1—8:00 p. m., annual Junior oratorical contest.

June 2—3:00 p. m., baseball, L. V. vs. Juniata, athletic field. 7:15, Literary Society programs.

June 3—Baseball, L. V. vs. Dickinson at Carlisle; L. V. Reserves vs. Kutztown Normal School at Kutztown.

June 4—9:00 a. m., services in U. B. church; 1:00 p. m., Christian Association meetings.

June 5—Final examinations' week begins.

June 6—Baseball, L. V. vs. Seton Hall at South Orange N. J.; 6:15, students weekly prayer meeting.

Y. W. C. A.

On account of the fact that a large number of the girls were away from college over the week end, the attendance at the Y. W. C. A. service on Sunday was not as good as usual. The service itself, however, was up to the usual high standard in interest and participation of members. The subject "Choosing a Vocation" was ably discussed by Ada Beidler, who emphasized among other things the necessity of efficient preparation for a life work. It was generally agreed that the ideal vocation for a woman was the establishing of a home; and Miss Adams, who spoke very helpfully, brought out the fact that even though not every woman has the opportunity to begin a "little home for two" every woman can feel that she is helping through her work to make good homes. The Y. W. C. A. girls were glad to have two of the members of the Advisory Board, Miss May Belle Adams, and Miss Gertrude Katherine Schmidt present in this service. Every member of the Association is urged to be present at the service next Sunday, the last regular Sunday meeting before vacation.

At the monthly business meeting held on May seventeenth five girls were elected as delegates to the Y. W. C. A. conference to be held at Eagles Mere. They are as follows: Misses Dasher, Showers, Clark, Lorenz and Snyder. The association is fortunate in being able to send such a large delegation this year and will doubtless be greatly benefited thereby.

It is gratifying to note that the new cabinet and the members of the various committees are taking an active part in the work of the association, and that some splendid plans for the work of next year have been made, and are already being worked out. It is evident that the Y. W. C. A. is becoming more of a factor in the formation of character among its members as the years pass. Neither is its influence limited to its own members. Through its gifts to missions and to the National Board and the World's Christian Student Federation, it reaches to many parts of the world and through the work of its members in Eight Weeks Clubs its influence is shortly to be felt among the girls at home. The Y. W. C. A. of Lebanon Valley College deserves the loyal support of all of its members and former members as well as that of the faculty and the student body.

PHILO PROGRAM.

June 2, 1916.

"News from the Political World." Harold Wine; "After the War—Then What?" Guy R. Yarrison; Debate—Resolved that President Wilson should be elected for a second term. Affirmative—George A. Dehuff and Hubert R. Snoke.

Negative—Francis B. Snively and J. Paul Hummel.

Vocal solo—Mark Wingerd; "The Irish Revolt," Charles Horn; "Living Thoughts," Editor.

Mr. Eldridge Stumbaugh entertained his parents and sister from Greencastle, on Sunday.

Y. M. C. A.

"Regrets of My College Life" was the subject of a helpful and interesting discussion by the leader, Mr. H. S. Dando, at the regular Y. M. C. A. meeting on Sunday afternoon. For a Scripture lesson he used Romans the fourteenth chapter, emphasizing the twenty-first verse. Many times we are selfish in our judgments of what is right for us to do. We consider things from the standpoint of whether it will hurt us to do a certain thing and do not stop to reason that perhaps the very act which we intend to do may prove a stumbling-block to some one else. That they did not make use of every opportunity around school is the chief regret of many or all of the Seniors. After this most practical address, the meeting was opened for general discussion; several of the members responding with short talks. Dr. Gosard gave a foreeful address, commending the Seniors on what they had done since they were at school. He emphasized what the speaker had said and urged all to adopt the policy of not doing yourself what you feel would do you no harm but would be harmful to some one else if he would do the same.

Immediately following the regular session, delegates were elected to represent the Y. M. C. A. of this school at the Students' Conference held from June 16th to 26th at Eagles Mere. The following men were chosen: Martin, Deibler, Rutherford, Kratzer, Lefever, Mulhollen; P. Shannon, and Haverstock were chosen as alternates.

STUDENTS VISIT

MOUNT GRETN

With the drowsy heat of early summer and the momentous drone of the bees, the call of the wild comes to the student and lures him back to nature. Many students obeyed the call over this week-end and fled to that old, but favorite retreat, Mt. Gretna. The woods was full of life, from the common dandelion to the wild orchids, from the pesky gnats to the beautiful bluebirds, Scarlet Tanager and Orioles. Saturday and Sunday were delightfully spent in hiking, reading, swimming and general relaxation. Among those who availed themselves of this opportunity were a group of Freshmen girls chaperoned by the Misses Baldwin, the TAT girls, chaperoned by Miss Seaman, and having as guests several of the boys from "Fairview Hall" and two from Lancaster, and a group of friends from various classes chaper-

oned by Mrs. Roy Snyder and Mrs. Leslie. Some were very fortunate in not having examination on Monday, so remained at Gretna to enjoy Decoration Day. The rest reluctantly returned on Sunday evening.

F. & M. Wins Dual Track Meet

Continued From Page 1

run. J. Long took second place in the two mile run and a third in the half mile. Horstick won four third places and deserves praise for his pluck. He got one point each of the following events: 120 yard hurdles, high jump, pole vault, and 220 yard low hurdles. Donahue did 5 feet 2 inches in the high jump and took second place. Shannon was handicapped by a strained tendon in the pole vault and received a second place. Mackert did good work in the shot put and beat out Mucks, a Franklin and Marshall weight man, for third place in the shot-put.

Owing to a bad fall received in the 120 high hurdles, Fulford was eliminated from taking a place in that event. He misjudged his distance and stumbled on his first hurdle, throwing himself to the track and severely cutting and bruising his legs and arms. After his wounds were bandaged, he entered the 220 yard low hurdles and surprised the Franklin and Marshall runners by taking second place in this event.

AMONG THE COLLEGES.

Muhlenberg has decided to send delegates to Eagles Mere this summer. All the colleges of the middle West and Middle Atlantic States were represented last year with the exception of Muhlenberg.

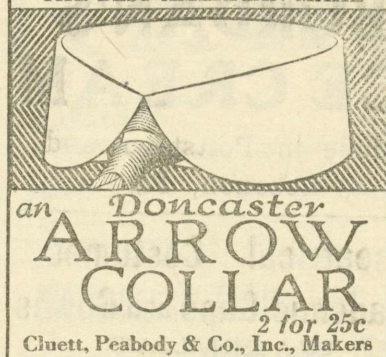

The student conference at Stanford has passed a rule against jeering the visiting teams.

The profits from the May Day Fete at the University of Colorado go towards a new woman's league building. The committee in charge expects to hand over \$1,800.

The Penn State Glee Club has been engaged by the Columbia Graphophone Company to make some records while in New York City.

Miss Edna Seaman has returned to school after visiting her parents at Allentown.

The Reserves, in a well played
game, defeated the Lebanon Inde-
pendents on Saturday, May 27, to
the tune of 8—3. The results of the
game were not in doubt at any stage
of the game. In the eighth inning,
however, Lebanon tied the score at
3—3, while in the ninth the Re-
serves made up for lost ground, by
nilling up five extra runs, leaving
the final score 8—3. The Reserves
deserve credit for the team work
and the showing they made in the
game. H. Wrightstone pitched an
excellent game and displayed fine
qualities.

L. V. PARTICIPATES IN ANN- VILLE'S CELEBRATION

Last Saturday Lebanon Valley was
represented in the parade, a part of
the celebration, held by the Rescue
Fire company of Annville. Due to
the kindness of Mr. Millard and the
enthusiasm of Professor Kirkland,
Lebanon Valley was able to enter
three good-looking floats, among the
many in the long procession. The
wagons were tastefully decorated in
blue and white. The first float bore
dignified Seniors; the second, repre-
sentatives of the various college de-
partments. The third was filled with
Dutch girls, William Penn and In-
dians and Robin Hood men.

The beautifully trimmed floats
were in harmony with the decorated
town. Among the nicely decorated
buildings of the town were Senior
Hall and South Hall. The porch of
the latter building was trimmed
with the American colors and flags

and Lebanon Valley pennants and
banners. Senior Hall made a good
showing.

By parading with the citizens of
Annville and by suitably decorating
its buildings along the lines of pa-
rade, L. V. hopes it has strengthen-
ed its relations with the town.

It is not good to believe in signs,
but when Rarig attends both morn-
ing and evening services and writes
a Bible paper in the afternoon of
Sunday, it looks rather ominous.

Morrison Brothers' machine is
now in a garage undergoing re-
pairs.

COLLEGE NEWS

LEBANON VALLEY COLLEGE

Volume VII.

Annville, Pa., Tuesday, June 6, 1916

No. 33

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

Seven More Victories In Base Ball

The Lebanon Valley nine played and won two games from the American Iron & Steel team Decoration Day on the steel company's grounds, Lebanon. The first game was played in the forenoon and resulted in a 7 to 1 victory for L. V. We were promised a pitcher's battle between Zeigler and Jackson, the latter from the Lebanon team of the defunct Pennsylvania State League but the league pitcher seemed to have missed his calling for twelve solid hits were registered against him. "Gus," on the other hand pitched shutout ball, their only run being scored in the ninth when Haddow procured a home run on what, with perfect fielding, would have been no more than a two base hit.

The afternoon game proved to be more interesting from the stand-

Continued on Page 3

JUNIATA WINS DUAL TRACK AND FIELD MEET

Juniata defeated Lebanon Valley College in a dual track meet on Wednesday, May 31, by the score of 67-59. Throughout the entire meet the score was evenly balanced and it was only in the final part of the meet that the score swerved in Juniata's favor. Captain Von Bereghy, as usual, was a three event winner, scoring first place in the hammer throw, shot put and discus throw. J. A. Long proved a surprise and in a well run race, scored first place in the two mile and half mile and third in the mile. R. McGloughlin scored an equal number of points, taking first place in the 220 yard dash and quarter mile run and third in the 100 yard dash. Evans scored first place in the 100 yard dash and third in the 220 yard dash. J. Donahue broke the school record in the high jump, raising it from 5 feet 4 inches to five feet six inches. He placed second in this event and also second in the broad jump. N. Potter scored second place in the mile run and second in the 2 mile run. C. Horstich won third in the low and high hurdles and third in the pole vault. Fulford although winning second place in the low hurdles was disqualified. P. Williams placed third in the half mile run.

The team was seriously handicapped by the absence of W. E. Mickey, the hammer and discus thrower and had he been present the score would undoubtedly have been somewhat changed. The next dual meet is scheduled with Muhlenberg College on June 6.

Juniors Contest For Alumni Prizes

The Annual Junior Oratorical Contest was held last Thursday evening, June first. The size of the audience and the large number of contestants gives evidence of the fact that this event is each year becoming more popular and at the same time more interesting. It is indeed gratifying to note that there were more orators this year participating in the contest than any previous year since its inauguration by the Alumni Association. It is to be hoped that the number will not decrease in the future. One is very apt to consider the gold prize as the only incentive for participation. All cannot win, those who do not are yet amply repaid for their trouble in the avenue of experience.

All the orations were good from the standpoint of construction and delivery. Each production was the result of concentrated energy and represented the meditative and mature thought of the writer. The orators, in the order they appeared on the program, are as follows: Conservatory, Charles Loomis; The Negligent Citizen, E. D. Williams; The Imperishable One Percent, Edwin Zeigler; The Value of a Man to Society, C. R. Longenecker; The Socialist and the Court, R. W. Williams; True Patriotism, Paul Hummel; The Conquerors, W. E. Daniels; and The New Brotherhood, A. M. Long.

Professor Mudge, of Albright, after making a few well chosen remarks, awarded the first prize of twenty dollars in gold to A. M. Long, the second prize of ten dollars in gold to Paul Hummel, and the third of five

Math Round Table Holds Last Meeting

"Last but not least" may well be said of the Math Round Table meeting on last Wednesday evening. The program began at 6:30, the usual hour, and was a banner one, for the main speaker of importance was Jacob F. Shenberger on the negative of "Should calculus be required in the Chemical-Biological Course." Mr. Shenberger presented very convincing arguments in negating the topic; for, here again, we had one who spoke from experience rather than imagination. The topic was then openly discussed by the members after which the meeting was turned into business session and the following officers appointed for the first semester: President, P. S. Wagner; V. Pres., Joseph Jacowick; Secretary, Ruth Haines; Treasurer, E. H. Zeigler.

EX-NEWS STAFF CELEBRATES.

During the year when material for the news has to be sought and then written up the one ray of joy to the members of the staff is the anticipation of the annual banquet. The banquet on Friday night was held at the Water Works. Professor Shenk, the advisory member from the faculty, took the revellers out in his automobile. Some thought that their appetites would have been keener had they walked but no doubt the proprietor was grateful to Professor Shenk for being so considerate. As dinner was not served promptly on the arrival of the guests, they betook themselves to the lake where Mr. Russell Snavely did the heroic act of getting a row-boat and taking the brave ones for a sail. The lake was beautiful, edged on all sides with luxuriant trees with here and there a locust, white with its fragrant custers of flowers. After a most delightful sail the staff returned to the hotel where a most delicious dinner awaited them. As the various members had been fasting for a week in preparation for this event it is needless to say that they did their duty in relieving the table of its bountiful supply. They were doubly grateful to Prof. Shenk for did not his car facilitate the homeward journey at the wee small hours!

President G. D. Gossard delivered the Baccalaureate sermon for the graduating class of Minersville High School of which Prof. C. E. Raudabus is principle. The graduating class numbers 44 and contains several prospective Lebanon Valley students.

The editor solicits contributions and items of interest to the College from the students and Alumnae. All articles for publication should be given or sent to the editor not later than Saturday evening.

The year of a presidential election is always one of importance, the choosing of the chief executive of a nation numbering one hundred million people is of necessity a grave and important matter. This year, due to the troubled condition of international affairs, this choice has an added significance.

To a very large extent the welfare of the country is dependent upon the principles of the man at its head. If he desires that this country become engaged in war we will have war but if he is of a peaceful character, far-sighted and looking to the best interests of the country we will have peace.

At such a critical time as the present one should think of nothing except as to how he can best serve his country. No question of party or creed should in any way interfere with his decision for surely the patriotism or loyalty a man owes to his country is much greater than any obligation he should feel to any party or organization.

Not only do these principles apply to governmental elections but also, as well to all elections by popular vote whether it is a college, class, society or faculty election.

Always the object should be the election of the person by whose services the organization as a whole may best be served. No two men are ever exactly equal in ability. The qualifications of one are of necessity greater than those of the other and that man who is better fitted should be the one who receives your vote.

The axiom that "the whole is greater than any of its parts" always holds true and should always be borne in mind in the event of an election so that the election will be one of Patriotism rather than of Party Politics.

PUT FIRST THINGS FIRST.

If this is your motto
You will surely succeed
And at the right time
You'll do the right deed.

Great men and women have risen to their height on account of the way in which they did things. They have spent their life in improving their art and indulging in new affairs, while we who are below their standard, grope along the same-beaten path our forefathers have trod, and then wonder why we never attain the far-distant goal of Abraham Lincoln or Harriet Beecher Stowe. If we could ask these, and the many famous people that have adorned history, for the receipt of their success, each one would be able to express it in these words, "I did the first thing first." And even a study of the life of our great Teacher and Example will show the same thing, for did he not, amid ridicules and scorns, rescue an animal, heal the sick, and pluck corn on the Sabbath Day. He with this wonderful knowledge and foresight followed the adage of doing "The first and necessary things first." And why should we overlook so great an example as that, if we wish to make our lives count for something in this world.

When our school-life began at Lebanon Valley College, some of us made the mistake of putting class spirit above the real duty to our fellow-man. Of course since we have become accustomed to college life and studied its ideals, the rough and unrefined corners of our nature have been rounded, and we are being prepared as useful articles in the great-wide world. While this process is going on, many things, seemingly impossible, stare us in the face and we do not know what to do. The best advice is to do the first thing first. Something which especially causes pain, is to find friends who do not have time to go to the Religious meetings, especially the students' prayer-meeting, on the pretext that they must study. They forget or are ignorant of the fact that the Lord commanded them to seek the righteousness of God, and all these things would be added unto them.

Surely everyone will agree that time passes quickly. It is a perpetual motion, we may say, ever moving, but of course not without friction. The friction or wearing away can be noticed on our very beings, but there are ways of doing things by which we can eliminate this friction to a great extent.

Have you ever come in contact with persons who do their work in such a noisy and excitable way, that you yourself have actually become nervous watching them. A smooth running machine has less friction than jerky, rusty one, so if we go about our work calmly, our bodies will meet less fatigue. A good example of doing first things first, can be found in a simple, every-day experiment with which everyone is familiar. To unloosen a knot, find the connection of the different cords

to each other, by pulling the loose end through and through until lo! the knot finally is no knot and "the former things have passed away." So at this time of the year, when examinations are going on and our books seem to us as a big knot of facts which can never be straightened, instead of fussing and pulling on the end of hope, let us sit down and begin to work out the puzzle, with deliberation. Finally we will notice to our great astonishment that if we work at and unravel the knot, the rope will form itself into the following orderly letters, which if we remember, was our help and "first aid" in pulling us through the things not understood in the books. M. D.

Juniors Contest For Alumni Prizes

Continued From Page 1

dollars in gold to W. E. Daniels. These men are to be congratulated for their masterly orations and their ability in delivering the same. Rev. E. O. Burtner, of Palmyra, presided while Rev. J. H. Streng, of Lebanon, offered the invocation. The judges on literary composition and thought were: Postmaster W. E. Schaak, of Lebanon, Prof. M. M. Hoover, and on delivery: Prof. Mudge, of Albright College, Rev. Streng and Prof. Stacey Peters.

The piano solos by Misses Elizabeth Jenkins and Rachael Dare and the vocal solo by Miss Miriam Oyer, intermingled between the orations, merit special mention. These numbers were well appreciated by the audience. The Alumni Association thanks them for their service.

Y. M. C. A.

The meeting on Sunday, which was the last regular Sunday afternoon meeting of the year was very well attended. Mr. Heintzleman, the leader, had selected for his texts Hebrews 12:1-2, and II Timothy 4:7-8. What have we gotten out of this year at school? All of us will go home this summer and will be expected to show that we have profited by our schooling. No brass band will meet us at the train when we arrive home but if some great man would come to that town there would be a great celebration. Why? Not because they are so much different from us, but because they are great on account of their mastery of themselves. We should always try to do what we can to make conditions better in our community. The leader read several interesting poems dealing along the line of his address. Quite a number of the men present took part in the meeting, showing a great deal of interest and enthusiasm. Let us keep up this spirit throughout the remaining days of this school year. In the business session following, the Eagles Mere Conference was the subject for discussion and the following men were elected as representatives: W. Martin, J. Rutherford, W. Deibler, R. LaFever, C. Kratzer; first alternative, O. Mulhollen; second alternative, P. Shannon; third alternative, G. Haverstock.

Seven More Victories in Base Ball

Continued from Page 1

point of the spectator, Lebanon Valley triumphing 5 to 3 only after a ten inning struggle. White was opposed on the mound by "Kid" Matthews, a former L. V. pitcher, and the "Kid" pitched heady ball is evidenced by the fact that although he had not a strikeout to his credit and allowed ten hits, ten innings had to be played to defeat him. White allowed three hits and struck out fourteen, but one of the hits was a home run over right field fence by Hadow.

The Lebanon Valley team had a total of twenty-two hits for the day. Jesse Zeigler, Keating and Buckwalter getting four each and McNelly three.

The scores by innings:

First game—

A. I. & S. Co. . . . 0 0 0 0 0 0 0 1—1
Lebanon Valley . . . 0 0 0 2 3 0 1 0 1—7

Second game—

A. I. & S. Co. . . . 0 0 0 1 0 2 0 0 0—3
Lebanon Valley . . . 0 1 2 0 0 0 0 0 2—5

The Varsity added another baseball game to the list of victories, Friday when Juniata College was defeated 4 to 0. This was Captain Zeigler's game from beginning to end for he pitched wonderful ball. He was robbed of a no-hit game when Ranken hit a single in the eighth inning, and he was the only Juniata player to reach first base. L. V. scored two runs in the first inning on the double squeeze, a third in the seventh on Peiffer's hit and the fourth in the eighth inning on successive two baggers by Swartz and E. Zeigler.

During the past few games Coach Guyer's team has steadily improved in all departments and L. V. is hoping for a victory over Villanova on Wednesday, the last college game.

The score:

JUNIATA.

	R.	H.	O.	A.	E.
Eugh	0	0	1	1	0
Fowler	0	0	2	2	0
Ulleny	0	0	9	0	1

Two base hits—Swartz, Zeigler.
Stolen bases—Bohan. Sacrifice hits—Swartz, E. Zeigler, Buckwalter.
Bases on balls—Off Grote 2. Struck out—By Grote, 7, by Zeigler 12. Umpire—Clemens.

The L. V. Reserves made a successful trip on Decoration Day, tying one game and winning the other. In the morning they played Waynesboro Y. M. C. A. and had to leave to catch a

train for Shippensburg when the score was tied in the tenth 4 to 4. "Bill" Swartz and Mellon were battery mate for the Reserves.

The boys jumped on the train for Shippensburg without changing to citizens' clothes, and won their afternoon game against Shippensburg Normal School 6 to 4 in a fifteen inning struggle. Brown and Peiffer were the battery for the Reserves and deserve much credit for the game.

RESERVES WIN FROM LEBANON HIGH

The Reserves won an interesting game from Lebanon High School at Lebanon, Friday, 3 to 0. Newlyn pitched shut-out ball for the Reserves and had no trouble in winning his game.

RESERVES DEFEAT KUTZTOWN NORMAL

The Reserves journeyed to Kutztown Saturday and defeated Kutztown Normal 4 to 1 in a hard fought contest. Brown and Peiffer were the battery for the scrubs in their third victory of the week. These Reserves are making an enviable record this season.

GLEE CLUB ELECTS OFFICERS.

The Men's Glee Club met in their last business session of the year to transact all business needing attention. The success of the club was splendid. Many new places were reached by the club this year and everywhere they went, they were greeted with appreciation and kindness. Many homes were thrown open for the entertainment of the club, and many friends have been won for L. V. C.

The following men were elected to offices for next year: Manager, Wm. E. Daniels; Pres., D. T. Gregory; Vice. Pres., Leroy Walters; Treasurer, W. E. Deibler; Secretary, Homer Ramsey.

Y. W. C. A.

The last regular meeting of the Y. W. C. A. was led on Sunday by Miss Mildred Dunkle. She brought out very clearly many helpful thoughts and new ideas in her interesting talk on "College Idols." "The ideal of the college should be the one, who by his life and actions can be depended upon to stand for the right." An unusual feature of the program was a vocal solo by Miss Fay Bachman.

COLLEGE NEWS

LEBANON VALLEY COLLEGE

Volume VII. Annville, Pa., Tuesday, June 20, 1916

No. 34

Entered as second-class matter November 12, 1910, at the post office at Annville, Pa., under the act of March 3, 1879

L. V. C. Fiftieth Anniversary Week

Founding of the College Celebrated During the Annual Commence- ment Exercises.

Academy Commencement

The commencement exercises of the Academy held Saturday evening furnished a very fitting prelude to the semi-centennial celebration at Lebanon Valley.

A class of seven was graduated and the manner in which their program was given shows real work is being done in the Academy and that her graduates are ably equipped to take up college work.

The President of the class is Harry P. Baker and the valedictorian, to whom is given a two year's scholarship in College, is Edgar C. Hastings.

The Commencement Orator was Rev. J. T. Spangler, D. D., a graduate of Lebanon Valley and also a member of the faculty from '03 to '09. His address on the temptations which a man must cope with while in school and the success in after life resulting from successfully meeting these temptations, was very interesting and helpful.

The class roll includes: Harry P. Baker, Norman I. Fake, Edgar C. Hastings, Clyde H. Lynch, Oscar C. Mulhollen, James H. Seltzer and Violet E. Shirk.

The program:

March The Uplift
Invocation.... Rev. S. F. Daugherty
Overture Rosalind
President's Address.. Harry P. Baker
The Awakening Race.....
..... Edgar C. Hastings
Concert Norwegian Dance
Historical..... Oscar C. Mulhollen
How Cassie Saved the Spoons....
..... Violet E. Shirk
The Inheritance of the Meek....
..... Clyde A. Lynch
Fantasie..... Diane De Poitiers
Commencement Address.....
..... Rev. J. T. Spangler, D.D.
Presentation of Diplomas.....
..... Prof. S. O. Grimm

March Under Fire

Baccalaureate Sermon

The Annual Baccalaureate Sermon was delivered Sunday, June 11, by Rev. S. D. Faust, D.D., LL.D. Dr. Faust graduated from Lebanon Valley with the class of 1889 and is now honored with the professorship of Church History at Bonebrake Theological Seminary.

The sermon was a masterpiece of English literature and was simply full of food for thought. The subject was "The Kingdom of God and Christian Education."

His text was taken from Luke 11:2 and 11:35. Thy Kingdom Come—Look therefore whether the light that is in thee be not darkness.

"The Kingdom of God is the 'Ideal World' and this ideal world might be considered the aim of all religion, State craft and philosophy."

The Kingdom has a King who is continually influencing the actions of men.

The Kingdom has subjects and as long as these subjects remain faithful to the King so long are they successful and happy in its protection. This accounts for the indescribable eloquence of the prophets of Israel who saw the spiritual needs of the people and the danger of infidelity to the King. These prophets saw the truth but ceased their prophecies when the King himself spoke to men, bidding them heal the sick, raise the dead—and freely give.

This is the field of true altruism. It is a new Kingdom of God which has been formed and which has a new type of citizen, the test of his allegiance being "Ye must be born again."

Turning from the broad conception of education we find another more limited in scope. Let us consider what should be included in Christian Education.

Christian Institutions should have in curriculum Christian features.

That type of Education called "Religious Education" ought to be distinctively Christian.

There has been recently a great movement for the Bible in the schools. It is a promise to make us God fearing men and women.

The Kingdom of God contemplates new social and spiritual order. Chief end of education should be to realize these ends.

Vesper Service

Last Sunday evening the final meeting of the Y. W. and Y. M. C. A. was held in joint session on the college campus. At 6:15 o'clock Mr. Edwin Zeigler, president of the Y. M. C. A., opened the services with a short address, which was followed by the reading of the Scripture and a prayer by Miss Heffelman, president of the Y. W. C. A. The meeting was then left in the hands of the Seniors, many of whom told what the associations, and especially the religious meetings, had meant to them during their college career. The

benefit derived from these services can not be estimated. The high ideals expressed in the various meetings has led many a student to consecrate himself to a life of service. When the meeting was finally brought to a close by the Rev. Mr. Daugherty, the college pastor, a feeling of sadness lingered in the hearts of all those present, for it was probably the last time all the Seniors would be present at an association meeting.

Address to Christian Associations

The Sunday evening service was in charge of the Y. M. and Y. W. C. A. We were fortunate in being able to have with us Rev. J. A. Lyter, pastor of the Derry St. U. B. Church, of Harrisburg, Pa.

His text was taken from 1 Corinthians 2:14. The substance of the sermon was as follows:

There is much difference of opinion as to the nature of God. The agnostic deist atheist and believer all have different opinions. This makes it difficult for the church to keep itself pure.

There are similar difficulties in more understandable things. Blind Tom was an imbecile yet a wonderful musician. McCauley great historian yet poor mathematician.

Man has five senses and each one has a duty. The eye is not asked to hear or the ear to see. But we must be thankful that the eye does see and the ear hear. There is much beauty in nature which we cannot see due to bad sight. But we must have trained eyesight. So in the spiritual world—we must be trained to see its beauties. The man who cannot enjoy things spiritually is not trained in spiritual things.

Religion is marvellously reasonable—and even beyond reason. But arguments to prove the existence of God are useless. They only give us to surmise. We must for certainty use our spiritual powers.

Christ came to show us God and the world has no higher conception of God than Jesus.

He came that man could have a grasp of spiritual things. After the Pentecost men actually knew God due to the quickening power of the spirit.

That which prevents us from having a grasp of the spiritual is worldliness. If any man do His will, he shall know if it be of himself or of God.

Spiritual power is necessary for

The editor solicits contributions and items of interest to the College from the students and Alumnae. All articles for publication should be given or sent to the editor not later than Saturday evening.

It is with a sense of relief that the News Staff at the expiration of another college year lays down their task for a brief period of several months. We have just passed thru one of the most prominent and prosperous years in the history of the institution. We have just celebrated in a fitting way the sequel to this year of activity, coupled as it is with the Fiftieth Anniversary of the founding of the school, in one of the most successful Commencements ever held. Thruout all this time we as a staff have endeavored to make the paper as truly representative of Lebanon Valley as was possible. The sacrifices involved in attaining this end were in most cases cheerfully made. In this last issue, we feel therefore that we have accomplished at least some good for our Alma Mater. This may not have been accomplished by furnishing unknown facts and items to the majority of readers, but by keeping alive the flame of interest in Lebanon Valley, as is possible by keeping in touch with the various phases of college activity. In this last issue, we also wish to extend to faculty, students and friends of L. V. our most hearty wishes for a pleasant and enjoyable vacation.

Senate

In the last meeting of the male student governing body, the Senate, the following men were elected to office for the school year 1916-17: President, Abram M. Long; Secretary, Charles Gemmil.

Address to Christian Associations

Continued From Page

spiritual growth. At Christ's baptism the heavens were open TO HIM because he alone was spiritually fit. A world of spirits open to the spiritual man.

Regeneration is the opening of the spiritual eyes. The Bible and Jesus are of great value to man but spiritual deafness and blindness keep us from a realization of its value. Many deny Christ a place in Science and Literature because they never approach him properly. The Bible is not understood by many because it has no message for them.

If any man lack wisdom let him ask of God Will you try Christ? Thus will you grow and thus will he reveal himself to you.

Conservatory Commencement

The annual Commencement of the Conservatory of Music was held Monday evening, June 12, at 8 p. m. The following program was rendered to a large and appreciative audience, each number being of exceptional merit:

1. Invocation..Rev. N. L. Linebaugh
2. Concerto g minor (1st movement)Saint Saens
Miss Luella Hertzler, 1st piano
Mr. P. M. Linebaugh, 2nd piano
3. Recessional, Octette....de Koven
Misses Ruth Strickler, Miriam Oyer, Lillian Gantz, Ethel Strickler; Messrs. D. T. Gregory, G. M. Greer, J. Ziegler, M. von Berghy.
4. Concerto, Op. 32, b flat minor (Scherzo)....X. Scharwenka
Miss Lillian Gantz (1st piano)
Mr. R. P. Campbell (2nd piano)
5. Aria, "My Heart at Thy Sweet Voice," Samson and Delilah
.....Saint Saens
Miss Ruth Strickler
6. Concerto f sharp minor, Finale
.....Hiller
Mr. P. M. Linebaugh (1st piano)
Miss Luella Hertzler (2nd piano)
7. Presentation of Diplomas by Pres. G. D. Gossard, D. D.
8. Solo and Chorus, "Hear My Prayer"..... Mendelssohn
Miss Gertrude K. Schmidt, soloist

The following members graduated in the various departments: Music, Miss Luella Hertzler, Miss L. Gantz, Mr. P. M. Linebaugh, Mr. R. P. Campbell, Miss Ruth Strickler and Miss Ora Bachman; School of Art, Miss Josephine Mathias, Miss Arita

Ivy Day Exercises

One of the striking features of the Commencement week was the planting of the ivy by the Seniors on Tuesday morning at the Carnegie Library. The exercises opened with the ivy song, composed and sung in a catchy way by the members of the class. This was followed by the planting of the ivy by Miss Heintzleman and the ivy ode by Miss Beaverson. The trowel was presented to the class of 1917 by Mr. Ernst and received by Mr. Boltz. The solemn festivities closed with the Alma Mater and class yell. Everyone enjoyed the occasion and the custom of the ivy planting should be inaugurated at Lebanon Valley.

Twelfth Night

One of the features of the anniversary week was the annual Shakespearean Play, given on Tuesday and Friday evening. The play was under the direction of Prof. May Belle Adams and every character was well represented as well as each part well played. The fundamental plot was the love of Duke Orsino for Queen Olivia. Thus he sent his page, Cesario, a girl disguised as such, to carry his love to the queen. In this errand the queen fell in love with the page who had a supposedly dead brother, Sebastian, that was her exact double, and became engaged to the latter,—whom, also, Antonia had rescued from the sea. The plot thus involves these counterparts in different confused parts with the final result of the duke marrying his own page Cesario and the queen clinging to Sebastian.

Philo Literary Society elected their officers at a recent meeting: Pres., W. W. McConnel; Sec., H. W. Katerman; Cor. Sec., E. F. Castetter; Critic, D. F. Gregory; Judge, C. C. Kratzer; Editor, Paul O. Shettle; Pianist, Joseph Jacowick; Janitor, Mark Wingert; First Asst., Raymond Heberling; Second Asst., J. I. Kretzinger.

Alumni Day

At 10:00 a. m. in the United Brethren church Professor H. Clay Deaner gave a most interesting history of Lebanon Valley College while Rev. R. R. Butterwick talked on the East District and its relation to Lebanon Valley College. After luncheon there was a general hurrying to and fro from the Hall's to the front of the Administration Building where the various classes were gathering for the processional. Every class from 1866 to 1919 had some unique mode of representation. After the classes had formed in order, led by Dr. Gossard, the Honorable Henry C. Houck and the college drum corps, they paraded over the campus and finally wended their way to the church where Hon. Henry C. Houck gave the address of the afternoon. In a manner not unusual Mr. Houck gave to his audience a most pleasing and vivid talk on reminiscences of his

Lebanon Valley College days. He emphasized the impressiveness of such an occasion when the children of Lebanon Valley come back home. His address was followed by short speeches of two to five minutes in length from representatives of each of the classes present. We learned of college pranks, lessons well learned, experiences never to be forgotten and a great deal of good advice.

President Gossard presided at the evening session and with him on the platform was A. S. Kreider, congressman from this district, who introduced the speaker of the evening, Martin G. Brumbaugh, Governor of Pennsylvania. Honorable Kreider, in his introductory remarks spoke of the sturdy Pennsylvania stock of which he is so justly proud. He was not concerned with the style of their bonnets nor the shape of their coats but that they were God fearing and law abiding citizens. Pennsylvanians had honored themselves by having as their representative a man of such breeding, having so great an influence in foreign lands and one of the foremost educators in our own country, Governor M. G. Brumbaugh. When the Governor came before his audience he was greeted by the Chattanooga salute. In speaking of our 50th anniversary, the speaker told us that we were just old enough to be wise and young enough to grow.

Governor Brumbaugh spoke of the evolution of the college, from the infancy of its history which began in 1840 when the Legislature granted appropriations to academies for the purpose of producing trained teachers. In 1854 a School Law was enacted through which High Schools were established at the expense of tax payers. This step necessitated a higher school of instruction. The college proper was the result. Between 1860 and 1870 some rich pioneers established colleges as their contribution to the needs of society. The old discussion ever new was brought before us, Why do we go to college? He contrasted the ideas of being sent and going to college.

As citizens of Pennsylvania and the Republic our duty to society is two fold. (1) We must produce something for the good of others, whether commodity or thought. (2) Not only produce but we must consume some good. Our minds must be trained to enjoy the best in life. Through two types of education, liberal and technical, we can serve and be served the best.

Class Day

To say the least, the class day exercises held in the College Chapel, Thursday, at one o'clock were very successful. The chapel was crowded with persons interested in the class and it is a certainty that everyone enjoyed every minute of the exercises. As was mentioned by one of the class this was the last time before graduation that the entire class would be assembled to joke and have a good time, and they surely had a merry time and caused others to see things in a happy light. After a selection by the college orchestra, the class sang one of its class songs which was followed by the president's address of welcome by H.

Kleffman. Then by means of different scenes presented, the class gave those present an insight into some affairs around the school, and not only did they show these but they gave their opinion of them as well. The scenes were excellently presented and some were very amusing. They presented the intellectual, athletic and social affairs to a marked extent. The last episode was the telling of the future of each member of the class. This was accomplished very uniquely.

After these scenes, H. S. Dando, after an able and forceful oration, presented the Mantle to the Class of 1917. D. R. Fink, '17, in a few well chosen words, accepted the Mantle in behalf of his class. The exercises were brought to a fitting close by the rendition of the class song.

Immediately after the exercises in the chapel, the Daisy Chain procession wended its way across the campus, and in its midst formed the letters L. V. '16 with chains of daisies.

Banquet

The banquet on Thursday evening was up to the highest anticipation. To say that it even surpassed expectation would not do violence to the truth. The exercises of the fiftieth commencement, in their entirety were beautiful and extraordinary in many respects. The banquet proved to be one of the most pleasing features to those who attended. One hundred and eighty plates were the maximum goal that was set. One hundred and eighty-eight however passed through the stile when the doors had to be closed and not another person could be admitted.

The spacious social rooms of the church were beautifully decorated befitting the occasion. The writer never attended a banquet that was served quite as expeditiously. The ladies of the church deserve honorable mention for the delectable menu served, and for the perfect manner in which this preliminary service was rendered.

Many acquaintances were renewed and new ones formed during the social hours coincidentally.

Not least entertaining and edifying were the toasts which followed. Prof. H. H. Shenk acted as toast master. He acquitted himself in his usual, characteristic way and proved himself again an efficient of the toast makers.

The following persons responded to toasts:

Rev. A. A. Long, D.D., of York, Pa., pointedly defined the obligation of the General Conferences of the Church to Lebanon Valley College in particular.

Rev. I. E. Runk, D.D., of Scottdale, Pa., waxed eloquent as he called for a love feast among those who are leaders in the cooperating conferences, and of the college, in order that all might render their full measure of devotion to Lebanon Valley College in her progress and in her increasing needs.

Mr. Horace Krider, A.B., of Pittsburg, Pa., in a humorous and yet serious tone impressed upon all the fact that the college has a reciprocal obligation to the church and state. The college must return a refined and finished product in lives prepared to render the best service to society.

Prof. A. C. Heister, of Franklin and Marshall College, Lancaster, Pa., delivered a scholarly address on the characteristics of truly Christian education. It stimulates a desire for knowledge. It multiplies the capacity to appreciate and love truth, and qualifies for service.

Doctors J. E. Lehman, I. H. Albright, and Mr. Hiram Steinmetz entertained interesting reminiscences.

President Gossard addressed the banqueters on the present and future of Lebanon Valley College most earnestly. His prophetic and hopeful outlook we trust will speedily become fact in a larger, more efficient Lebanon Valley College.

Mr. A. H. Kleffman, president of the of 1916, responded with greet-

ings in behalf of his class in a very happy mood.

A song by the class of 1916 and another by members of 1899 were features much appreciated.

Thus, all happy, breathing out devotion, went forth wishing their alma mater well, determined also to help to bring her into her destined high and honored position.

A. E. SHROYER.

Fiftieth Annual Commencement

The Fiftieth Annual Commencement exercises were held on Friday morning, June 16, at 10.00 o'clock in the United Brethren Church. Although the weather was very disagreeable the church was literally filled with the friends and students of the school. The services were most impressive. After the organ prelude by R. P. Campbell and the Invocation by Rev. Kleffman, of Baltimore, the audience was favored with a vocal solo by Miss Gertrude K. Schmidt, Professor of Voice. The orator of the morning was Hamilton Holt, Editor of the Independent Magazine of New York City. The subject of his address was "The Great War and Peace." Mr. Holt's reputation as a public speaker is well established, and in his address he lived up to his reputation. Various phases of the present war were taken up and discussed; the great destruction caused by war and the prevalent illusions concerning its apparent worth and place in the history of the race. He also adequately took up too the arguments against war and also the

most satisfactory method of obtaining and retaining peace, and concretely applied his discussions to the present war. After the address by Mr. Holt, President Gossard after a few well chosen remarks presented the diplomas of graduation to the fifty-one seniors, all of whom were attired in the regulation cap and gown. The exercise was concluded by a final postlude by R. Campbell, which was up to its usual high standard.

The Pageant

One of the most interesting of all the commencement features was the Pageant. In this event, the students portrayed the Liberal Arts and Sciences and also the five decades of the life of Lebanon Valley College. Due to the inclement weather of Thursday, June 15, on which date the pageant was to be given on the college campus, it was postponed until Friday and was presented in the college chapel. The procession began with a prologue by the Muses, authorizing the festivity. Then followed the procession portraying the various departments of learning. The Department of Bible was represented by the prophets and the Queen of Sheba; the classical languages by a Latin chorus; Philosophy by Socrates and an Athenian youth; the Department of Art. The Sciences in which are included Mathematics, Astronomy, Physics, Chemistry and Biology were represented by various characteristic features, such as the beetle, mosquito, toadstool, etc., for the Department of Biology. In the English Department, several mediaeval characters were portrayed and a scene from "Twelfth Night" presented. German and French scholars presented a scene from "William Tell" and "Jeanne d'Arc" respectively, while History and Economics were portrayed by the early English period, the Pilgrims and William Penn, and the Pastoral, Agricultural, and Handicraft stages and the era of Machine production.

The first decade in the history of the college was represented by the Gingham Apron period, the second decade by a rehearsal of the first class day exercises, the third, by the Twenty-fifth Anniversary in which three acres of land were bought for the college, and the fourth by a fire dance, portraying the big fire of 1904. The last decade was represented by the constituents of the college. The pageant was the first ever attempted in the history of the college and by its high quality and true representation evoked volumes of praise and approval.
